To whom it may concern:

In the year 1962 when I was a junior in high school I remember irrigating pasture and some grain from the spring that is referred to as Tarvel's spring. It runs from my father's farm through the OLSEN Ranch ground and down to the willow creek canyon.

We used a farmal "M" tractor with a Berkley pump and a quarter mile line of sprinkler pipe

We dammed the spring and pumped water from June until the flow

Decreased later in the year, and years after

GPS of 2 dams and the approximate location of 2 other dams as remembered by Roger + Shirley's son. They said that when they were kids they deepened the streambed with a bulldozer and raised the dams in order to retain water, a Pto pump was used for about 8 hours at a time to supply one handline. They weren't sure of the number of pipe used.

RE: **Evidence of Priority**

Dear Mr. Olsen:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.**

Please submit the required evidence supporting the priority date by **June 3, 1991**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.
