was upgrade to heating/cooling to home on land to geothermal,
water source heat pumps, to alleviate need to heat with wood and
cool with inefficient heat pumps. Water source heat pumps
are much more environmentally responsible methods that should
be employed by all. ~~to~~ Not providing adequate water rights
for this future upgrade would close the door forever on
reducing smoke and CO₂ emissions

Re: 5824 S. Panorama View Dr., Harrison, ID 83833

To Whom It May Concern:

The current property owner of 5824 S. Panorama View Dr., Harrison, ID 83833 has agreed to make available 5,000 gallons or more of water, located in a cistern on this property, to be used for the purpose of fire suppression.

Thank you,

Dan Currie
