15. Basis of Claim: Statutory Claim

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP

Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
 Incomplete forms will be returned.

RECEIVED

FEB 01 2002

**WATER RESOURCES
 WESTERN REGION**

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

Water Right No(s).	Adjudication Claim No(s).	Split	Water Right No(s).	Adjudication Claim No(s).	Split
63-4117	A63-4117	☐			☐
~~63-7094~~	~~A63-7094~~	☐			☐
63-20246	A63-20246	☐			☐
		☐			☐
		☐			☐

2. The following **REQUIRED** information must be submitted with this form:

- A. The appropriate **FILING FEE**. See instructions for fee amounts.
- B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.
- C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions):
PLAT OF PROPERTY or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).
OR
 If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The **AERIAL PHOTO** should be submitted in place of the **PLAT OF PROPERTY** or **SURVEY MAP**.

3. Name and Address of Former Owner/Claimant(s) Greenleaf Water & Sewer Assoc. Inc
(aka Greenleaf Water Assoc) PO Box 444, Greenleaf 83626
4. New Owner/Claimant(s) City of Greenleaf
 Name Connector (Check one): ☐ and, ☐ or, ☐ and/or
- New Mailing Address PO Box 337, Greenleaf ID 83626
- City, State and ZIP Code _____
- New Telephone Number 208) 454-0552
5. Date you acquired the property January 3, 2002

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.

DESCRIPTION OF YOUR PORTION OF WATER RIGHT (If the right(s) will not be split, skip this area and proceed to item 7)

TRANSFER OF PERSONAL PROPERTY

Transferor: Greenleaf Water & Sewer Association, Inc., an Idaho non-profit corporation, formerly known as Greenleaf Water Association, hereinafter referred to as "Association",

Transferee: City of Greenleaf, an Idaho municipal corporation, hereinafter referred to as "City":

The Greenleaf Water & Sewer Association, Inc., of PO Box 444, Greenleaf, Idaho 83626, in consideration of and pursuant to the terms and conditions of that certain agreement by and between the Association and the City entitled "Agreement For The Transfer of Assets From Greenleaf Water & Sewer Association To The City of Greenleaf" dated the 4th day of December, 2000, does hereby transfer and deliver to the City all of its right title and interest in and to the following described personal property to wit:

- (1) The structures, wellhouse and tank located at 20803 N. Friends Road, and all contents thereupon or therein;
- (2) The structures, wellhouse and tank located at 21325 W. Harmony Lane, and all contents thereupon or therein;
- (3) The structures, wellhouse and tank located at Academy Road, and all contents thereupon or therein;
- (4) The structures, wellhouse and tank located at 20654 Hillcrest Drive, and all contents thereupon or therein;
- (5) One (1) NEC Superscript 860 Printer;
- (6) Nine (9) Boxes containing documents pertaining to Association affairs.

Association covenants and agrees to warrant and defend the transfer of the above described personal property unto City and its assignees against all persons who claim such property.

In witness whereof, the duly authorized agent of the Greenleaf Water & Sewer Association, Inc. has executed this instrument at RAMPA, Idaho.

DATED this 3rd day of January, 2002.

GREENLEAF WATER & SEWER
ASSOCIATION, INC.

By: Mike Thomas

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA

Case No. 39576

) Subcase No. 63-4117

) STANDARD FORM 5

) STIPULATED ELEMENTS OF A
) WATER RIGHT

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

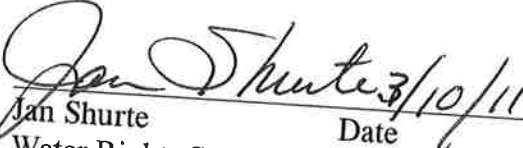

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

Subject: RE: City of Greenleaf - 63-4117 & 63-20246

Jan,

I talked with Carl Withroe this afternoon concerning the Greenleaf claims. He and I agree it is time to circulate an SF5 for Subcase No. 63-4117, based on the draft you provided via email back in July. (The recommendation of subcase no. 63-20246 will remain "Disallowed").

The City of Greenleaf has tried very hard to find and provide additional information to support their claims. Unfortunately, like a lot of small towns, many City records simply don't exist. We believe Greenleaf has provided the best available information to IDWR at this time.

Let Carl or me know of any questions concerning the SF5.

Thanks!

Roxanne

Subject: FW: City of Greenleaf - 63-4117 & 63-20246

Roxanne,

I got your voice message concerning the City of Greenleaf. Here is the email I sent to Carl Withroe outlining how I would make the recommendations with the information we have. We had a status conference and the City had a deadline of October 29th to submit any further information they have. Nothing has been submitted, so the following remains the same.

After you study this, let me know if you would still like to meet to discuss.

Attachments: 63-4117.RTF

Hi Carl,

After the last status conference for the City of Greenleaf my assignment was to review and make recommendations on the outstanding sub cases for the City of Greenleaf as listed above.

After reviewing everything I found the following:

63-4117 – Based upon copies of the Friend’s Church meeting notes from 1-15-1916 showing that fees were being charged at that time for a water system I am willing to recommend this right with a 1-1-1916 priority date. This right is being recommended for the Academy well based on information received that it is the oldest well the City of Greenleaf has still in use. The amount of water will remain at .1 cfs based upon an email received 12-13-2006 from the City Clerk for Greenleaf which stated that the Academy well diverts 45 gallons per minute or .1 cfs. This was also the basis for the recommendation in the Director’s Report. The place of use will be within the service area of the City of Greenleaf. Attached is a Draft SF5 for this right.

63-20246 – This right must remain disallowed as recommended in the Director’s Report. The Academy well is the only well justified to date back to 1916. All other wells were drilled after the mandatory permit filing date of March, 1963 and are covered as follows:

Harmony Well #1 – covered by Water Right No. 63-7094 dated 4-22-1968. Well constructed in 1967 per well log. *PER*

Harmony Well #2 – covered by Water Right No. ~~63~~-31787 dated 8-15-2003. Well constructed in 1984 per well log. *FIELD*

Hillcrest Well – covered by Water Right No. 63-7094 dated 4-22-1968. Well construction indicated as being 1966 per water right file. *EXAM ON*

Friends Well – covered by Water Right No. 63-31787 dated 8-15-2003. Well constructed in 1990 per well log. *1/29/09*

Butler Well – covered by Water Right No. 63 – 31787 dated 8-15-2003. Well constructed in 2005 per well log.

The total cfs allowed under these rights will be as follows:

63-4117 - .1 cfs – Academy well

63-7094 - .21 cfs – Harmony well #1 and Hillcrest well

63-31787 – 1.0 cfs permit (no adjudication claim needed) for Harmony Well Nos. 1 and 2, the Friends well and the Butler well. Field exam indicates capacity sufficient to fulfill permit’s 1.0 cfs.

Total cfs – 1.31 cfs or 588 gpm

Please review this with your clients in preparation for the upcoming status conference on August 3rd. If you have any questions, please feel free to contact me.

City of Greenleaf – Objection Resolution for 63-4117 & 63-20246

63-4117 – Copies of the Friend's church meeting notes from 1-15-1916 were submitted showing that there were fees charged at that time to maintain a water system. The City of Greenleaf was not incorporated until 1973 and in the early 1900's Greenleaf was a community mainly including the Friend's church members. Changed priority to 1-1-1916 since it appears the water system was already in place on 1-15-1916. It is impossible to find any information as to the rate of diversion for the Academy well (NWNE, S.21, T4N, R4W) in 1916. I am leaving the .1 cfs originally recommended in the Director's Report on this recommendation. The only data we have on the flow rate for this well is the email from the City Clerk dated 12-13-2006 indicating the Academy well produces approximately 45 gpm or .1 cfs. Recommended for municipal use within the city limits. Note: this well is now used for irrigation due to water quality issues. It is ran by the City and used to irrigate land for which the Wilder Irrigation District water cannot reach (also from email dated 12-13-2006).

63-20246 – This right must remain disallowed as recommended in the Director's Report. The Academy well is the only well justified to date back to 1916. The other wells are covered as follows:

Harmony well #1 – covered by water right no. 63-7094 dated 4-22-1968 (well constructed in 1967)

Harmony well #2 – covered by water right no. 63-31787 dated 8-15-2003 (well constructed in 1984)

Hillcrest well – covered by water right no. 63-7094 dated 4-22-1968 (

Friends well – covered by water right no. 63-31787 dated 8-15-2003 (well constructed in 1990)

Butler well – covered by water right no. 63-31787 dated 8-15-2003 (well constructed in 2005).

