In the event that such annual meeting is omitted by oversight, or otherwise, on the date herein provided, the directors shall cause such annual meeting to be held as soon thereafter as conveniently may be, and any business transacted, or elections held, at such annual meeting shall be as valid as if transacted or held on the date prescribed herein.

Section 3. Election of Directors. At the annual members' meeting the directors for the ensuing year shall be elected, the officers of the corporation shall present their annual reports and such other business may be transacted as may properly come before the meeting. All elections for directors shall be by ballot, and the candidates receiving the highest number of votes, to the number to be elected, shall be declared elected.

Section 4. Cumulative Voting for Directors. Members of record may vote at any regular or special members' meeting, either in person, or by written proxy which shall be filed with the secretary of the meeting before being voted. Each member, except as hereinafter provided, shall be entitled to one (1) vote for each membership standing registered in his or her name at the time of the closing of the transfer books for said meeting. At all elections of directors of the corporation each member shall be entitled to as many votes as shall equal the number of his membership multiplied by the number of directors being elected, and he may cast all of such votes for a single director, or, he may distribute them among the number to be voted for, or any two or more of them, as he may see fit.

Section 5. Proxy Voting. Each member entitled to vote may be represented at any regular or special members' meeting by a duly executed proxy which shall be in writing and properly signed, but which shall require no other attestation. Such proxy shall designate the person entitled to exercise the same, and shall entitle the holder to vote at any adjournment of such meeting, but shall not be valid after the final adjournment thereof. No proxy shall be valid after the expiration of eleven (11) months from the date of its execution.

Section 6. Members' List. A complete list of the members entitled to notice of and to vote at a meeting of members arranged in alphabetical order and indicating the number of memberships held by each, shall be prepared by the secretary and filed in the corporation's principal office at least five (5) days before the meeting at which such election is to occur, and, during the usual hours of business and during the whole time of said election said list shall be open to examination by any member.

Section 7. Special Meetings. Except as otherwise provided by law, special meetings of the members shall be held whenever they are called by the president or the vice president or by a majority of the board of directors, or whenever one or more members who are entitled to vote and who hold at least twenty percent (20%) of the memberships issued and outstanding shall make written application therefor to the secretary or an assistant secretary. Notice of special meetings shall state the time, place and purpose of the meeting, and no business other than that specified in the notice shall be considered at any such meeting.

Section 8. Notice. Written notice of all members' meetings shall be given by the secretary, and shall state the time, place and purpose for which such meeting is called, and the same shall be mailed, not fewer than ten (10) days, nor more than fifty (50) days prior to the day of the meeting, to each member of record at the member's address as it appears on the books of the corporation.

Section 9. Waiver of Notice. Notice of any meeting of members may be waived by written assent of a member entitled to notice filed with or entered upon the records of the meeting either before or after the holding thereof.

Section 10. Quorum and Voting. Except as hereinafter provided, and as otherwise provided by law, at any meeting of members, a majority in interest of all the membership issued and outstanding represented by members of record in person or by proxy, shall constitute a quorum; but a lesser interest may adjourn any meeting and the meeting may be held as adjourned without further notice. When a quorum is present at any meeting, a majority in

interest of the memberships represented thereat shall decide any question brought before such meeting unless the question is one upon which, by express provision of law or of the Articles of Incorporation, or of these Bylaws, a larger or different vote is required, in which case such express provision shall govern and control the decision of such question. At any adjourned meeting, when a quorum is present, any business may be transacted which would have been proper at the original meeting.

X Section 11. Presiding Officer. The president, or in his absence, the vice president, shall preside at all meetings of the members. In the absence of both the president and vice president, those present and entitled to vote at the meeting shall elect a presiding officer.

ARTICLE II

Board of Directors

X Section 1. Election and Number. A board of directors shall be chosen by ballot at the annual members' meeting, or at any meeting held in place thereof as provided by law. The number of directors of this corporation shall be no fewer than five (5) and no more than nine (9). Directors shall be elected by a plurality vote for a term of one (1) year, and shall hold office until the next annual members' meeting, or until their successors are duly elected and qualified.

