RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-9880

Dear Claimant:

Idaho Department of Water Resources (IDWR) is in the process of completing the review of the notices of claim filed in the CSRBA. The status of CSRBA claim no. 95-9880 that you filed in 2009 was set to "Temporary" when it was received at IDWR because the fees submitted with the claim were not sufficient to cover the purposes of use listed on the claim. IDWR records indicate two claims were received from Bayview Water & Sewer District on October 29, 2009. The total amount paid for the two claims on Receipt No. N022666 was \$264.00. This filing fee was sufficient to cover the filing fees of \$220.00 for claim no. 95-9460, but left only \$44.00 to cover the filing fees for claim no. 95-9880.

The total filing fees for claim no. 95-9880 as filed are \$298.00. However, if you would like to amend claim no. 95-9880 to claim 1.67 cfs for municipal use instead of the irrigation, commercial, domestic and fire protection uses listed on the original claim, the total filing fee would be reduced to \$217.00. The \$44.00 from Receipt No. N022666 would be deducted from the \$217.00, leaving a balance of \$173.00 in filing fees required for the amended claim.

I have drafted an amended claim no. 95-9880 for your review that changes the purpose of use to municipal use. Please review this claim, and if it meets with your approval, have an authorized agent of the Bayview Water & Sewer District complete the information at the bottom of page 2 and the top of page 3, sign the claim, and return the claim with a check for \$173.00 payable to Idaho Department of Water Resources by February 8, 2019 in the enclosed postage paid envelope. If you would like to make any changes or add information to the claim, you may. However, please have the authorized agent initial any changes or additions made to the amended claim.

Please contact me if you have any questions.

Sincerely,

Carter Fritschle
Adjudication Section Manager
