MEMO

To: File 95-14893, 95-13401 and 95-16247
From: Linda Werner *LW*
Date: March 6, 2019
Subject: Objection to Claim Disallowal and Shared Well Update

Ronald Martin called me on March 5, 2019, in regard to his water right (95-14893), John Martin's right (95-16247) (Ronald's brother) and the Van Milek right (95-13401)

Mr. Martin states that the parcels owned by the above are all sharing his well and he was concerned that John Martin's right had been disallowed, while his right and Van Milek's were recommended and he was wondering how to rectify that situation. Their parcels are adjacent to each other and they're located at Newtons Subdivision 1st Addition.

I advised him that they had several options: and sent him the appropriate forms on March 6, 2019.

1. File an objection in the CSRBA
2. File an amended Notice of Claim(s) under 42-111 (1)(b)
3. File an Application for Permit
