I Larry Cooke am the owner of water right 22-13569. In 1953 through transfer number 813 Fred Dirksen who was my partner at the time transferred this water to an adjacent parcel of land. Soon after that Trail Creek Sprinkler Company came into existence and we decided to by shares in that company. Those shares could irrigate that acreage better than could the water from Warm Creek so in about 1969 or 1970 we moved that water right back to a portion of the original 120 acres as well as some land that was near it on the other side of the creek channels. We began irrigating both sides of that channel from that time on.
