RE: Notice of Error Reply for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-15940

Dear Claimant(s),

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested changes to the water right claim recommendation for the following reasons.

The Notice of Claim to a Water Right identified with the number shown above was filed for the domestic use of surface water for two homes with a claimed Period of Use from 03/15 to 11/15. The Notice of Error Reply you submitted for the claim requested that the recommended Period of Use be revised to include year-round use and a third home. Before our recommendation of your claim can be revised, an Amended Notice of Claim to a Water Right form reflecting the year-round use must be submitted. Additionally, the third home will have to be added to the claim and the Priority Date will be changed to the year built of the third home. If you would like to keep the Priority Date of 1908, you must submit a new claim for the third home and the \$25 fee.

For your convenience, I have enclosed an Amended Notice of Claim filled out requiring a signature and a new claim for the third home that needs a signature as well. If you have any questions, please contact our adjudication staff at the Northern Regional Office during business hours at 208-762-2800.

Sincerely,

Kaila R Savage
