RE: Notice of error reply

1 I filed water rights documents when the CRSBA first began. I don't have a copy of my filing but this proposal is only a small part of my claims at that time.

2 In addition to the residential use suggested in your 10/9/18 document I have previously claimed water for seasonal irrigation for livestock pasture from the well, .02 cfs for livestock water in Belgrove Creek and .02 cfs for fish habitat in Bellgrove Cr. Since that time I have committed water to two additional residences so add .02 cfs for each additional residence from the well.

3 This proposal does not reflect previously filed claims and does not account for additional commitments since that time.

A handwritten signature in blue ink, appearing to read "J. M. Sturmer", is written below the text.
