General Comments

I called the owner on the telephone and learned that the land with the apartment building was sold to the city a number of years ago and the land is now a park. The well is still used, but just for a single residence, and the owner has no plans for any other use of the well. Based on this interview I propose recommending this as a de minimus domestic, so I did not drive to Rigby to do a field exam. Since the claimant paid the "large claim" fee and has evidence of priority, I propose the recommendation *not* carry the N11 remark about "not a determination of historical use."

Ownership

Correct. The mailing address and telephone number are also correct.

POD

The physical location of the well is 355 Centennial Lane in Rigby.

POU

The water is used at 355 Centennial Lane in Rigby.

Overlap

None noted.

Conflict

None noted.

Priority

12/31/1948

Quantity

I propose 0.04 cfs/13,000 gallons per day/ 1.2 acre feet per year.

Re: Water Right Adjudication Claim 25-11456

Dear Water User:

Idaho Department of Water Resources (IDWR) is reviewing claims to water rights in the Snake River Basin Adjudication in your area. Water Resources Field Services has been retained to do field inspections to aid the Department in making correct recommendations to the court. In the next weeks and months I will be contacting you to make an appointment to look at your diversion works and uses of water.

This water-right claim is for one home and four apartments.

I look forward to helping make sure your water right recommendation is correct. Please contact me if there is a particular time that would be convenient for you. You may call in the evening, or leave a message on the answering machine.

Sincerely,

Bryce A. Contor

RE: **Evidence of Priority**

Dear Rhonda T. Rodriguez:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.

Please submit the required evidence supporting the priority date by **May 29, 1991**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,

Ernest Carlsen
