MEMORANDUM

TO: Rights 47-02256A, 47-02349A & 47-02358A

FROM: Pam Skaggs^{PS}/State Office

SUBJECT: Transfer 5430

DATE: January 26, 2000

Transfer 5430 adds and corrects the points of diversion and changes the place of use under a portion of Right 47-02256A (split into Parts C & D), and all of Rights 47-02349A and 47-02358A. The transfer proposes to reflect the combined right system of three existing connected wells serving a 304.7 acre permissible place of use.

Region review justified the higher than standard rate of diversion of 0.027 cfs/acre under these combined rights. Possible partial overlap with Twin Falls Canal Co. SRBA claims will be addressed through adjudication review.

Season of use and diversion volume were adjusted to current standards. Recommended conditions include multiple points of diversion & measuring devices, future annual reporting, permissible place of use limits, combined right limits, irrigation overlap and standard transfer conditions.
