RE: Snake River Basin Adjudication (SRBA)
Notices of Claim to a Water Right - Bonneville & Ada County

Dear Mr. Cassat:

We are unable to process the enclosed seven (7) forms which we received from your office because various items are either incomplete or due to errors that must be corrected.

The following six claims are incomplete as to the Date of Priority, Item 2, and the legal description at Items 4 and 10. Item 2 should be complete with a month and day; you may choose to complete as 12-31 if you are unsure as to the exact date. Regarding Items 4 and 10, these must be completed to the quarter-quarter. We have attached a copy of a map for you to use to identify the exact location of the water use. If you wish, we can determine the quarter-quarter for you.

- a. F. William Anderson Trust
- b. John & Faye Jordin Trust (2 claims)
- c. A.V. and Francis Larter Trust
- d. Donna Rowles Trust

Please also note that the correct legal for the Jordin Trust is Range 37 East. Please modify accordingly. On the other Jordin Trust claim, please note that the rates of diversion at Item 6 and 7 do not match. Please modify as appropriate.

The claim for the Lester Schaumleffel Trust has been processed as it has a sufficient legal description. Enclosed is a copy for you to retain in your files. Please note that we completed the month and day as 12-31 for the date of priority.

Regarding the claim for the Melitta Grant Trust, we are returning this claim to you to allow you the opportunity to withdraw this claim. Permit No. 63-08599, which you identify as the basis of claim (Item 15), has lapsed and is not a valid water right. Enclosed is a copy of the permit and the letter IDWR sent

notifying the holder that the permit had lapsed because proof of beneficial use was never submitted. We can find no record of a valid water right for this property. The claim you have presented conflicts with the Ground Water Statute at §42-230, Idaho Code and Water Appropriation Rules and Regulations, paragraph 2.15.

Enclosed is an application for permit which you may wish to file to begin the licensing process. Should you wish to pursue before the court the exact water right you have presented on this claim, please return the claim form to this office and we will process the information. If you wish to consider reinstatement of the permit, please contact Tim Luke at this office (327-7864).

We are once again returning the claim for the Joyce Raasch Trust. Unfortunately, we overlooked several items which also need correction, but were not noted in our previous correspondence regarding this claim. Specifically, the rate of diversion (Items 6 and 7) must be completed.

Please note that the 1990 Legislature passed a bill which may affect your filing. Idaho Code §42-111 modified the definition of "domestic uses" as follows:

Any [other] uses if the total use does not exceed a diversion rate of four one-hundredths (0.04) cubic feet per second and a diversion volume of twenty-five hundred (2,500) gallons per day.

If this definition fits the use described on the Raasch Trust claim, you may modify Item 6 to "Domestic" uses, list 0.04 cfs (or less) at Items 6 and 7 and change the code in Item 10 to "D".

If that definition does not apply, additional fees are due based on the rate of diversion which you complete at Items 6 and 7. The fee is calculated at \$100 per cubic feet per second. We are currently holding a balance of \$25.00 as shown on Receipt No. C010988.

If these documents are returned by July 30, 1990, late fees will not be assessed. Please contact this office if you have any
