1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): *Should be year-round and 2 water sources. Change from seasonal to year-round water use. Add a well rather than just pump from the lake.*
2. Describe the changes you wish to make in the proposed recommendation:
*Water use year-round
Water from lake pump and well on our property.*
3. Give a brief explanation as to why you disagree with these portions:
The house is being updated to year-round use and will utilize lake pump during summer and well pump during winter.

☐ I AGREE with this proposed recommendation: no changes need to be made.
