March 27, 2008

To the Idaho Department of Water Resources.

I am requesting a period of use of 01-01-12/31 (year round) on stock water on water right claim 27-00094.

On March 25, 2008 I talked to Edessa Jelen^{PE}, Tribal water Engineer of the Shoshone-Bannock Tribe. She has no objection to this request as long as the calculation of cow-calf pairs is included in the water right.

Sincerely

Sidney H. Thompson
Cheryl H. Thompson

Dear Ernie,

We have a Settlement Agreement from the Shoshone-Bannock tribe that has a court deadline for settling this claim until the year round closes on April 18, 2008. We would really like to be able to settle this. Thank you for your help.

REF: SRBA Rights 27-4058, 27-94, 27-11930 and 27-12080

Subject: Basin 27 Objections to Irrigation Use

Dear Claimants:

This letter concerns the objection filed by the Shoshone-Bannock Tribes and/or the Bureau of Indian Affairs (collectively referred to as "the Tribal Objectors") to your water right in the Snake River Basin Adjudication (SRBA) and the concurrence of the Idaho Department of Water Resources (IDWR) in a proposed settlement agreement to resolve the objection.

It is IDWR's understanding that you have agreed to settle the volume objection made by the Tribal Objectors to your water right by including a specific total annual volume limit on your irrigation water right. Recently, the Tribal Objectors requested that IDWR concur in the settlement agreement. IDWR is reluctant to concur in such settlements because of a lack of information regarding actual diverted volumes in Basin 27. If a volume limit is to be included in a water right, IDWR wants to make sure that the volume limit is as accurate as possible. To this end, IDWR is currently in the process of implementing a study intended to provide a basis for determining diverted volumes in Basin 27. Still, IDWR realizes that that some water users might have information that would provide actual diverted volumes for their water rights, thus eliminating the need to wait for completion of the study. As such, IDWR is requesting any information you have to support historical diversion amounts for your water right. If you have any such information, please send it to the address listed above.

RE: Notice of Error Reply 27-94, 27-4058 & 27-11930

Dear Sid and Cheryl:

In response to the Notices of Error you submitted after the initial mailing of the Preliminary Director's Reports in May 2005, enclosed for your records are the revised Preliminary Director's Reports for the above listed water rights and maps of the place of use. These reports are based on information obtained subsequent to the initial mailings and replace the previous Preliminary Director's Reports.

The Department expects to submit to the Snake River Basin Adjudication Court all recommendations for the Blackfoot Drainage, Basin 27, in November 2005. At that time you will receive a Director's Report for each of your water rights, which should mirror each of the revised preliminary recommendations. The Director's Report mailing will not include a map.

Naturally if you have questions please call me at the above phone number.

Respectfully Submitted,

Re: Snake River Basin Adjudication (SRBA)
Claim 27-94 & 27-4058

Subject: RESERVOIR

Response Date: 10 JUNE 2005

Dear Claimant (s):

During the process of evaluating claims filed in the Snake River Basin Adjudication (SRBA), it was discovered that a reservoir is located on the land claimed by one of the two above referenced claims. Please advise when the reservoir was constructed and how you utilize the water from the reservoir.

If the reservoir holds more than one day's worth of water usage, you will need to file a water right for the reservoir.

Respectfully,

Notes

5/9/03 29-94 by Cindy Bird
The 27-C decree dated 8-1-1891
decreed "170 inches" of water. I emailed
Candice and asked her if that is for
170 acres, so, we would need an
enlargement claim or not.

Also, The SOU in the decree is 4/1 - 7/1.
If Sidney Thompson wants to claim an
earlier than 200? priority then he
will need to file an additional B.U.
claim to extend the SOU. Candice
will get back to me on that.

Enlargement claim? NO, it's NOT limited to 170
ac.
Extended SOU claim? yes.

- Also ask Candice if the stockwater
would be considered domestic? Yes.

6/10/03 Mr. Thompson stopped in and
filed an additional beneficial use
claim for the additional SOU. 7/2 → 1/1.
Sent claim to Jennifer with a \$50- ck on
6/11/03.

Need to try and get out later this week or
early next week to examine,
