Subject: Reed Ricks hand dug domestic well

The well in question was hand dug when the house was built in 1936 by Reed Ricks who owned and built the house. The well was for domestic and irrigation use. The well is a 36" open cased well presently located in the basement of the house addition.

Reed Ricks was my brother and I lived in the valley at the time the well was dug. I verify this to be the fact

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication

Dear Claimant:

The Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Blackfoot River, Willow Creek and South Fork of the Snake River Drainages. This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that personnel from Intrepid will make an effort to contact claimants to arrange for conducting a field investigation and obtain information about your water use. IDWR requests that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights. Information collected during this process will be reported to IDWR and used by a Senior Water Resource Agent to prepare a recommendation on the water right.

The process of adjudicating water rights is straightforward for most people, resulting in the issuance of decreed water rights. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

If you have sold your property, we request that you forward this letter to the purchaser. The new owner is responsible for advising IDWR of the change in ownership so future correspondence will be mailed to the correct party. If you are unable to forward this letter, please send any information regarding a new owner to our Eastern Regional Office located at 900 N Skyline Dr, Idaho Falls, ID, 83402, Attention: Jennifer Crabtree (208) 525-7161.

Sincerely,

Ernest Carlsen
Adjudication Section Supervisor
Eastern Regional Office

Memo to File: The following letter date November 6, 2002, was sent out to the claimants and no response was received back to Intrepid.

November 6, 2002

Dear Sir or Madam:

Intrepid Technology and Resources, Inc. (ITR) has been contracted by the Idaho Department of Water Resources (IDWR) to verify information in the State's records regarding the enclosed claim(s). This letter is being sent to the address of record for the enclosed claim(s).

In June or July of 2002, ITR employees visited the point(s) of diversion for the claim(s) in question. The purpose of this letter is to follow up on that visit, and ask for your input to verify the boundary of the area irrigated by each point of diversion. IDWR has supplied the enclosed maps and/or aerial photographs. The points of diversion (wellheads, dams, etc.) are indicated as circles. The irrigated areas are traced with bright yellow lines.

Please take the time to review the map, and correct any inaccuracies by marking changes on the map, and sending the map and claim file back to us in the enclosed postage-paid envelope.

If the claim is no longer in use, please note it on the claim file and return it to us in the enclosed envelope.

This applies only to the enclosed claim file. Water rights or claims not included with this package will be dealt with separately. Please DO NOT mark wells, diversions, or irrigated areas not specifically addressed in this package.