63-4117 - .1 cfs – Academy well – 1-1-1916

63-7094 - .21 cfs – Harmony well #1 and Hillcrest well.

63-20246 – Disallowed

63-31787 – 1.0 cfs permit (no adjudication claim needed) which includes the Harmony well Nos. 1 and 2, the Friends well and the Butler well. Field exam indicates the 1.0 cfs permit could be licensed for 1.0 cfs.

Total cfs – 1.31 cfs or 588 gpm.

2. awarntje 9/25/2006 Contact
Comment: Ownership changed by DB 3/13/2002

3. awarntje 9/25/2006 Wells
Comment: Desc. of diverting works - 3 main wells, 2 back-up wells. The 2 main wells have 2-10 hp pumps in 1 well, a 5 hp pump in the other well, and the new well has no pump in it at this date.
Two back-up wells are not presently used, but will be if any problems occur with the other 3 wells. Mainline to 100,000 gal storage tank which has a 10 hp pump w/mainline to the city.

4. jshurte 7/21/2010 Obj Resolution
Comment: Objection resolution. Changed priority date to 1-1-1916 based on the Friends Church meeting notes from 1-15-1916 which show a fee being charged for the water system. The Academy well is being shown on this right as it was the first well drilled and still in use for municipal purposes by the City of Greenleaf for irrigation only due to water quality. No change in cfs due to no documentation submitted refuting the email from the City of Greenleaf dated 12-13-2006 stating the Academy well diverts approximately the same as the Friends well or 45 gpm or .1 cfs. This right was recommended for .1 cfs in the Directors Report and the objection filed only to the priority date.

History of Greenleaf

The first settlers in the Greenleaf area were dry land farmers who came to homestead on the fertile agricultural land shortly after 1900. The soil quality was so good that the first orchards in the region watered their fruit trees with water carried by horse-drawn wood water tanks from nearby rivers. Farming and settlement expanded with irrigation projects in the early 1900's. A rail spur extending from the main line in Caldwell, Idaho through Greenleaf to the City of Wilder was put in, with original plans of expansion to San Francisco, California that did not come to fruition.

A significant number of the early settlers were Quakers, who started the Greenleaf Friends Church in 1906, and the Greenleaf Friends Academy in 1908. The Academy continues to be the largest employer in the city. Although the name 'Mountain View' was considered for the community due to visibility of mountains to the North, East, and South, the community took the name Greenleaf after the Quaker poet and abolitionist John Greenleaf Whittier.

In the 1920's, public transportation by rail was available from Greenleaf to Boise and most points between, utilizing a connection in Caldwell between the rail spur through Greenleaf and the Inter-urban mass transit system that extended throughout the Treasure Valley. Greenleaf continued to develop a commercial center along the rail spur through town, developing businesses including a general store, a creamery that specialized in ice cream, and a lumberyard.

