Dear Basin 21 Water User:

It has recently come to the Department's attention that a clerical error was made in the recommendation for your water right no. 21-~~12778~~ Enclosed for your reference is a revised recommendation showing which elements should be changed or added. Elements underlined and highlighted in yellow need to be added to the recommendation. Elements with a red strikeout need to be omitted. To make these changes, the Department is requesting that you file an objection to the Director's Report by completing the enclosed Standard Form 1 Objection Form and using the enclosed pre-addressed envelopes to file the original objection with the Snake River Basin Adjudication (SRBA) District Court and a copy with the other parties. Also if you would like to object to any other element or to the elements marked for some other reason, you may do so on the enclosed form as well.

The enclosed objection form must be received by the SRBA District Court prior to May 26, 2006. Though the deadline is several weeks away, your prompt attention to this matter is greatly appreciated.

If you have any questions you can contact Trent Galbraith at the Department's Eastern Region Office at 525-7161.

Again, thank you for your prompt cooperation.

Very Truly Yours,

Ernest Carlsen
Water Rights Supervisor