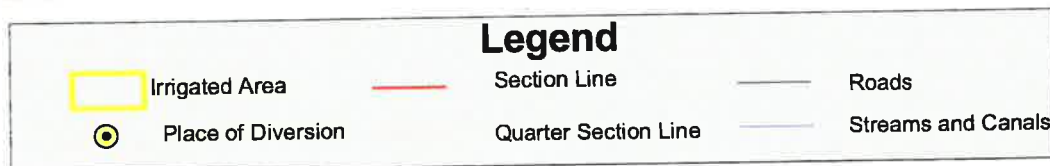

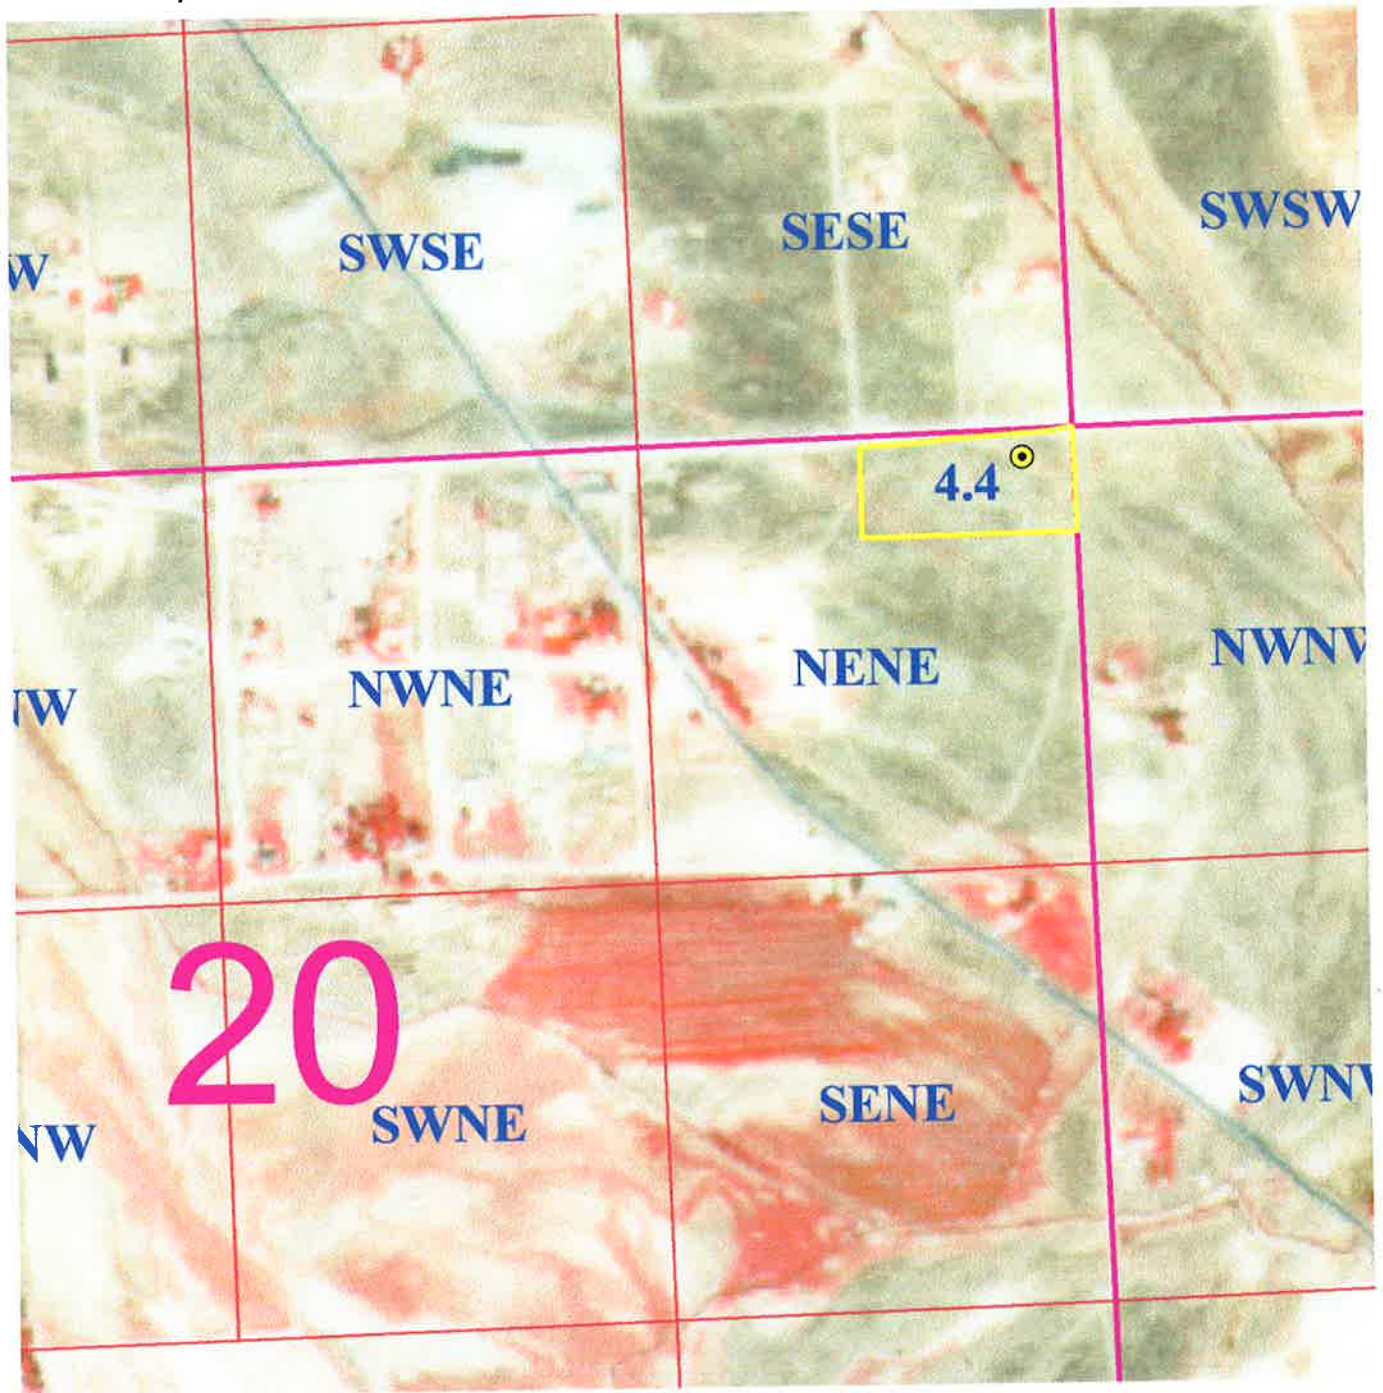

If you have any questions about the letter itself or how to respond, please call Doug Larsen or myself at 208-529-5337. We will be happy to discuss it with you.

Sincerely,

Shaun Dustin, PE