Section 2. Powers. The board of directors shall have the authority and the responsibility for the management and control of the property, business and affairs of the corporation. The board of directors is hereby vested with all the powers possessed by the corporation itself, as far as the delegation of authority is not inconsistent with the laws of the State of Idaho, controlling non-profit corporations, with the Articles of Incorporation of the corporation, or with these Bylaws. The board of directors shall have the power to determine what constitutes net earnings, profits and surplus respectively, what amounts shall be reserved for working capital and for any other purpose. Such determinations by the board of directors shall be final and conclusive.

X Section 3. Assessments. The board of directors shall have the power, whenever they deem it expedient or necessary, to levy, from time to time, assessments on the issued memberships of the corporation, in such amount or amounts as may be necessary, in order to pay the indebtedness of, and the costs and expenses of the management and operation of the business of the corporation. Provided, however, such assessments, unless otherwise ordered by the board of directors, shall at all times be based upon the number

of membership representing or corresponding to the number of miner's inches of water carried or intended to be carried by a member of the corporation in the water distribution system of the corporation during the irrigation year. The board of directors shall levy and collect any such assessments in accordance with the provisions of Idaho Code Section 30-1-19A as the same may from time to time be amended, and such other provisions of the law of the State of Idaho as may be applicable.

X Section 4. Vacancies. All vacancies in the board of directors, whether caused by resignations, death or otherwise, may be filled by the remaining director or directors, even though fewer than a quorum. A director thus elected to fill any such vacancy shall hold office for the unexpired term of his predecessor, or until his successor is duly elected and qualified.

Section 5. Meeting Place. The board of directors shall hold its meeting at the principal office of the corporation at Swan Valley, Idaho, or at such other place or places as the board may from time to time, by resolution, determine.

Section 6. Quorum. A majority of the entire board of directors shall constitute a quorum for the transaction of business, and a majority of the members in attendance at any meeting may, in the presence of a quorum, decide any question brought before such meeting, except as otherwise provided by the laws of the State of Idaho, these Bylaws or the Articles of Incorporation.

Section 7. Special Meetings - Notice. Special meetings of the board of directors shall be held whenever called by the president, the vice president, or a majority of all of the directors. Notice of special meetings stating the time, place and purpose thereof shall be given by mailing the same to each director at his residence or business address, at least ten (10) days before the meeting or by delivering the same to him personally, or telegraphing the same to him at his residence or business address not later than five (5) days before the day on which the meeting is to be held. In case of emergency, the president may prescribe a shorter notice to be given personally or by telegraphing each director at his residence or business address.

Section 8. Waiver of Notice. Notice of any meeting of the board of directors need not be given to any director if he shall waive such notice in writing, filed with the records of the meeting, either before or after the holding thereof. Any meeting of the board of directors shall be a legal meeting without any notice thereof having been given, if all directors are present, and any business may be transacted at any meeting at which all directors are present, even though without notice.

Section 9. Compensation. Directors shall receive no compensation for their services, but by resolution of the board of directors, a fixed sum, and expenses of attendance, if any, may be allowed for attendance at each regular or special meeting of the board of directors. Nothing herein contained shall be construed to preclude any director from serving the corporation in any other capacity and from receiving compensation therefor. The board may similarly allow members of special or standing committees compensation for attending any meetings.

Section 10. Organization of Board of Directors. The board of directors shall meet immediately after adjournment of the annual members' meeting at which they were elected, and they shall organize and elect the officers to be elected by them as herein provided, for the ensuing year.

ARTICLE III

I consulted with Bob Lehman, Civil Engineer, NRCS in Rexburg. We used the *Farm Irrigation Rating Index (FIRI)* program to evaluate gross irrigation for a typical situation in the Irwin, Idaho area. It is a relative rating that is the product of management, irrigation system, and potential efficiency factors. For example: the conveyance efficiency uses the length of canal and/or ditch used on fields and the type of soil (Bagerton Variant Sandy Loam) for a conveyance efficiency of 50%.

The flood method of irrigation used on many fields has a potential application efficiency of 50%.

Net crop needed for alfalfa/grass in your climatic area is 21.3 inches (divided by 12 inches/foot = 1.8 acre feet). The attached evaluation resulted in a gross irrigation requirement of 104.33 acre inches per acre, divided by 12 inches = 8.7 acres feet of water per acre of crop. 1.8 acre feet/8.7 acre feet = 21% overall efficiency.

Obviously the gravelly soils in the Irwin area would require much more water to irrigate than the silt loam soils around Idaho Falls.
