Re: *City of Rigby*

Dear Mr. Mikesell:

I am the former city clerk for the City of Rigby. I took that office in 1955. I was responsible for the day to day management of the City affairs along with the mayor, including financial matters. It is my recollection that the City had to expand its wells in 1958 to meet the need for potable water of its constituents. Additionally, the city elected to forego the watering of its parks by canal water and instead installed a sprinkler system. However, most importantly, it was around this time that fire hydrants were installed throughout town. The new wells were necessary to meet the demand of the fire system.

If I can be of further assistance, please let me know.

Sincerely,

Lloyd Gneiting
3933 East 200 North
Rigby, ID 83442

City Attorney

Re: *City of Rigby*

Dear Mr. Mikesell:

Enclosed please find copies of the claims of the City of Rigby. I presume you already have them, but for ease of reference, I am enclosing such. I spoke with Lloyd Gneiting, former city clerk. He advises he was employed with the City beginning in 1955. He advises that there were three factors necessitating the increased water demand in 1958. The first is simply that the population had grown. The second factor was that the City stopped irrigating the City parks with canal water. The third factor was that the City installed fire hydrants throughout town. In order to supply the requisite flows, the wells had to be expanded. Mr. Gneiting says that he would write a letter confirming the above.

Very truly yours,

Stephen J. Clark
City Attorney

**Field Exam Summary - City of Rigby Municipal Wells
Claims A25-04009, A25-04010, A25-04011, A25-10496**

3 March 2004

(Only page 1 is included with paper files A25-04010 through A25-10496; the complete summary is included in paper file A25-04009.)

Bryce Contor
Water Resources Field Services

General Comments

The City of Rigby has four beneficial-use claims for municipal use from wells, and this summary report refers to all four claims. Claims A25-07051, A25-07288 and A25-10688 have separate summary reports in their own files. Except as noted all copies, data, and correspondence are included in paper file A25-04009.

Paper file A25-04009 includes the full site data copied from IDWR Water Measurement Program files, as well as excerpts from a 1995 engineering study by Forsgren Perkins Associates. The engineering study copies were provided by the city.

On 3 March 2004 I met with the Public Works Director Doug Nelson and the City Attorney Steve Clark. I was unsure how the legal principle of water rights for the future needs of "Growing Cities" applies to beneficial use rights, so I have described the history of development of water use and capacity without making specific proposals for water right elements. Currently I have limited data for historical use and capacity but Public Works Director Nelson is looking for more information, which may aid in making a recommendation. Attorney Clark is anticipating that the water-rights review will include consideration of the "growing cities" legal principle.

POD

The attached engineering report documents four original wells under an "old" naming system. These include a well in the basement of the City Hall, a well just west of the City Hall, a well on the north end of town near the Harwood School, and a well on the south side of town near the armory. The first three of these wells appear to be the wells described in the various affidavits supporting the priority dates. Doug Nelson referred to another well since abandoned. This fifth well may have been connected to the city water system at one time, but not

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Transfer of Water Rights No. _____

And said application is hereby _____, subject to the following limitations and conditions:

Witness my hand this _____ day of _____, 19 _____

TRANSFER NO. 4791
WATER RIGHT NO(S). 25-04010/25-04011 &
SRBA CLAIM NO. A25-10496

CONDITIONS OF APPROVAL AND REMARKS

3. The total instantaneous diversion of water from all points of diversion under Transfer No. 4791 shall not exceed 7.80 cfs.
4. After specific notification by the department, the right holder shall annually report the amount of water diverted to the department.
5. The well(s) previously used under these rights shall be abandoned in a manner which complies with Department well abandonment rules.
6. Approval of this transfer in no way grants any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.
7. The change authorized by this transfer shall be accomplished within one (1) year of the date of this approval.
8. Failure to comply with the conditions of this transfer is cause for the director to issue an order to show cause why the approval of the transfer should not be rescinded.
9. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
- * 10. Place of use is located within the City of Rigby.

Dated this 16th day of August, 1996.

RE: Evidence of Priority

Dear Sirs:

The Notice of Claim(s) identified with the number(s) shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicates the water usage are based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice(s) and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice(s) have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notice(s) be decreed by the court if no evidence of a priority date is submitted.

MICROFILMED
NOV 09 1992

City of Rigby

Page 2

Please submit the required evidence supporting the priority date(s) by **May 29, 1991**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,

Ernest Carlsen
Water right Supervisor, Adjudication

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
Adjudication Bureau Chief

AFFIDAVIT

I J. L. Brown

being first duly sworn,

deposes and says: To whom it may concern Re: Wells at Rigby.

I J. L. Brown came to Rigby in April 1903 with my parents. Have resided here since that time, except the time spent in the Army during W.W.I.

I testify that well #1 was drilled about 50 ft. west of the city hall ^{about 1947} Also

in 1920, Well #2 was drilled in the basement just prior to the building of

the present City Hall. Not long afterward, I had the privilege of serving on the City Council for two years.

well #3 was drilled in February 1961 on Delbert Call addition.

J. L. Brown

IN THE MATTER OF:

AFFIDAVIT

City Of Rigby
State of Idaho
County of Jefferson

Sheridan S. Evans being first duly sworn,
deposes and says: I Sheridan S. Evans Being 73 years old and a resident
of the city of Rigby since 1917. I have knowledge that the present
City Hall was built in 1921 and well known as no. 2 was drilled prior to
to that time.

The well west of City Hall known as well no 1 was drilled in 1947.
The well in the north part of the city was drilled in 1961.

As I was the owner and operator of a plumbing business in the city
of Rigby, my association of the water supply of the city was of great
importance to me.

Sheridan S. Evans
(signature)

Subscribed and sworn to before me this 21st day of April 19 72.

James A. Pirie

IN THE MATTER OF:

City of Rigby

State of Idaho

County of Jefferson

AFFIDAVIT

I ARTHUR RUEL CHANDLER

being first duly sworn,
deposes and says: I have lived in Rigby Idaho since June

15, 1901 and have watched the place grow from a real small
community to its present size.

In the year of 1921 I was hired by Ira Mangum to help pour the
foundation for our present City Building. Since the well
which is in the present city building is in the basement
it would have to have been built before that time.

The well that was drilled approximately 50ft West of
the Rigby City Hall was drilled in the year of 1947.

The well that was drilled on the Delbert Call addition
on the North side of the City of Rigby just North of 3rd
North was drilled in the year of 1961.
