Good Morning Mr. Anderson,

We received your letter inquiring as to the ownership of Water Right No. 95-9947. William Miller was the original owner of Water Right License 95-9947 so his name is still listed as the "Active Water Right Owner". As that license was claimed by the Berry Patch Water Association in the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA), the association is currently listed as the owner of the claim. Once that claim is decreed by the Court, the active ownership of the water right will be updated to the Berry Patch Water Association. There may be other water users within the association's service area with their own independent water rights from private wells, but those uses will not affect the allocation of water for the association under Water Right License 95-9947.

For your convenience, I have attached a copy of the Director's Report for CSRBA Water Right Claim No. 95-9947 which reflects the association's ownership of the claim. Feel free to contact myself or our office with any other questions or concerns and we will be happy to help.

Best Regards,

Evan
