1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

① Lots 15 + 16 are separate lots & as such may in the future have a residence built on 15. Water rights should be attributed to both lots individually.

2. Describe the changes you wish to make in the proposed recommendation:

Lot 1, Driftwood 2nd Add

② Is currently a vacant lot used as drain field serving lot 16 & potentially lot 15. If, in a future year, a sewer system is installed allowing any drain fields to be abandoned, Lot 1 may have a residence built & so.

3. Give a brief explanation as to why you disagree with these portions:

I AGREE with this proposed recommendation: no changes need to be made.
