To Whom It May Concern:

The well at the Rigby Pioneer Cemetery was originally drilled in the spring of 1955.

Because there are no minutes or records to refer to who drilled the well or the exact date it was drilled, the next solution was to talk to those associated with the cemetery in the 50's and 60's. Then reference the well drilling to events in their lives.

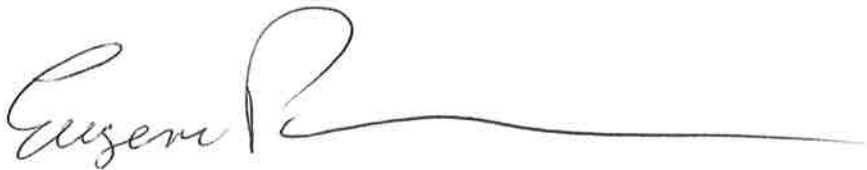

Reference # 1

The current secretary/treasurer, . M. Bishop moved to Rigby in 1950 and became involved with the cemetery shortly there after. He believes it was drilled during the spring of 1955 as mentioned.

Reference # 1

The sexton and employee of the local mortuary during the late 60's relates it to his graduation from mortuary school. He also puts the drilling during the middle 50's.

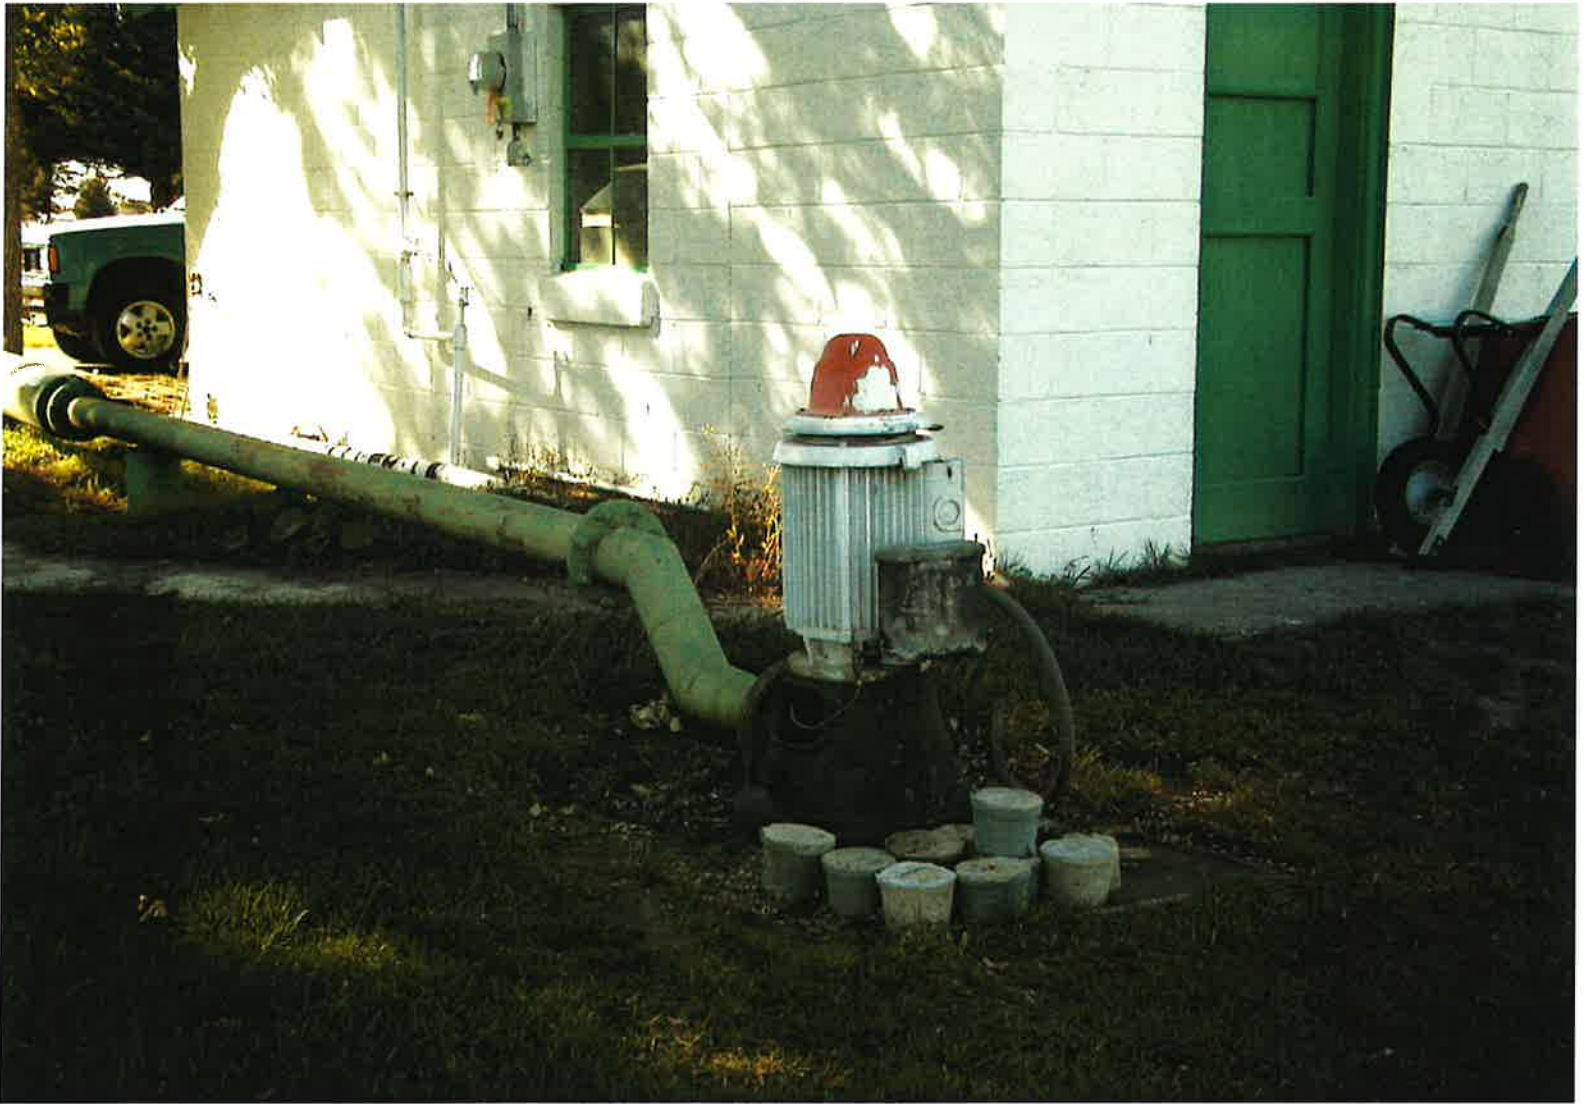

\ I hope this is sufficient evidence for what you need.

RE: **Evidence of Priority**

Dear Frank Shanz:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.**

Please submit the required evidence supporting the priority date by **June 3, 1991**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. Every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,

Ernest Carlsen
