Subject: Notice of Error Reply

We received a Notice of Error reply from Stimson Lumber on November 8, 2018, stating that two wells should be shown in the NESW, the place of use should include the log yards and that the water usage should state that the water is used to sprinkle logs at the log yard.

I contacted Chris Bromley, Notice of Appearance attorney, on or about December 4, 2018, to discuss the well locations as well as the place of use location mentioning that taxlot data for their parcel showed portions of the Stimson property listed under the name of the Coeur d'Alene Tribe and City of Plummer.

Email correspondence dated December 12, 2018, from Mr. Bromley states they are looking into the matter. As of December 19, 2018; I had not received any further information; however, more information should be forthcoming.

Linda,

The Plummer office of Stimson is looking into the ownership question we talked about and is having to coordinate with another office to figure it out. When I know, I'll get back with you.

Thanks,

Chris

Hi Chris,

Your email was referred to me because I worked on the recommendation for Stimson claims 95-8583 and 95-8691. I'll be happy to discuss these with you and am available all week. Tuesdays and Thursdays I'm off at 4, lunch 12:30 – 1, and my direct number is listed below.

Until later,

Linda
