GARDON WATER COMPANY

10/06/04 Met w/ Boyd Bowles, Paris Penfold, Shana and
Claire Ann Hill. Discussed the 17 claims for Gardon
Water Co. (1 omitted - needs written as 22-13325. All original
Ducero Rts were either claimed as combined Rts, by the
priority date, or as individual claims. But, all Rt/claims
are now consecutively numbered 22-13309 through
22-13325. The assignment of consecutive numbers was
done for simplicity of claim administration. All claims
have the same POU, some 4/223³ as which they agree to.
Claim costs were discussed: the agreed fee was determined
by subtracting the 'claim layer' thing in Anclview from the
POU shown by Gardon Water Co. There were 4 or 5 areas
that are questionable and warrant further investigation
on my part.

The 16 claims on-hand were signed and notarized. However,
they were advised not to send in the claims nor the fees
until I have a chance to further review and/or
recalculate due to the 4 or 5 areas discussed above.

I will write 22-13325 (same elements (Priority 1892) as
others) - I'll mail it with a letter explaining the 'adjusted
fees' ie reduced - Thus they can send in all claims with
the fees payment

Re: Omitted claim and final assessment of unpaid acreage

Dear Mr. Bowles:

Pursuant to our meeting of 6 September, I have written the omitted claim 22-13325, it is enclosed herewith.

In addition, pursuant to our discussion of the unpaid acreage fees due for the filing of Garden Water Co. claims I have re-evaluated the acreages. I have found that some of the areas of discussed were showing claims already paid. This is the case, however, the claims are for domestic and/or stockwater, having no acreages associated with them. The claims layer of our Geographical Information System (GIS) simply illustrates the claim with the 40 acre tract designation. I enclose a photomap showing the final fee assessment for your records.

The re-evaluation and final assessment of fees due is as follows:

Total acreage within Garden Water Co service area	4223.30 ac
Acreage paid under other irrigation claims (@\$1/ac)	\$ 732.00
Acreage fees due for Garden Water Co claims (@\$1/ac) .	\$3491.30
Claim fees (17 claims @ \$50.00/ claim)	\$ 850.00
Total fees due	\$4342.00

Please sign the enclosed claim, 22-13325, before a Notary and return it with your check in the above amount.
