RE: Notice of Error Reply for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-16236

Dear Claimants,

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested changes to the water right claim recommendation for the following reasons.

The Notice of Claim to a Water Right identified with the number shown above was filed for the domestic use of groundwater for one home with a Quantity of 0.04 cfs. The Notice of Error Reply you submitted for the claim requested that the recommended Quantity of 0.04 cfs be increased to 0.15 cfs. Before our recommendation of your claim can be revised, an Amended Notice of Claim to a Water Right form reflecting the Quantity must be submitted, with evidence supporting the rate requested. Pump size and records would need to be submitted.

PLEASE NOTE: The 0.04 cfs that was recommended is equal to approximately 18 gallons per minute. If you would like additional water, please consider applying for a permit.

For your convenience, I have enclosed an Amended Notice of Claim and instructions. If you have any questions, please contact our adjudication staff at the Northern Regional Office during business hours at 208-762-2800.

Sincerely,

Kaila R Savage
Water Resource Agent
Northern Region

Enclosure(s): Amended Notice of Claim to a Water Right, instructions
