RE: NOTICE OF CLAIM A23-04050

Dear Sir:

It has come to our attention the above Notice of Claim cannot be processed in the Snake River Basin Adjudication as it was submitted.

In January of 1989, you filed a Notice of Claim for the Royal Vacation Homes Water Association in this office. Tony Olenichak assisted you in filing the Notice.

During a review by the Department of all claims filed in Basin 23 (Bonneville County), it has come to our attention the filing fee was miscalculated at the time of the filing. The filing fee you paid was \$94.00 (check no. 220, dated 01-18-89, copy of receipt enclosed). The correct fee is \$114.00, \$50.00 to file the Notice, plus \$100.00 for each cubic feet per second (cfs) claimed. The amount of water claimed on your Notice is .64 cfs or \$64.00. Since you have paid \$94.00, the balance remaining is \$20.00.

To be eligible for the future benefits of having a decreed water right you must submit the balance of \$20.00. (For a home owner, one such benefit is that some mortgage companies are now requiring a Notice of Claim be filed before the sale or purchase of a home will be finalized). The Department will reduce the amount of cfs on the Notice to .44 if the balance is not paid. Please return a check for \$20.00 by December 2, 1991.

The above listed Springflows were during drought conditions.

The oldtime individuals that had knowledge of Royal Vacation's spring are deceased.

There is occasional mention of springflows in some Royal Vacation minutes. Two property owners recall hearing an average of 75gpm.

We request the option to provide additional documentation should it become available.

Re: Royal Vacation Homes

Dear Ted:

C I met Monday night with the Board of Directors of Royal Vacation Homes and reviewed with them the topics discussed in your office a short time ago and more recently by John St. Clair and ourselves. After reviewing carefully the points raised by and on behalf of your client Art Johnson and John St. Clair's client Royal Mickelson, the Board has reaffirmed it's prior position, namely:

O
P
Y 1. All of the water of Hinks Springs was conveyed with and is appurtenant to and for the exclusive use by owners of lots within the platted subdivision of Royal Vacation Homes, dependent on the availability of an adequate water supply, and the Board has the right and responsibility to restrict water as to lots in the subdivision in the event the available water is inadequate to supply all platted lots. No rights were retained in favor of the unplatted property originally retained by Royal Mickelson and lying between the lower subdivision access road and U.S. Highway 26.

2. All access roads within the subdivision are, by the Deed of Dedication, "for the exclusive use of all property owners and their guests in said subdivision for ingress and egress, recreational purposes, and for utilities" and therefore no rights exist in favor of unplatted property. In order to protect the rights of subdivision lot owners, the Board feels it must decline to permit any use of such roads as a means of access to unplatted property.

3. With respect to Lots 11 and 12, Block 2, which the records indicate are in Royal Mickelson's name, the Board reaffirmed it's prior position that the record owner is legally bound under the Protective Covenants and Deed of Dedication to perpetually hold Lots 11 and 12 in trust for the benefit of subdivision lot owners for uses consistent with sanitary waste disposal and general recreational purposes. I understood and advised the Board that there was no

Edward W. Pike, Esq.
September 25, 1975
Page 2

specific proposal Mr. Mickelson wanted discussed at this time regarding revision or modification of the dedicated uses.

Once again, I have been ask to call to your attention the fact that the commercial sign maintained by Art Johnson on Lot 8, Block 3, is in direct violation of the Protective Covenants and must be removed.

As you are aware, all of the property presently owned by Art Johnson and Royal Mickelson between the lower access road to the subdivision and U.S. Highway 26, while not a part of the platted subdivision, is covered by the Protective Covenants originally signed by Royal Mickelson and Helen Mickelson and recorded July 16, 1959. I have recommended to the Board that a committee be set up to review and recommend amendments to the present covenants, and in this regard would invite suggestions of yourself, John St. Clair, and your respective clients. I feel it would be desirable for all parties presently affected by the existing covenants to cooperate in revising and approving appropriate amendments.

Yours very truly,

HANSEN & BOYLE
