Ernie my data shows this claim was renumber to 25-14032. So it would have been sent back to I.F. and we wouldn't have done a recommendation on the claim. So I don't know why there is an active recommendation. Should the recommendation be disallowed with a remark/condition that points it to the new number?

Cindy welcome back from your days away from the office. Hope you had a good time. I was working with Skip on the Eastern Idaho Water issue and stumbled across 27-4103. The basis of the claim is "see remarks" yet there is an "active" recommendation. The remark in the claim data base indicates it is being recommended under a different number. If you want to go with a recommendation under 27-4103 the basis in the claim needs to be changed. Please check the file.

Thanks

Ernie

Re: Evidence of Priority

Claim No. A27-4103

Dear Ms. Bird,

The Eastern Idaho Grazing Association was formed in 1916 for the primary purpose of buying, leasing or otherwise acquiring grazing lands. At that time, many small acreages were in the hands of the early homesteaders and the range was heavily stocked. The state also had lands intermingled in many places with these homestead claims. Our Association began leasing lands from the state of Idaho in 1916. It is clear from early records that we also leased many homesteads, as it would have been difficult to fence out these small parcels.

Willow Creek runs through a large parcel now owned by our Association, but was originally split up between many homesteads. We purchased the ground with these water rights in 1943, 1957, and 1963. However, in 1918 our Association leased some 22,040 acres of state grazing ground including the area just south of this section of Willow Creek. Livestock very likely moved freely onto the creek from these surrounding lands. For this reason, I believe that our priority claim may need to be amended to an earlier date. I hereby request additional time for research.

Our Association is governed by a Board of Directors that will meet in early winter. At that time we will review evidence gathered and make a decision as to an amended claim. Any information you can give me regarding avenues of research would be appreciated.

Sincerely,

Wendy R. Pratt
Secretary

Dear Ms. Bird,

I recently visited with Ernie Carlson at the Idaho Falls office of the Idaho Dept of Water Resources. He amended these claims to 1916 to correspond with the date our Association was incorporated. I am sending you a form referencing this date. I can send you the actual Articles of Incorporation, a lengthy document, if that is necessary. I hope that this information along with that already mailed to you is sufficient to document the claim.

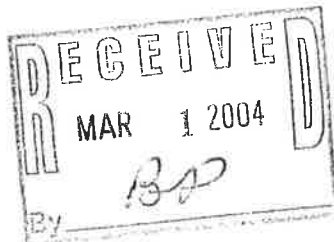

Thank you for your assistance in this matter.

Re: Evidence of Priority

Claim No.(s) A27-04103

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by June 30, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird