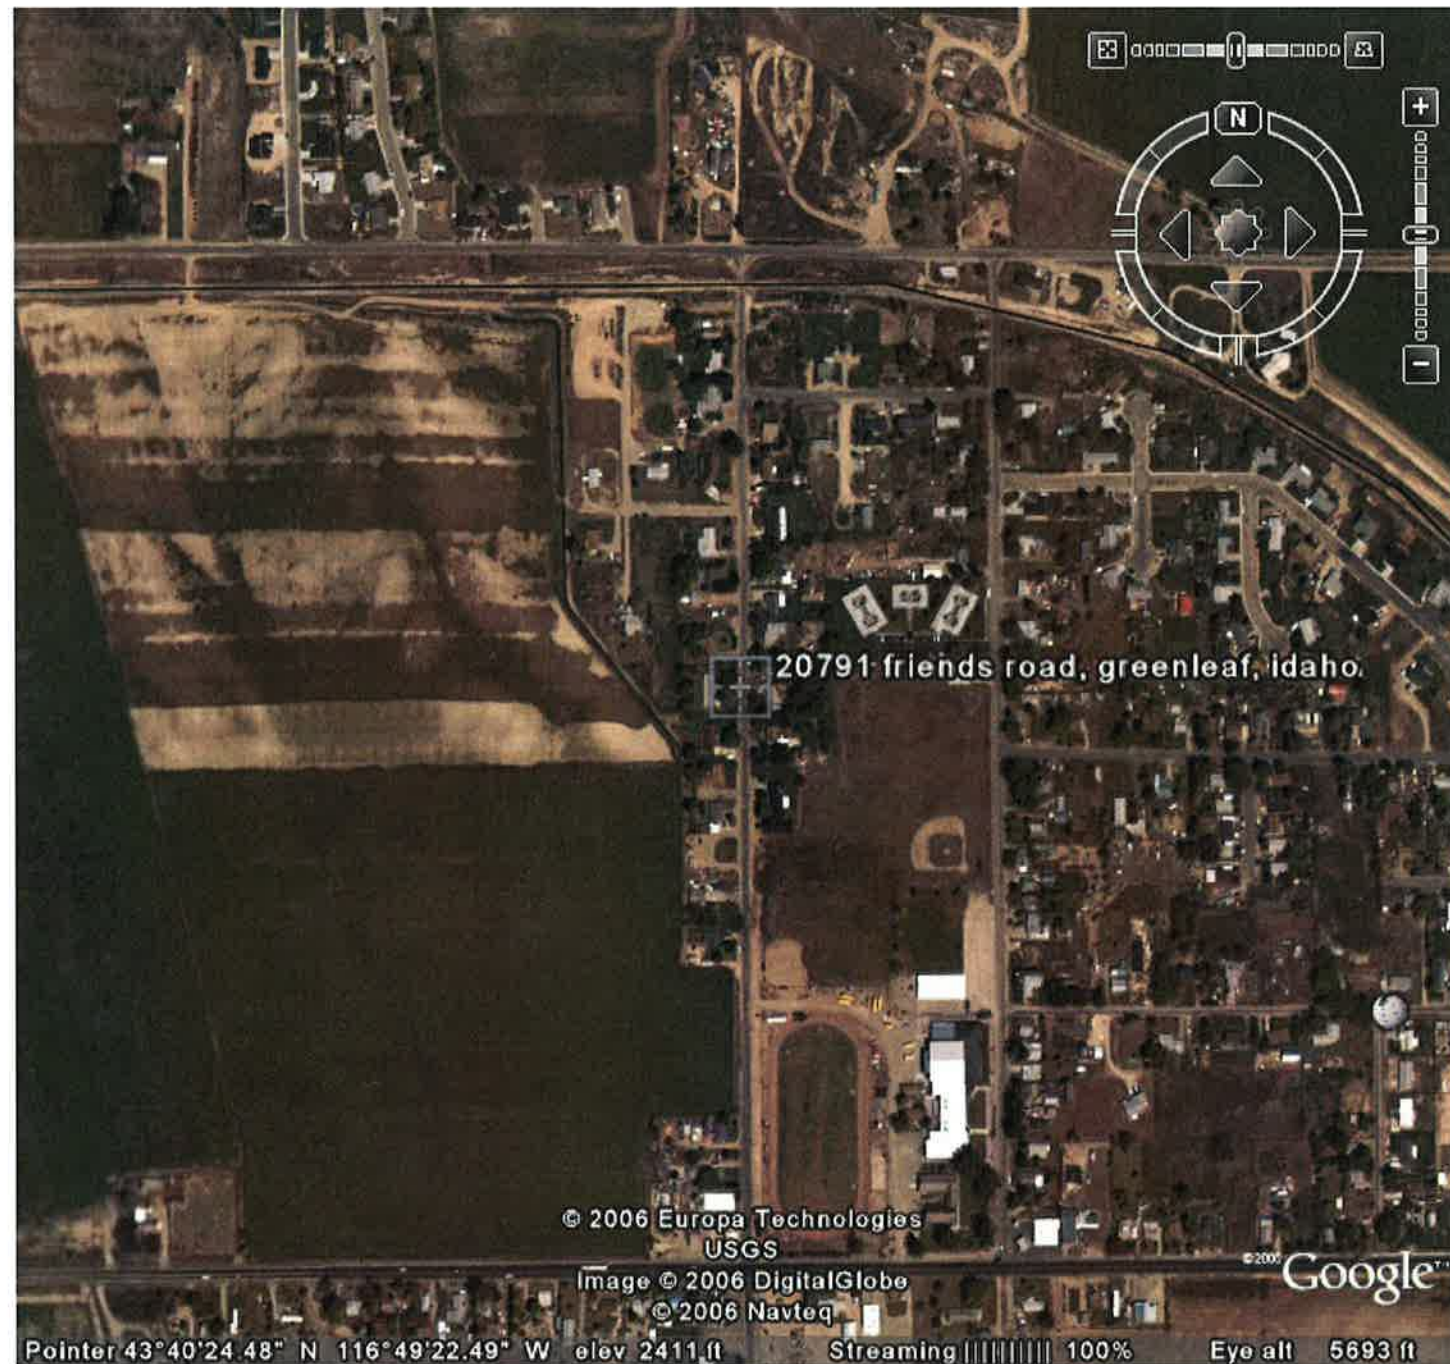

The commercial center shifted away from the rail spur as State Highway 19 (SH-19) developed, the Inter-urban ended operation and use of the rail spur declined. In time, the creamery and lumberyard ended operation. The original wood frame Greenleaf Store building was moved to the present location on SH-19, later replaced by the current block structure.

Throughout the city's history, a vast diversity of agricultural crops have been grown in the Greenleaf area. These include many different seed crops, hops, sugar beets, onions, and mint, along with orchards of apples, cherries, and other fruit varieties. There are also cattle and dairy operations, and more common row crops, such as wheat, corn, and barley, are also grown in the area.

Due to the fierce spirit of independence and close-knit culture of the community, incorporation as a city was not a priority. The City of Greenleaf incorporated in 1973 in response to the potential need for a community sewer system. With a water and wastewater improvement bond levy election in 2000, the city took ownership and responsibility for a water system and wastewater collection system operated to that point by a private water and sewer association.

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
APPLICATION FOR TRANSFER OF WATER RIGHT
PART 3

A. Draw a map or attach a USGS map indicating the new point(s) of diversion and/or the new place of use for rights described in part 1. Clearly depict the land by section, township and range number.

PART 1

6. General Information:

a. Description of diversion system 3 WELLS, 3 MAIN WELLS & 2 BACK-UP WELLS. MAIN WELLS ARE LOCATED IN THE NE NW, S W NE & SENE WITH BACK-UPS IN THE NW NE & S W NE. ALL PUMP TO A 100,000 GAL. STOR. TANK W/10 HP PUMP & MAINLINE TO CITY. (MUNICIPAL USE)

b. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts? N/A Yes _____ No. If yes, provide a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes.

c. Describe the affect on the land now irrigated if the place of use is changed pursuant to this transfer:
N/A

d. Remarks: - AMENDED TRANSFER RESULTED DURING CLAIMS TAKING - DAMED IS ACTUALLY A BACK-UP well. (WELL IN THE NONE) I WELL THOUGHT TO BE A MAIN - IN THE ADJUDICATION CLAIM NO. 63-0411? HAS BEEN SPLIT INTO TWO CLAIMS - 1 FOR THE 1907 PRIORITY (A63-04117) & 1 FOR THE 1910 PRIORITY (A63-26246). ALL 3 CLAIMS SHOW THE 5 POINTS OF DIVERSION THIS TRANSFER APPLIES FOR.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Transfer of Water Rights No. 63-4117/7094
And said application is hereby APPROVED, subject to the following limitations and conditions:

1. The maximum combined rate of diversion under these rights shall not exceed 2.21 cfs.
2. Approval of this transfer in no confirms the right claimed under Right 63-4117.

Witness my hand this 25th day of May, 19 90

D. FLOW MEASUREMENTS

1.

Measurement Equipment	Type	Make	Model No.	Serial No.	Size	Calib. Date
Butler Well	magnetic meter	Siemens	Sitrans FM Magflow Mag3100W	7ME 635 148035T336	8-inch	New in 2006
Harmony 1	propeller meter	McCrometer		01-00334-2.5	2.5-inch	Rebuilt 10/07
Harmony 2	propeller meter	McCrometer		00-09665-4	4-inch	
Friends	turbine meter	Sensus	Z-13	55911035	2-inch	

2. Measurements:

Butler Well – The Butler well pump was operated at full speed (60 hz) for approximately 30 minutes and produced an average flow of 650 gpm (magnetic flow meter) from a pumping water level of approximately 205 feet (transducer reading) below ground surface. The well was pumping to the Butler storage tank.

Harmony Well 1 – The Harmony Well No. 1 was operated at 34 gpm (based on average of total metered flow over ten minutes) while pumping to the Harmony storage tank.

Harmony Well 2 – The Harmony Well No. 2 was operated at 140 gpm (based on average of total metered flow over ten minutes) while pumping to the Harmony storage tank.

Friends Well – The Friends Well was operated at 61 gpm (one minute total metered flow) while pumping to refill the pressure tank at a well pump discharge pressure of 45 psi. The well pump also produced 68 gpm at a discharge pressure of 25 psi.

Total measured flow into municipal water system from all sources was 885 gpm (650+34+140+45) or 1.97 cfs.

E. NARRATIVE/REMARKS/COMMENTS

The City of Greenleaf municipal water system consists of four operating wells (Butler, Harmony No. 1, Harmony No. 2, and Friends). Well driller's reports are attached. A fifth City well (Academy) is currently used as part of the City's municipal irrigation system, and is not connected to the municipal water system. A sixth well (Hillcrest) is out of service. The wells pump to two storage tanks (Harmony and Butler). Booster pumps at the tanks provide system pressure for normal operations and fire flow. The system can provide fire flows in excess of 1500 gpm.

The Butler Well was constructed in 2005. The well is constructed with 10-inch casing and well screen to a total depth of 488 feet. The well is equipped with a 75-hp submersible pump with a reported setting depth of 300 feet. The well discharges through a pitless adapter with 8-inch diameter pipe through a pump house and then to a 221,000-gallon storage tank. Water from the storage tank is delivered to the distribution system by two booster pumps of 20 hp and 100 hp. Magnetic flow meters are used for flow monitoring. All pumps are variable speed.

The Friends well was constructed in 1990. The well is constructed with 12-inch and 6-inch casings and 6-inch well screen to a total depth of 285 feet. The well is equipped with a constant speed 15-hp submersible pump. The pump discharges from a pitless adapter through 2-inch piping to a well house. An adjacent structure encloses a 1000-gallon hydropneumatic tank. Piping from the well house connects directly into the City distribution system.

The Harmony No. 1 well was constructed in 1967. The well is constructed with 12-inch and 8-inch casings and 8-inch well screen to a total depth of 300 feet. The well is equipped with a constant speed 10-hp submersible pump. The pump discharges within the well house through 3-inch piping, and then to the 10,000-gallon Harmony tank. Water from the storage tank is delivered to the distribution system by two booster pumps of 15 hp each.

The Harmony No. 2 well was constructed in 1984. The well is constructed with 12-inch, 8-inch, and 6-inch casings and 6-inch well screen to a total depth of 233 feet. The well is equipped with a constant speed 15-hp submersible pump. The pump discharges from a pitless adapter to the well house through 4-inch piping, and then to the 10,000-gallon Harmony tank. Water from the storage tank is delivered to the distribution system by the two booster pumps.

Have conditions of permit approval been met? ___ yes ___ X no

Water-bearing zone on permit is 150 to 400 feet. Water-bearing zone developed was 182 to 488 feet (based on screen intervals for all wells). Recommend changing water-bearing zone to 150 to 500 feet. All other conditions have been met.

F. FLOW CALCULATIONS

Additional Computation Sheets Attached

Measured Method: flow meters with theoretical calculation check

Butler Well – 650 gpm measured; 832 gpm theoretical (250' TDH, 75 hp, 70% efficiency)
Friends Well – 61 gpm measured; 129 gpm theoretical (300' TDH, 15 hp, 65% efficiency)
Harmony No. 1 Well – 34 gpm measured; 79 gpm theoretical (300' TDH, 10 hp, 60% efficiency)
Harmony No. 2 Well – 140 gpm measured; 119 gpm theoretical (300' TDH, 15 hp, 65% efficiency)

Total Flow = 1.97 cfs (885 gpm) measured and 2.58 cfs (1,159 gpm) theoretical
Flow calculation does not include Academy Well which is connected to the municipal irrigation system; estimated Academy Well capacity is 0.10 cfs for purposes of SRBA recommendation
Well capacity under other water rights: 0.31 cfs (63-7094 = 0.21 cfs, 63-4117 = 0.10 cfs) *

Total Municipal Water Flow (1.97 cfs measured plus 0.10 cfs Academy estimate) minus other water rights (0.31 cfs) = 1.76 cfs; 1.0 cfs flow available under this permit
*Determined Above **

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) =$
 $V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 =$
 $V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} =$

2. Volume Calculations for Other Uses:

Potential Volume: 1.0 cfs x 365 days x 1.9835 af/cfs-day = 724 afa
Volume not applicable for a municipal water right

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Municipal	1/1 12/31	1.00	N/A

2. Recommended Amendments

___ Change P.D. as reflected above ___ Add P.D. as reflected above ___ None
___ Change P.U. as reflected above ___ Add P.U. as reflected above ☒ Other

Change water-bearing zone from 150 to 400 feet to 150 to 500 feet.

GROUND WATER	NENW	Sec. 21	Township 04N	Range 04W	CANYON County

Place(s) of use: No POUs found for this right

Conditions of Approval:

1.26A	Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
2.046	Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
3.	Water bearing zone to be appropriated is 150 to 400 feet.
4.01M	After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
5.102	The right holder shall not provide water diverted under this right for the irrigation of land having appurtenant surface water rights as a primary source of irrigation water except when the surface water rights are not available for use. This condition applies to all land with appurtenant surface water rights, including land converted from irrigated agricultural use to other land uses but still requiring water to irrigate lawns and landscaping.
6.124	Place of use is within the service area of the City of Greenleaf municipal water supply system as provided for under Idaho Law.
7.121	The Director retains jurisdiction to require the right holder to provide purchased or leased natural flow or stored water to offset depletion of Lower Snake River flows if needed for salmon migration purposes. The amount of water required to be released into the Snake River or a tributary, if needed for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this permit.

WELL DRILLER'S REPORT

State of Iowa

This report to be filed with the Director, Department of Water Resources, within 30 days after the completion or abandonment of the well.

1. WELL OWNER

Name: Greenleaf Water Corp.
Address: Greenleaf, Ia. 52526
Owner's Permit No. 6584-C-0037000

7. WATER LEVEL

Static water level 75 feet below land surface
Flowing? ☐ Yes ☒ No G.P.M. flow _____
Temperature _____ °F. Quality _____
Artesian pressure in pounds _____ p.s.i.
Controlled by ☐ Valve ☐ Cap ☒ Plug

2. NATURE OF WORK

☒ New Well ☐ Deepened ☐ Replacement
☐ Abandoned (describe method of abandonment)

8. WELL TEST DATA

☐ Pump ☒ Bailor ☐ Other no Test
Discharge G.P.M. _____ Draw Down _____ Head Feet _____

3. PROPOSED USE

☒ Domestic ☐ Irrigation ☐ Test ☐ Other (specify type) _____
☐ Municipal ☐ Industrial ☐ Stock ☐ Water disposal or injection

4. METHOD DRILLED

☒ Cable ☐ Rotary ☐ Dug ☐ Other

5. WELL CONSTRUCTION

Diameter of hole 12 inches Total depth 233 feet
Casing schedule: ☒ Steel ☐ Concrete
Thickness _____ Diameter _____ From _____ To _____
2.50 inches 12 inches 12 feet 127 feet
2.50 inches 8 inches 174 feet 190 feet
2.50 inches 6 inches 222 feet 233 feet
Inches _____ Inches _____ Feet _____ Feet _____
Inches _____ Inches _____ Feet _____ Feet _____
Was casing drive shoe used? ☒ Yes ☐ No
Was a packer or seal used? ☒ Yes ☐ No
Perforated? ☐ Yes ☒ No
How perforated? ☐ Factory ☐ Knife ☐ Torch
Size of perforation _____ inches by _____ inches
Number _____ From _____ To _____
perforations _____ feet _____ feet
perforations _____ feet _____ feet
perforations _____ feet _____ feet

Well screen installed? ☒ Yes ☐ No
Manufacturer's name Teknicon
Type PS Model No. 704 Standard
Diameter 12 Slot size 36 Set from 182 feet to 222 feet
Diameter _____ Slot size _____ Set from _____ feet to _____ feet

Gravel packed? ☒ Yes ☐ No Size of gravel #8
Packed from 171 feet to 233 feet

Surface seal depth 18 Material used in seal ☐ Cement grout
☒ Pudding clay ☐ Well cuttings
Sealing procedure used ☐ Shure-pit ☐ Temporary surface sealing
☒ Overlays to seal depth

6. LOCATION OF WELL

Sketch map location must agree with written location.

SHOWS HOW SYSTEM SET UP

April 1-1954

Mr. Earl Barker,

To Share Owners of Greenleaf Pumping System:

The board of directors having met this 13th day of March, 1954, did adopt the following schedule for water rates:

1. A house vacant 3 months or longer 25 cents per month.
2. No bathroom facilities - limit 2 people \$1.25 per month
3. " " " " 3-6 " \$1.50 " "
4. With " " " 2 " \$1.50 " "
5. " " " " 3-8 " \$1.75 " "

For livestock:

Cows over 2 years old	15	cents	per	head	per	month
Young cattle 6-15 months old	5	"	"	"	"	"
" " 15-24 "	10	"	"	"	"	"
Hogs "	5	"	"	"	"	"
Chickens per 100 head	10	"	"	"	"	"
Horses	15	"	"	"	"	"

The reason for increase in rates:

1. To replace the old rusty pipe, especially the old line leading from the main tank.
2. To build up a reserve for improvements and repairs.
3. To make it possible to pay for maintenance and secretarial work as needed.

C. M. Crew has been appointed by the board to serve as maintenance man.

Margaret Longstroth has agreed to serve as secretary-treasurer.

Statements will be mailed quarterly and water bill will be due 15 days after mailing. Property owners will be held responsible for water bill.

Signed,

Mary Williams

Chairman

Hi Andrea – the meeting went very well. I received some minutes from meetings showing evidence that there was a water system in place that had billings due in 1916. We talked about supporting 1.0 cfs for a 1907 right and 1.0 cfs for a 1910 right. The fact that the Greenleaf Friend’s Church came in 1906 and the Academy in 1908 helps. They had to have water for the people living there and the church and school. No surface water is near enough that they could have used anything other than groundwater. I am attaching a history of Greenleaf that I found that supports what I was told yesterday. They are looking for information on the old water system in place – figuring it was coal fired or gasoline ran motors on hand dug wells. It could have been in this case. Anyway, the short side of it is that I feel once they submit the rest of what they are looking for I will be able to recommend these rights. From a field exam completed on a new right in 1/2009, if these rights are recommended along with the new one they will be completely covered for their current uses. We will not be going to trial on this one and they are very excited about getting me historical writings from their archives to support this. So, happy news! Have a great holiday and enjoy your time away from here. Jan

Subject: RE: Water Right Information Needed

Hi Dave!

Flow rates are as follow. Please let me know if you need these converted from gallon per minute (gpm) to cfs (cubic feet per second).

~~Academy well #1~~ - 1002 - 1 well
 Academy well #2 -- unknown -- no flow meter at well site
 Academy well #2 -- unknown -- no flow meter at well site -- believed to be approximately the same as the
 Friends well
 Harmony well #1 -- 35 gpm
 Harmony well #2 -- 140 gpm
 Hillcrest well -- unknown -- no flow meter at well site -- believed to be approximately the same as the
 Friends well
 Friends well -- 45 gpm
 Butler well -- site not yet on-line -- Hydrologist estimated 500 gpm production when well was dug

Again, thank you for your assistance. Please let me know if there is any other information I can provide.

Subject: RE: Water Right Information Needed

Hi Dave!

Thank you for working with Doug Amick, our Public Services Director, while I was out of office yesterday. I did receive a fax from Idaho Power with start and end dates for Greenleaf Water Association electric power accounts, and have attached a scan of this for you.

I figure you need some more background, and I appreciate your efforts to help us get you the info

Show 0.1 cfs (no flow
 for academy well site
 for 63-4117.

Dave

HARMONY #1 & 2 = 17.5
 FRIENDS - 45
 HILLCREST - 45

12/13/2006

you need to make an accurate recommendation. The city has four well sites; Academy, Harmony, Hillcrest, and Friends. A fifth well site, Butler, should go on-line for municipal water in the spring of 2007. At that time, I expect the Butler site to become primary source for municipal water, with Harmony supplementing as the main secondary site.

Academy and Hillcrest sites do not have flow meters, so we do not have current or past flow data for these sites. I think that the Friends site (.210 cfs) produces about the same as the Academy and Hillcrest sites do individually. There are two wells at the Academy site, and two wells at the Harmony site. Hillcrest and Friends sites have only one well at each site. The 63-7094 water right appears to be tied to the Friends well site. I think the 63-4117 and 63-20246 water rights would apply to the other three sites (5 wells total), but I do not know what water right(s) apply to which sites/wells.

By far, the largest producing well site currently on line is the Harmony site. Due to water quality issues that make the water unpalatable (we have high iron & magnesium levels, and some sulfur), the Academy well site no longer feeds into the municipal water system, and has not for many years (since sometime in the 70's or early 80's). We have used water from one of the wells at the Academy site to supplement city irrigation water as needed during the summer. The city operates a municipal irrigation system covering the majority of the city limits. It is a gravity-feed system receiving water from the Wilder Irrigation District. There is a 'high point' in the system near the Academy well site that makes irrigation water delivery problematic in that section of town during the peak of the irrigation season.

Because water from the Hillcrest site has not been needed to supply the municipal water system for approximately three years, and because of water quality issues, we disconnected the Hillcrest site from the municipal water system approximately a year ago. There has been discussion of re-plumbing the Hillcrest site to supplement the irrigation system.

My public services director is out of the office at the moment, but we will pull flow records for the Harmony and Friends well sites this afternoon and get this information to you. Do you require that flows be reported in cfs, or is gpm acceptable? I think our meters are scaled to gpm, but we can do the math to convert to cfs if necessary.

Of course, my Mayor and Council desire that the City have water rights for municipal water that are as secure as possible in the upcoming adjudication process. My cell phone number is 880-4061. Please let me know if there is anything else I can do to assist.

Thank you,

Lee C. Belt
Greenleaf City Clerk

Subject: Water Right Information Needed

Dear Lee Belt,

Thank you for your letter dated Dec. 6, 2006. Based on the information that you have provided, I am prepared to recommend water right no. 63-4017 with a date of priority of 7/1/1938 (Jan 1 is too early in the year to be realistic). All that I need is flow information for the Academy well. If you can provide this information to me by 5 pm on Monday, Dec 11, I will modify the recommendation accordingly.

Please call me at 287-4805 if you wish to discuss.

Regards, Dave Tuthill

Memorandum

To: City of Greenleaf Recommendations

From: Dave Tutthill

DATE: Dec 9, 2006

RE: Assessment of Information Provided

The letter dated 6 Dec 06 from Lee C. Belt is helpful, but it does not provide flow information.

If he can provide this quickly for the Academy Well, we can recommend 63-4617 with a date of priority of 7-1-1938 with that rate of

flow. 63-20246 remains recommended for disallowance.

I tried to leave a voicemail - no recording machine at the published number of 454-0552. Thus I sent an email as attached.

RE: PRELIMINARY RECOMMENDATION OF WATER RIGHTS 63-20246, 63-4117, 63-7094

Greetings!

Thank you for your preliminary recommendations packet dated 20 November 2006 regarding water rights 63-20246, 63-4117, and 63-7094. The preliminary recommendation shows 63-20246 and 63-4117 disallowed, and shows 63-7094 as a licensed municipal use of .210 cfs with a priority date of 4/22/1968. This letter accompanies and is referenced by 'Notice of Error Reply' forms for the preliminary recommendations for 63-20246 and 63-4117.

The city has had difficulty confirming the date when beneficial use of water began for 63-20246 and 63-4117. Although settlement of the Greenleaf community began in approximately 1903, the City of Greenleaf did not incorporate until 08 June 1973, and did not take ownership of the municipal water system until after a bond election held in the fall of 2001. Prior to the city, the water system was owned and operated by the Greenleaf Water and Sewer Association.

Although we believe water for 63-20246 and 63-4117 has been in beneficial use in the community since approximately 1907 - 1910, as reported for statutory claim by the Greenleaf Water and Sewer System to IDWR in the 1970s, our search of records inherited from the Water and Sewer Association have not led to documents proving this beneficial use date for the oldest well in the system. This is not surprising, as the Greenleaf Water and Sewer Association incorporated on 21 June 1966.

The City currently has four well sites. I spoke with Idaho Power today, and verbally received dates as follows for meter installation at the four well sites listed below. The city also has a fifth well site under construction (Butler Well, permit 63-31787).

Well Site	Address	Id. Power Acct No.	Meter Install Date
Academy Well	20838 Academy Road	1048059259	01 Jan 1938
Harmony Well	21367 Harmony Lane	3802128228	01 Jan 1966
Hillcrest Well	20660 Hillcrest Drive	9584799825	01 Feb 1966
Friends Well	20791 Friends Road	2799375085	15 Jan 1990
Butler Well	not yet on-line (permit 63-31787)	Not Available	Not Available

Although the Academy site received a dedicated power meter in 1938, it remains the City's firm belief and understanding that this community well was operated under varying private individual power accounts before this date, and that the well has been in service providing beneficial use to the

CITY OF GREENLEAF

20523 North Whittier Drive
Greenleaf, Idaho 83626

community since approximately 1910. Unfortunately, to date we have been unsuccessful in finding supporting documentation, and direct witnesses of the well installation are no longer with us to give affidavit testimony to the establishment of the use.

The City of Greenleaf respectfully requests that the Idaho Department of Water Resources adjust the recommendation for water rights 63-20246 and 63-4117 to recommend for year-round municipal use based on beneficial use, with a priority date based on the 01 January 1938 power meter installation date for the power meter currently in place at the Academy Well site.

When I spoke with Idaho Power today I asked for a fax documenting the meter installation dates given above. Idaho Power quoted a 48-hour window for providing the fax. As soon as it arrives I will fax it to your attention at 208/287-6700 and send a follow-up copy by mail.

The recommendation for 63-7094 appears to be accurate, and the appropriate 'Notice of Error Reply' form is enclosed, signed to show agreement with the recommendation.

Please let me know if I can be of any further assistance.

Thank you,

Hi:

Attached are copies of the first page of the two claims 63-4117 & 63-20246, the letter sent to the city in April and the Evidence of Priority brochure explaining what type of evidence is submissable for court documentation. Hopefully this will help you in finding the information we need to recommend your beneficial use claims.

I also need to have you submit a change in address form so I can update our records for your claims. You can get this form on our website at: www.idwr.idaho.gov and click on (1) forms, (2) water right forms, (3) Change in Address. The website is www.idwr.idaho.gov/water/rights/water_rights_forms.htm.

If I can help you, please feel free to contact me at 287-4912.

Re: Evidence of Priority Date for City of Greenleaf

Dear Claimants:

RESPONSE DEADLINE
JUNE 7, 2005

The Notices of Claim to a Water Right (claim) identified with the numbers shown above your name have been filed in the Snake River Basin Adjudication (SRBA). The claims indicate your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed and the historic use of the water.

If the city no longer owns the property to which the claims are appurtenant please forward this correspondence to the present owner, or return it to Idaho Department of Water Resources (IDWR). If you have received this correspondence from the previous owner of the property it is recommended that you file a Change of Ownership form with IDWR in order to receive future mailings and to participate in the adjudication.

Enclosed you will find a computer printout of the city's claim and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

PLEASE NOTE: IDWR will recommend the SRBA Court decree the claim disallowed if no evidence of the priority date and of the historic use is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date and the historic use by the date shown above, referencing all documents with the corresponding claim number. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. Our toll free number is 1-800-451-4129.

