A25-00079C apparently has no overlap. Neither Mr. Cook nor Mr. DeMarco were certain, but neither have ever paid any canal assessments, ^{for DeMarco property} so it is likely no shares are owned.

Re: Water Right Adjudication Claim(s) A25-00079A

Dear Water User:

Idaho Department of Water Resources (IDWR) is reviewing claims to water rights in the Snake River Basin Adjudication in your area. Water Resources Field Services has been retained to do field inspections to aid the Department in making correct recommendations to the court. In the next weeks and months I will be contacting you to make an appointment to look at your diversion works and uses of water.

The main purpose of this visit is to locate and photograph the headgate(s), ditches, and irrigated lands.

I look forward to helping make sure your water right recommendation is correct. Please contact me if there is a particular time that would be convenient for you. You may call in the evenings, or leave a message on the answering machine.

Sincerely,

Bryce A. Contor

Those this right was decreed to the SE $\frac{1}{4}$, Sec. 17, the abstract of title indicates right 25-0079A was eventually considered appurtenant to the S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 17. In

1920 Eli Simmons transferred 54 inches of this right to other lands along with 102 inches of right 25-0147 (Transfer #280). My deed does not mention the remaining 18 inches of 25-0147 but it does specify 100" of 25-0079A and 66 $\frac{1}{2}$ shares of Capital stock of

the Farmers Friend Irrigation Company, Ltd.

I hereby assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

I understand that any willfull misrepresentations made in this application may result in voiding its approval.
