A25-00090 / A25-00091 Summary 9/18/03

- 1) Ownership. I never did contact owners but the letter did not come back so apparently the address is still OK.
- 2) POD. Appears to be correct. GPS 668,254 E, 276,677 N Waypoint 90.
- 3) POA. Claimed POA is irrigated, layout appears OK.
- 4) Overlap. Claims list overlap of right 25-00182. Attached query shows no claim exists. No mention is made of canal shares but POA showed recent irrigation. Per other Willow Creek users, Willow Creek water runs out early so I presume overlap of canal co. water.
- 5) Photos. 1 of measuring flume in ditch, 1 of headgate, 1 of POA from N side.

Re: Water Right Adjudication Claim(s) A25-00090, A25-00091

Dear Water User:

Idaho Department of Water Resources (IDWR) is reviewing claims to water rights in the Snake River Basin Adjudication in your area. Water Resources Field Services has been retained to do field inspections to aid the Department in making correct recommendations to the court. In the next weeks and months I will be contacting you to make an appointment to look at your diversion works and uses of water.

The main purpose of the visit will be to photograph the headgate, ditches, and place of use.

I look forward to helping make sure your water right recommendation is correct. Please contact me if there is a particular time that would be convenient for you. You may call in the evenings, or leave a message on the answering machine.

Sincerely,

Bryce A. Contor
