Good Morning April,

I am just following up to see if you were able to obtain the documents needed to complete the ownership change for the water rights on your property.

Thanks,

Lori

Thank you Lori. I have been back and forth between here and Dallas with a recent death in the family. I should be able to get to this on Monday. Can I fax the papers to you? APRIL

Michael & April,

I am following up to a phone message that I left on Monday, July 9th regarding additional documentation that is needed in order for us to process the ownership change for the water rights on your property. You submitted copies of the Encroachment Permit, which does have the legal description of the property, but we are required to have something more such as a warranty deed that shows the legal description of the property or a description of the water right in case no land is conveyed. The deed would also describe if the water rights were withheld from the transaction.

If you could submit these documents to me as soon as possible in order for me to process this change it would be very helpful. Please contact me if you have any questions.

April,

Fax copies will be fine. Send to my attention at 208-287-6700.

Thanks,

Lori Harris
