Subject: Water Right Number 95-15461 Notice of Error Reply

Dear Mr. Clark,

We have completed the ownership change for parcel number 48N04W145065 and updated the above claim showing that the place of use is on this parcel rather than parcel number 48N04W145040. (The parcel with the home vs the parcel without the home).

This claim will be reported to the Court in the next several weeks and you will receive a decreed water right within approximately a year after that.

Be sure to contact me if you have any questions or concerns.

Thank you.
