Subject: Filing fee balance for CSRBA Water Right Claim No. 95-8718

Mr. Jerry Boyd,

It was a pleasure speaking with you this morning. As per our phone conversation, the remainder of the required filing fees are needed before your water right claim (95-8718) can be recommended to the full extent it was originally licensed for. At the time of filing, the fees paid amounted to \$56.00 (\$50.00 variable fee + \$6.00 for 6 acres of irrigation). The filing fee for the domestic portion of the license was not previously paid, which resulted in a limited recommendation of the claim. **The remaining balance of filing fees required is \$14.00** (\$100 per CFS amounting to \$14.00 for 0.14 CFS diversion rate). Once the remaining filing fees are received and processed, a revised Preliminary Recommendation of your claim will be sent to you.

Please make check payable to Idaho Department of Water Resources (IDWR) and send payment to our Northern Regional office at the address listed below. Be sure to reference your adjudication claim number (95-8718) with the payment you send in. Feel free to contact me if you have any additional questions or concerns.

Best Regards,

Evan