Sincerely,

David R. Tuthill, Jr.
Adjudication Bureau Chief

Subject: Water Right Information Needed

Dear Lee Belt,

Thank you for your letter dated Dec. 6, 2006. Based on the information that you have provided, I am prepared to recommend water right no. 63-4017 with a date of priority of 7/1/1938 (Jan 1 is too early in the year to be realistic). All that I need is flow information for the Academy well. If you can provide this information to me by 5 pm on Monday, Dec 11, I will modify the recommendation accordingly.

Please call me at 287-4805 if you wish to discuss.

Regards, Dave Tuthill

Re: Review of Municipal Water Right Claims filed in the Boise River Basin of the Snake River Basin Adjudication

Dear Mr. Tuthill,

Holladay Engineering Company will be representing the cities of Eagle, Middleton, Melba, Greenleaf, and Parma during the municipal water right review and recommendation phase of the SRBA in Basin 63. We are gathering supplemental information regarding claims filed by these cities and will be prepared to provide supporting claim information when needed. Enclosed are map copies of the incorporated boundaries for each city list above. We have submitted an electronic ArcView version of these maps to Mark Larsen in GIS Section for Department use.

If the Department has any questions during the claim review process pertaining to present or future water use by these municipalities, please contact us. We are also available to meet and discuss specific claim issues, which may arise during the review.

We look forward to working with Department in this process. If you have any questions please contact us at (208) 642-3304.

Sincerely,
HOLLADAY ENGINEERING COMPANY

Dear Claimant(s):

Enclosed is a copy of the above referenced claim, which reflects the change in ownership of the land and appurtenant water rights covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process this claim for final court decree.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

RE: Water Right No. 63-4117, 63-7094 & 63-20246

Dear Mr. Anderson:

This office has received the Notice of Change of Water Right Ownership (copy enclosed), recently submitted for City of Greenleaf. We also received check number 11776 in the amount of \$25; however, we are returning it, as the ownership change fee is not required for this particular ownership change. These claims have not yet been decreed by the SRBA Court. The ownership change is being processed and copies will be mailed out upon completion. I apologize for any inconvenience or confusion this may have caused.

Thank you for your patience and cooperation. If you have any questions regarding this letter, feel free to contact this office at (208) 334-2190.

Sincerely,

A handwritten signature in cursive script that reads "Denise Buffington".

**STATE OF IDAHO
DEPARTMENT OF WATER ADMINISTRATION**

CLAIM TO A WATER RIGHT

Established by Diversion and Application to Beneficial Use

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. The filing of this claim does not confirm the water right but will serve for information purposes only. It may, however, become the basis for future adjudication of the water right by the Court.

(Please refer to the instructions on the back of this form)

1. Name of claimant Greenleaf Water Association Inc.
post office address c/o Al Fisher, Sec-Treas. Route # 2, Caldwell, Idaho 83605

2. The point of diversion is in NW $\frac{1}{4}$ of NE $\frac{1}{4}$ Section 21 Township 22 4W
Range 4 North B.M. located on XNA Groundwater
(name of source)
tributary to NA in Canyon County.

3. Dates of priority claimed: list the priority for each separate quantity that you claim. Priority dates should be based upon the earliest diversion of the water which has resulted in continued beneficial use since that time. If there has been an interval of five years or greater when the water was not beneficially used for the same purpose as originally appropriated, the priority that you claim should date from the time that the water was again beneficially applied following the period of non-use.

a. Date of priority claimed:

<u>✓</u>	<u>5</u>	<u>1</u>	<u>1907</u>	amount: <u>✓</u>	<u>1</u>	c.f.s. or	_____	acre feet
	<u>2</u>	<u>1</u>	<u>1910</u>	amount: <u>1</u>	c.f.s. or	_____	acre feet	
				amount: _____	c.f.s. or	_____	acre feet	
				Total claimed <u>✓</u>	<u>2</u>	c.f.s. or	_____	acre feet.

b. Explain the purpose for which the water has been used and the time during the year when you have used the right claimed:

use Domestic period of use from 1-1 to 12-31 (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive).

4. Description of diverting works: Not applicable Wells with ~~WPM~~ pumps and pipeline

a. Surface water diversion dam and/or headgate: material is composed of _____
_____ ; length is _____ feet; height is _____ feet;
width at bottom is _____ feet; with at top is _____ feet; explain any increase in diversion capacity since structure was first built, giving dates and estimated capacities if known _____

b. Underground water diverting works: is well flowing or pumped 2 wells, pumped; depth of well is ✓ 200 feet; diameter of well is ✓ 4 inches; type of pump is Submersible
capacity of pump is ✓ 110 g.p.m.; name and address of well driller is Unknown. Too long ago

63 4117

attach well logs if available; has there been any change in pump or motor since well was first completed _____; if so, give dates and explain _____

- c. Conveying works: length of ditch to place of use is _____ feet; width of ditch at top is _____ feet; width of bottom of ditch is _____ feet; depth of water is _____ feet; grade of ditch per 1000 feet is _____ feet; material through which ditch passes is _____; maximum length of pipe line to first place of use is ✓ _____ feet; diameter of pipe line is ✓ _____ inches; type of pipe _____; grade of pipe per 1000 feet is _____

Please explain any changes or increase in size of conveying system since water was first appropriated, giving date and dimensions if possible. The association increased the distribution system in 1968 by combining these well with two other wells to be used for domestic water for the community. The other two wells are on approved application No. 42462 Identification No. 63-7094 (two wells). The Greenleaf System presently consists of four wells.

- d. If water is stored: name of reservoir Not applicable;
total capacity of reservoir is _____ acre feet; active capacity of reservoir is _____ acre feet;
year construction commenced _____; year completed _____; date first used _____
period of storage is from _____ to _____; is reservoir drained each year _____;
is reservoir on or off stream _____ explain _____

if feeder canal is used give maximum carrying capacity _____ c.f.s.; if reservoir is off stream, describe location of reservoir by 40-acre subdivisions _____

has there been any enlargement of the reservoir since it was first built _____, if so, give dates and describe _____

5. a. Where water is used for irrigation, describe area irrigated by 40-acre subdivisions and give total acres:
Not applicable

[illegible]

Total number of acres to be irrigated _____

Explain any significant increase in area irrigated since first use, give dates and acreages if known.

b. Do you get water through a ditch owned by several users? _____ If yes, give the name of the ditch
_____ The other users and their respective
interests in the ditch are (if known) _____

6. Where water is used for stock watering, give number of each kind of stock watered
Not applicable

7. Where water is used for domestic or municipal purposes give number of families served 92
name of town supplied Greenleaf, Idaho

8. Where water is used for other purposes not above enumerated, give the nature of use, the extent of use,
and any details regarding the initiation of the right or subsequent later expansion. Be as specific as possible,
giving dates and quantities.

Not applicable Used only for domestic and culinary use

9. Remarks: please explain any details of your claim which you feel need clarification or additional explanation
These wells have been in use for many years. We feel that it is necessary
and valuable that claims of rights established by actual application of
water to beneficial use from these wells be filed. These wells
supply water for the residents of Greenleaf, and have been in use for
30 to 40 years. The community was first established in 1908.

State of Idaho

County of Canyon } ss.

Be it known that the undersigned, being duly sworn, deposes and says that he, she, they subscribed the
foregoing claim to a water right, together with all attached information, and that the matters and facts therein are
true to the best of the affiants knowledge.

Sworn to before me this 25th day of June, 1971.

5-20-16

Elders
nominated

"State of
Society"

At Greenleaf Monthly meeting of Friends
held at Greenleaf, Idaho. 5th mo. 20th 1916

The presiding clerk being absent
Seth A. Mills was appointed for the day.
The minutes of last meeting were read.
The committee to nominate Elders
proposed the following which the
meeting accepted and directed for-
warded to the Quarterly Meeting of
Ministry and Oversight.

For one year - Melissa Cox, Ralph Hinshaw.
For two years - Mary Wilson, Harvey Dailly.
For three years - Ruanna Hibbs, Walter E. Day.

Following was the report on the "State of Society"
read, adopted and directed forwarded to
the Quarterly Meeting:

The past year has been one of great
blessings to the church.

