Met with Mrs. Hinckley. She told me that
the pasture has historically been irrigated
from the ditch. They installed a sand point well
in about 1973 and started irrigating their
3 acres of pasture from the well.

She needs an application for permit for the
irrigation well.

They water up to 30 head of cattle.

EVIDENCE OF PRIORITY AFFIDAVIT

This is to verify that VICTOR HALL, a neighbor of the widow, Elsie Merrill Raymond and her family remembers well the pump in question. Victor plowed their garden spot every spring and will testify that the pump was in use from the years beginning in 1920. There was probably an open well before that time.

The water was used for household use from the pump.

Victor Hall was born and has lived in Annis, Idaho all of his life.

He was born November 11, 1905.

DATED this 22nd day of July, 1991.

RE: SUPPORTING EVIDENCE ON PRIORITY DATE FOR NOTICE OF
CLAIM A25-11407

Dear Mr. Hinckley:

The Department of Water Resources is returning your Notice of Claim to a water right in regards to the priority date.

The "Evidence of Priority" submitted by O.D. and Annie Olaveson, on your behalf, in their affidavit received June 11, 1991, in this office (copy of their affidavit enclosed) supports a priority date of July, 1945. If you would like to change your priority date to July 1, 1945, you may do so by lining through January 1, 1900 and entering July 1, 1945. Please date and initial the change. Return the Notice to this office by July 22, 1991, to my attention. I will make the change in our data base.

If you feel your well was established earlier than 1945, then you must submit evidence to support the earlier date. Again, please return Notice by July 22, 1991.

Respectfully submitted,

Ernest Carlsen
Adjudication Supervisor

EVIDENCE OF PRIORITY AFFIDAVIT

This is to verify that O. D. OLAVESON & ANNIE OLAVESON, husband and wife, lived on the 3 acres of property in question for water beginning in July of 1945. There was an established well for water there at that time and had been used for years before that and continually every since.

The water was used for household use, watering lawn, flowers and garden.

DATED this 10th day of June, 1991.

RE: **Evidence of Priority**

Dear Mr. Hinckley:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.

Please submit the required evidence supporting the priority date by **May 29, 1991**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,

Ernest Carlsen
