1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): Under proposed recommendation it says Domestic use is for 1 home. I have animals/stock and am planning to put a cabin on this land for mother in law
2. Describe the changes you wish to make in the proposed recommendation: Need enough water for stock and a cabin for my mother in law. So probably need to increase from .010 cfs to .020 cfs.
3. Give a brief explanation as to why you disagree with these portions: Stock need water and cabin will need water also.

☐ I AGREE with this proposed recommendation: no changes need to be made.