All our meetings have been regularly held.
The attendance on Sabbath mornings has
been large. Evening meetings on Sabbath
have sometimes been smaller than desirable,
especially on the part of middle aged
membership. Prayer meetings have
been well attended especially by the
young people. Many, both older and
younger, taking an active part.
A students prayer meeting was

maintained during the academic year.
There has been a marked growth in the spiritual life of many of the members.
The ministry of the Word has been clear, sound and well adapted to the needs of the congregation.

The Church has a good standing with outsiders, and is well attended by that class in the neighborhood.

There has been a large number of visitors from a distance during the year.
A larger attendance of meetings for discipline is desirable.

The following reports of committees were read and accepted:

There was one Race program given.
2686 pages of literature were distributed.

S. F. Hibbs Chairman of Com.

Pages of literature distributed 2000

Temperance lectures 2

Purity 2

Street Parades 1

Temperance Programs 2

W. C. T. U. held regular monthly meetings

Purchased 4 Purity books for school

Calvin Harvey

Chairman

Proportionate
and
systematic
giving

Held one program meeting including Bible reading.
Two sermons preached.
Six names added to list of tithers.
Some literature distributed, and books circulated also some private teaching.
Emma Mills, Supt.

Finance

Of the budget of \$390 owed for the present year expenditures of \$292 has been collected. Of the balance of \$126 the greater part should be collected soon.

There is also on the committee's books a considerable balance of unpaid back assessments. All the expenditures for the year have been paid excepting janitor service for April and May (\$14) and \$70 borrowed from the Trustees fund to make up the deficit in the Pastor's salary for last year.

Of the \$596.10 subscribed for Pastoral support for the present year \$303.60 has been collected leaving a balance of \$292.50 to be collected.

A. E. Day Chairman

port of Greenleaf Academy.

The attendance for the year 1915-16 was the largest in its history.

There were 74 enrolled, including preparatory.

There was a graduating class of seven.

There are nineteen members in the senior class for 1916-17.

The Board has decided to discontinue 8th grade work in the Academy.

To meet the need of the school, an important change has been made in the course of study.

All students are expected to take part in the Biblical course.

The teaching the past year has been efficient and in harmony.

The Academy suffered a great loss in the death of Isaac J. Pease, President of the Board of Trustees, who gave liberally of both time and means to the school.

We wish to pay tribute to his loyalty to the Academy.

S. Elie Woodward,

Sec. of Board.

Good Order
Committee
Report.

Good order has been maintained in the meeting throughout the year with the possible exception of some night meetings during the winter months.

Great help could be given the meetings along the line of order if the heads of families within the Church would look more to the order of their own children.

The seating of members of families together would greatly help.

Ralph Hinshaw, Chairman.

 The meeting ordered the treasurer to
 pay the Yearly Meeting Stock \$110.04.

The trustees were directed to see that the
 Meeting house be cleaned, also to see about
 needed repairs and book racks on the
 backs of the seats.

The Clerk was directed to provide a
 tablet for the use of the clerk at the
 table.

The business being finished the
 Meeting adjourned.

Seburn H. Williams
 Anna H. Benson Clerk.

1-15-16

At Grunleaf Monthly Meeting of Friends
 held at Grunleaf, Idaho 1-15-1916

The clerks being absent Seth A. Mills and
 Anna H. Benson were appointed for the day.
 The minutes of last meeting were read.

The trustees reported they had made arrange-
 ments for book racks, matting in the center
 aisle and for the cleaning of the house.

They also proposed the building of a
 small room, probably 6x10, north of the
 entry, opening off the main room for a
 rest room and care of children.

Rest Room
 ordered.

The meeting accepted the plan and a
 proposition was made that the finance
 Committee be instructed to appropriate the
 probable expense among the members
 and that it be due and the rooms
 erected at once.

The proposition was adopted.
 The S. S. Committee, with the endorse-
 ment of the S. S., requested that on ac-
 count of increased attendance at S. S.
 and the impossibility of getting best
 results with the crowded conditions
 that the assembly room of the Academy
 be warmed for use of S. S.

The request was granted and arrangements
 for extra expense of heating and janitor
 work were directed to the finance committee.

A bill of \$2.20 for supplies for light plant was ordered paid.
The trustees were directed to look after notes given on account of the Academy, at once as the notes are past due.

Thos. C. Drisho offered his resignation as trustee. The meeting accepted the same and appointed the following committee to nominate a person in his place: Richmond Williams, Elsie Woodward, Mary Wilson, Seburn P. Harris, Amy Benedict.

The treasurer reported as follows:

Balance on hand at last report	\$157.55
Received past month	75.32
Total	232.87

Paid bills ordered last month	139.80
-------------------------------	--------

Balance on hand Jan. 15, 1916	93.07
-------------------------------	-------

A bill for coal, amt. \$10.35 was ordered paid and also \$67 to the Pastor.

E. C. Tozier offered his resignation as member of Finance Committee. It was accepted and referred to the com. having the nomination of a trustee in charge.

David and Clarissa Hawthorth requested associate membership for their minor children Earl Joseph, Eugene Lindley and Rea Charles. The request was gladly granted.

Memorial
Com.

The meeting directed the treasurer to pay the water bill when presented.

A committee was appointed, as follows to write and present to next meeting a Memorial of Clayton Brown;

Angus Cox, Fanny Esther Benedict, Ezra S. Pearson and Margarette B. Hinchman.

The business having been completed the meeting adjourned.

Seth A. Mills / Clerk
Anna H. Benson / for the day

At Greenleaf Mo. Mtg. of Friends held at Greenleaf, Idaho 2nd Mo. 19th 1916. The recording clerk being absent Anna H. Benson was appointed for the day. The minutes of last meeting were read. The committee appointed to nominate a trustee in place of Thos. C. Perkins proposed the name of Conway H. Pinard and in place of E. C. Tozier on the Finance Committee, Wm. Benedict. The meeting accepted the report and appointed the above to serve the meeting.

The committee to prepare a memorial for Clayton Brown submitted the following which the meeting accepted, and directed a copy sent to the family, one to the American Friend and one to the ensuing quarterly meeting;

Clayton Brown, son of Samuel and Sarah Brown was a birth-right member of the Friends' Church and was possessed of strongly marked traits of character which came to him thro' a long line of good ancestry.

He had an unflinching faith in Jesus Christ as the Savior of men and was ever frank in expressing this truth.

His life spanned nearly a century, 93 years 1 month 1 day. Near 40 years were spent near Richmond Indiana, a member of White Water Mo. Mtg. (one of the largest centers of orthodox Friends in America) to which place he came, when a young man, from Ohio where he was born in 1822 on the 15th of 11th mo.

He was a donor in the building of Friends' Boarding School (now Earlham College) also furnished foundation stone for the church at Richmond where the Conference of New Friends was recently held.

He was married in 1853, 5th mo. 4th to Phoebe Roberts, a teacher in Friends' Boarding School, Richmond, Ind. She was afterward recorded a Minister of the Gospel.

In the years soon following he was a conductor on the "Underground Railway" which claimed the attention of many Friends in the '50s, his part being to convey runaway slaves to Richmond from their hiding place in the attic of the home of Wm. Beard his wife's grandfather in southern Ind. For most of one year he and his wife served as Supt. and Matron of

Freedmen's Institute, Maryville, Tenn. filling the vacancy left by the resignation of Gaddley Harner, an English Friend who was returning home.

He became a pioneer in the establishment of three mo. meetings of Friends. Paton, Iowa; Harmony S. Dak. and Greendale, Idaho.

About 3 years he lived in Iowa where his first wife left him for her heavenly home.

He was always abreast of the more advanced movements of the church, willing to help to the extent of his power, ~~give~~ and beyond his power, in every movement promoting her welfare. II Cor. 8:2-3.

Jan 885, 6th mo. 17th he was married to Susanna Knowlton. For 18 years they lived in S. Dak. where they and their children were the first Friends settlers in what grew to be Harmony Mo. Mtg. near Templeton S. Dak. Leaving Greendale in 1904 they were again the first Friends settlers.

