RE: Notice of Error Reply for Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-16291

Dear Claimants:

The Idaho Department of Water Resources has reviewed the Notice of Error Reply for the above referenced water right claim. We are unable to make the requested changes to the water right claim recommendation for the following reasons.

The Notice of Claim to a Water Right identified with the number shown above was filed for the domestic use of groundwater with a claimed priority date of September 11, 2009. The Notice of Error Reply you submitted for the claim requested that the recommended purpose of use be revised to include irrigation with a quantity of 0.07 cfs. If you would like to irrigate additional land beyond the ½ acre allowed with your domestic use, an "Application for Permit" form should be filed. The permit system for establishing a water right became mandatory for uses developed from groundwater sources after March 25, 1963 (except for small domestic and stockwater purposes).

If you have any questions or concerns, feel free to contact our staff at the Northern Regional Office during business hours at 208-762-2800.

Sincerely,

Kaila R Savage
Water Resource Agent
