RE: Notice of Error (NOE) Replies for Notice of Claim to a Water Right Numbers 95-15118, 95-15119 and 95-15317

Dear Mr. and Ms. Butcher:

This letter is in response to the NOE's filed alerting us to the incorrect parcel numbers, parcel, source and place of use locations and listed owners on the above water rights. Each claim has been updated as follows:

David and Iris Butcher Property

95-15118

This is the well being used for domestic and stockwater. I have updated the map showing the well closer to the southern edge of the property and outlining the place of use around parcel number RP46N05W25280CA. I did not include the shared well with Terry per his request during our October 26, 2018 office meeting.

95-15119

This is the claim for the spring and pond located on the southern edge of the property in parcel number RP46N05W25280CA. The springs and ponds located in the SE1/4NW1/4, Section 25, T46N, R5W (northwest of the house) were not included because the claim was filed listing only one spring/pond. You may wish to file a separate claim or permit application for these two sources.

Terry and Janet Butcher

95-15317

I have updated the well and place of use location as well as correcting inaccurate parcel numbers. I did not list the well as overlapping with David's property, as mentioned above.

I am including maps showing the changes that have been made. Please be sure to contact me by November 16, 2018, if you have questions or concerns.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
