Craig,

I apologize that it has taken me so long to reply. I read your email and then promptly forgot that I needed to reply! I am sorry! Our address is 1030 Alsterlund Lane. The 1050 came from when we first started developing the land. Then they decided to give everyone 911 accessible addresses and couldn't use what they already had (at least that is what we were told). Ergo, we became 1030. Our well is located in the southwest corner of the parcel. I hope this clears things up for you. If you need more info, let me know. The web access in what is our back pasture is spotty at best but if you need GPS coordinates I'll see what we can do. Thanks for your assistance.
Pam Alsterlund

Subject: Palouse River Basin Adjudication Claim 87-10170

Dear Kenneth and Pamela,

IDWR received the notice of claim to a water right you filed through IDWR's online claim filing application (copy attached). As I was looking at the claim and comparing the claimed place of use with the Latah County Parcel information, I just wanted to confirm with you the parcel you are claiming the domestic use on.

It looks like you own parcel RP41N06W244204. But I see the address listed on the county tax lot data is 1050 ALSTERLUND LANE yet your claim lists your mailing address as 1030 ALSTERLUND LANE.

Could you confirm that the claimed place of use is on parcel RP41N06W244204, and if it isn't, could you tell me what parcel the property is on? In addition, if you could locate your well, that would ensure that we have it in the right place on your claim. You could send me a map that shows the well location, or send me lat/long coordinates (you can get them right off of Google Earth if that is easiest):

If e-mail isn't the best way to communicate, please don't hesitate to call. I just thought that initially it would be to contact you by e-mail so I could send you pictures to show you the parcel that I think might be your property.

I look forward to hearing from you.

Respectfully,

Craig L. Saxton
