RE: Water Right 95-13267

Barbara,

In response to your letter dated November 6, 2018 regarding the discrepancy of the quantity on the documents you received. The copy you received with name updated was printed from the original claim that was filed for .05 cfs. After review, your water right was recommended for .04 cfs, which is on the Preliminary Recommendation you received from us in October.

I am sorry for any confusion this has caused, any documentation going forward should show the quantity as .04 cfs. If you have any further questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Lori Harris". The signature is written in a cursive, flowing style.