Others soon followed and the meetings were held in their home until the church was built on the site which he was earnest and active in selecting and from which he grubbed the sage-brush. In accordance with his wish this spot was dedicated, Anson Cox offering the dedicatory prayer, before the church

building was erected.

Here, he expressed the hope that many sinners would be saved and this church prove a light to the entire valley.

Greendale Community loved him. He was especially gifted in prayer both in the public congregation and at the family altar, and when addressing his maker and Savior his thought reached an unusual scope and breadth of conception.

He retained his usefulness to the last and was able to take much care of his invalid wife until the last week of his life.

He attended Quarterly Meeting 17 days before his death and spoke ardently on the subject of Peace; after which at his request, a vote was taken to send to our Congressman a protest against military preparedness.

He was a ripe fruit, and the Husbandman reached down and plucked it at its ripeness.

12th mo. 14th 1915.

The Inquiries were read.

The treasurer's report was read and accepted as follows:

Balance on hand Jan. 15th 1916	\$93.07

The treasurer was directed to pay to the treasurer of Evg. Com. the amount on hand \$9.75 -

Also to H. H. Binford for Coal \$4.60

to Hillon Milk, Janitor \$12.75

Agnes L. Day offered her resignation as recording clerk which was accepted and Anna H. Benson was appointed to serve the meeting the balance of the term.

Resolutions in regard to the passage of prohibitory bills by Congress were read and the clerks were directed to sign for the entire number of members and for

ward the same.

The treasurer was directed to pay the bill for the building of the rest room when it should be presented.

He appointed the following representatives to attend the ensuing Quarterly Meeting at Boise:

Seburn P. Harris, Conway H. Pinard, Ula E. Tucker and Rachel Siler.

Having concluded the business we adjourned.

Seburn H. Williams / s
Anna H. Benson / s

10-20-1917.

At Greenleaf monthly meeting of Friends church held at Greenleaf, Idaho 10th mo. 20th 1917.

In the absence of the presiding clerk, Leburn D. Williams was appointed for the day.

The committee appointed to raise money for Frances Lister reported some money raised and more promised. The committee was continued for another month.

The matter of sending out letters to non-resident members was referred to the overseers instead of the clerks.

Notice was received of the reception by Second Church of Portland monthly meeting, of the certificate issued by us for Arna Bass.

A certificate of membership was received from Huntington Park (Cal.) monthly meeting for Harry Cox and his wife, Pearl Cox. It gladly welcomed them.

A communication was read from our Quarterly meeting of Ministry and Oversight in regard to recording Prescott Beale a Minister of the Gospel.

After careful consideration and a statement that he, himself, was not fully satisfied that the step should be taken, at present, the matter was deferred.

The trustees informed us that, at a meeting they held 19th mo. 9th, C. H. Trueblood resigned their chairmanship and Conway H. Rinard was elected to the office.

soliciting for relief work

The report of the Finance Committee on
assessment list was referred back
to them with recommendations
as to some changes.

The committee appointed to solicit
more money for Academy and Parsonage
fund reported that they were
asked to raise \$1200 by Nov. 1st
but had only succeeded in getting
\$821.50.

The Committee was continued.

The trustees were instructed to put
up fire escapes and start a well
at once.

The business before the meeting being
finished we adjourned.

At Greenleaf Monthly Meeting of Friends held at Greenleaf, Idaho 3rd month 17th 1917.

The minutes of last meeting were read. The representatives to quarterly meeting reported they all attended out, one. They had a very good meeting. Homer R. Lee, Portland, was in attendance with a strong and helpful message.

The trustees spoke of a balance due on old notes for the Academy building fund that they had been unable to collect and of the mortgage being due. The balance is \$247.35. The treasurer was instructed to borrow that amount on the best terms possible and pay off the balance.

The clerk reported the returning minutes and letters directed at last meeting were all prepared.

Aldis Tucker proposed that we sell the gravel, at 10¢ per load, on the N.E. hill of the cemetery. It was referred to the Cemetery Committee to be disposed of as it may decide best.

The trustees submitted a plan and estimated cost, (\$1878) exclusive of hauling material, for an addition to the Academy building.

After much careful consideration and sleep it was decided to build a new one this year.

The plan suggested was adopted, possibly some minor changes.

Bell.

The meeting decided to get a good bell, Academy.

The trustees were instructed to commit to canvass the neighborhood for offerings to meet the expenses of the improvements.

It was determined to leave the churching as it is for the present.

Buy
Personnel.

Charles V. Marshall wrote that there the water system goes with his probe and that he wanted one fourth of the cash. Balance: four hundred dollars each year until paid. Interest 8%.

The trustees were instructed to close a bargain at once, borrowing the \$300. a short time if necessary.

The first \$300.00 is to be raised by a tithing along with the Academy fund. balance by assessment each year.

At Greenleaf Monthly Meeting of Friends held at Greenleaf, Idaho 3rd month 17th 1917.

The minutes of last meeting were read. The representative to Quarterly meeting reported they all attended but one. They had a very good meeting. Homer B. Cox, of Portland, was in attendance with a strong and helpful message.

The trustees spoke of a balance due on old notes for the Academy building fund that they had been unable to collect and of the mortgage being due. The balance is \$249.35. The treasurer was instructed to borrow that amount on the best terms possible and pay off the balance.

The clerk reported the returning minutes and letters directed at last meeting were all prepared.

New Members: Russell and Lewis Fivecoat requested membership with us.

Certificates received: Certificates were received from Pleasant Plains Monthly Meeting (Iowa), for James Lawrence Roberts and Clark L. Roberts. These were all gladly received.

The committee to solicit students for the Academy and find rooms and board reported their work done to the best of their ability and suggested the committee be appointed now so the work might be begun before the close of this school year. The old committee was reappointed:

Oleva Williams, Myrtle Mills, Anna W. Benson, Arthur Hensley, Frank Roberts and Claude Woodward. Ora A. Harris and Gertrude Brown.

The following committee was appointed unite with one from the Meeting of try and Oversight in nominating to serve the meeting the next three of Issiah Williams, Ida Hinshaw and William Benedict.

On account of distance and difficulty getting to meetings Wm. Brown resigned as trustee of the monthly M. The meeting accepted and a person was appointed, as follows to nominate one in his place; S. D. Williams, Edward C. Tozier, Carroll Crewe, Conway Pinard and Agnes Day.

Proposal to record minister.

A minute was read from our Quarterly meeting of Ministry and Oversight expressing its approval of a proposition from local meeting of Ministry and Oversight to record Floya Williams a minister of the Gospel.

The meeting approved the proposition and directed the subject forward to the Quarterly meeting.

A collection, \$5.95, was taken for offerings in the rest room.

the treasurer made the following statement:

Overdrawn last month	\$1.18
Received in February	\$90.98
Paid Bills ordered	86.69
Received in March	84.36
Balance General Fund	\$84.36
Evangelistic Fund	1.58
Trustee Fund	206.00

the following bills were ordered paid:

To Pastor	\$66.66
" Janitor	7.00
" Water users Association	1.00
" T. C. Perkins for water rent	

the following Committee was appointed to investigate and consider the advisability of forming a store-house League either separate from or as a Monthly Meeting:

Carroll Crewe, Hulda Tojner, Am. Benedict, Martha Williams and Elsie Woodward.

the Academy board was instructed to employ a fourth teacher for special Biblical instruction.

The meeting directed the clerk to send a message of love and sympathy to Union Cox who is seriously sick.
Meeting adjourned. S. A. Miller } Clerk,
Anna H. Benson }

4-21-17

4

At Greenleaf monthly meeting of Friends Church held at Greenleaf, Idaho 4-21-17. The committee appointed to consider the advisability of the Monthly Meeting adopting the "Store-house League" or of forming a league independent of the meeting, not being ready to report, was continued another month.

Trustee. The committee appointed to nominate a trustee, in place of Am. S. Brown, Resigned, proposed the name of David Wilson. The meeting approved the report and David Wilson was appointed to serve the meeting as a trustee.

Selly Carriage. Mrs. French made a proposition to the meeting to buy the parsonage property for \$1400.00. After much consideration the meeting accepted her offer and the trustees were directed to close the bargain.

Mrs. French also proposed to loan the meeting money to finish out the sum needed to build a parsonage on our own grounds at same rate we were getting in the deal with Chas. Marshall.
