RE : Questions on Water Right Claim # 95-9947

To Whom It May Concern,

My name is Robert Anderson and I am the President of Berry Patch Acres Association. Part of the responsibilities of the H.O.A. is the water system. Berry Patch Water Association is the name of the water right claim for # 95-9947 according to our records.

I have been doing some research through I.D.W.R. websites and our name has not come up in searches. And if a search is done by the claim number, the original applicant (William Miller) comes up. Here are some of the questions I would like to see if your agency can answer :

- What name (organization) is reflected for claim # 95-9947 with your records?
- Is the named group the sole rights holder?
- Are there 'subdivided' right holders inside claim # 95-9947?
- Do property owners in the claim area have water rights?
- If the claim is not under 'Berry Patch Water Association', how can we correct / update the information for future records?

Thank you for your assistance with this matter. You can send or request further information to the following :

- Address above to my attention
- Email to my attention at : berrypatchacres@gmail.com

Sincerely,
Robert Anderson
