Idaho Department of Water Resources
Ms. Cindy E. Bird
Adjudication Bureau
15 West Center Street
Soda Springs, ID 83276

RE: Snake River Adjudication, Basin 27, United States Objection to thirteen claims as listed herein

Dear Ms. Bird:

The United States has directed HKM Engineering to attempt to reach a settlement on thirteen claims in which the U.S. had filed objections. That process is on-going, however HKM has found difficulty in reaching an agreement on some of the thirteen claims. That difficulty is basically due to the differences between HKM's findings and IDWR's Recommendations. Of those thirteen claims HKM has developed a file for eleven of the claims for your review. Not included in these eleven files are claims 27-102 and 27-12108. Those claims are in the process of settlement or have as yet not undergone negotiation investigations.

We have developed a summary datasheet for each of the eleven claims that identifies key issues and information explaining our position on each claim. The information was derived from IDWR documents, notes and comments, HKM's stereo aerial photography analysis results and HKM's field investigations. Included are HKM's recommended acreage and diversion rates associated with our analysis and findings.

HKM is respectfully requesting you to review our findings on the eleven water right recommendations to determine if there is anything you can do to help resolve our differences. If not, future hearings and additional litigation costs will unfortunately be the result. The main issue surrounding these claims is their idle condition and our unwillingness to accept the IDWR recommended irrigated acreages for claims that we believe have been idle since 1980 and longer.

Each of the eleven claims and its associated recommendation is unique, but all of them have a long history of inactivity, or no historic activity, for all or part of the claimed place of use. If our findings indicated current or recent irrigation had occurred as of 1987, the U.S. did not object to those acres.

In one case, a claimant wants to transfer a water right that has not been used in over 30 years as of 2003 (per IDWR documents), to a new proposed wetland project. The USDA indicates the wetland project will be entirely natural with no man induced diversion of water. The claimant also stated he has no interest in irrigation. We have been unable to negotiate with the claimant due to the acreage recommended by IDWR.

We have found some claims to be inaccurately mapped and the claimant was agreeable to changing the place of use to match the correct place of use. That occurred with claim 27-102 and we prepared a map and submitted it to IDWR. We anticipate that claim to be settled due to insignificant differences.

There are also claimed lands being sub-irrigated without a man-made distribution system or located above the claimed ditch and can't be irrigated. We believe these areas should be deleted from the IDWR recommendations.

For Settlement Purposes Only

Idaho Department of Water Resources
Ms. Cindy E. Bird
March 28, 2007
Page 2

These types of problems need to be addressed so settlement talks can move forward with the claimants and their attorneys. We, at HKM, do believe our goals are the same as yours and we appreciate your time in helping to resolve these issues. If a settlement can be attained we anticipate a significant cost benefit to all parties in this adjudication.

There are six claims where HKM cannot identify current or historic (post 1980) irrigation and recommends that the claims be awarded no irrigated acres. The claimants are not willing to withdraw their claim if the IDWR maintains their current acreage recommendation. These claim numbers are: 27-49, 27-76, 27-2069, 27-2075, 27-2078, and 27-12045.

Our analysis of the remaining five claims indicate partial irrigation on the claimed lands and we are negotiating with some of the claimants at this time. These claim numbers are: 27-54, 27-2108, 27-2026, 27-2066 and 27-11317. The place of diversion and place of use will need to be modified on these to reflect the correct locations. We have also included some maps from our files on these claims for your review.

HKM would like to schedule a conference call and work session with IDWR personnel to discuss the above claims. We believe that would help us both understand our differences and hopefully resolve them. It may be necessary to schedule a field trip with IDWR and the claimants if possible this field season. We believe the field trip would help to resolve a number of these discrepancies. The window of opportunity for settlement requires that we address these issues at your earliest convenience. The United States has requested that we have responses completed by April 20, 2007.

Please call me with any questions you may have after you have had an opportunity to review our enclosed analysis, findings, and exhibits.

Respectfully submitted,

HKM ENGINEERING INC.

Loring Gurney

Notes

2/7/07 David Boser came by the office to discuss the status of the Meadow Ck Ranches rights.

27-12097 & 12099 are waiting for the Special Master's order for them to proceed to becoming partial deuces.

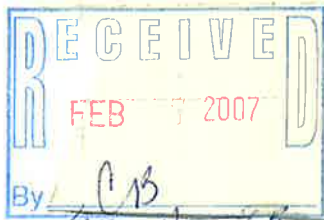

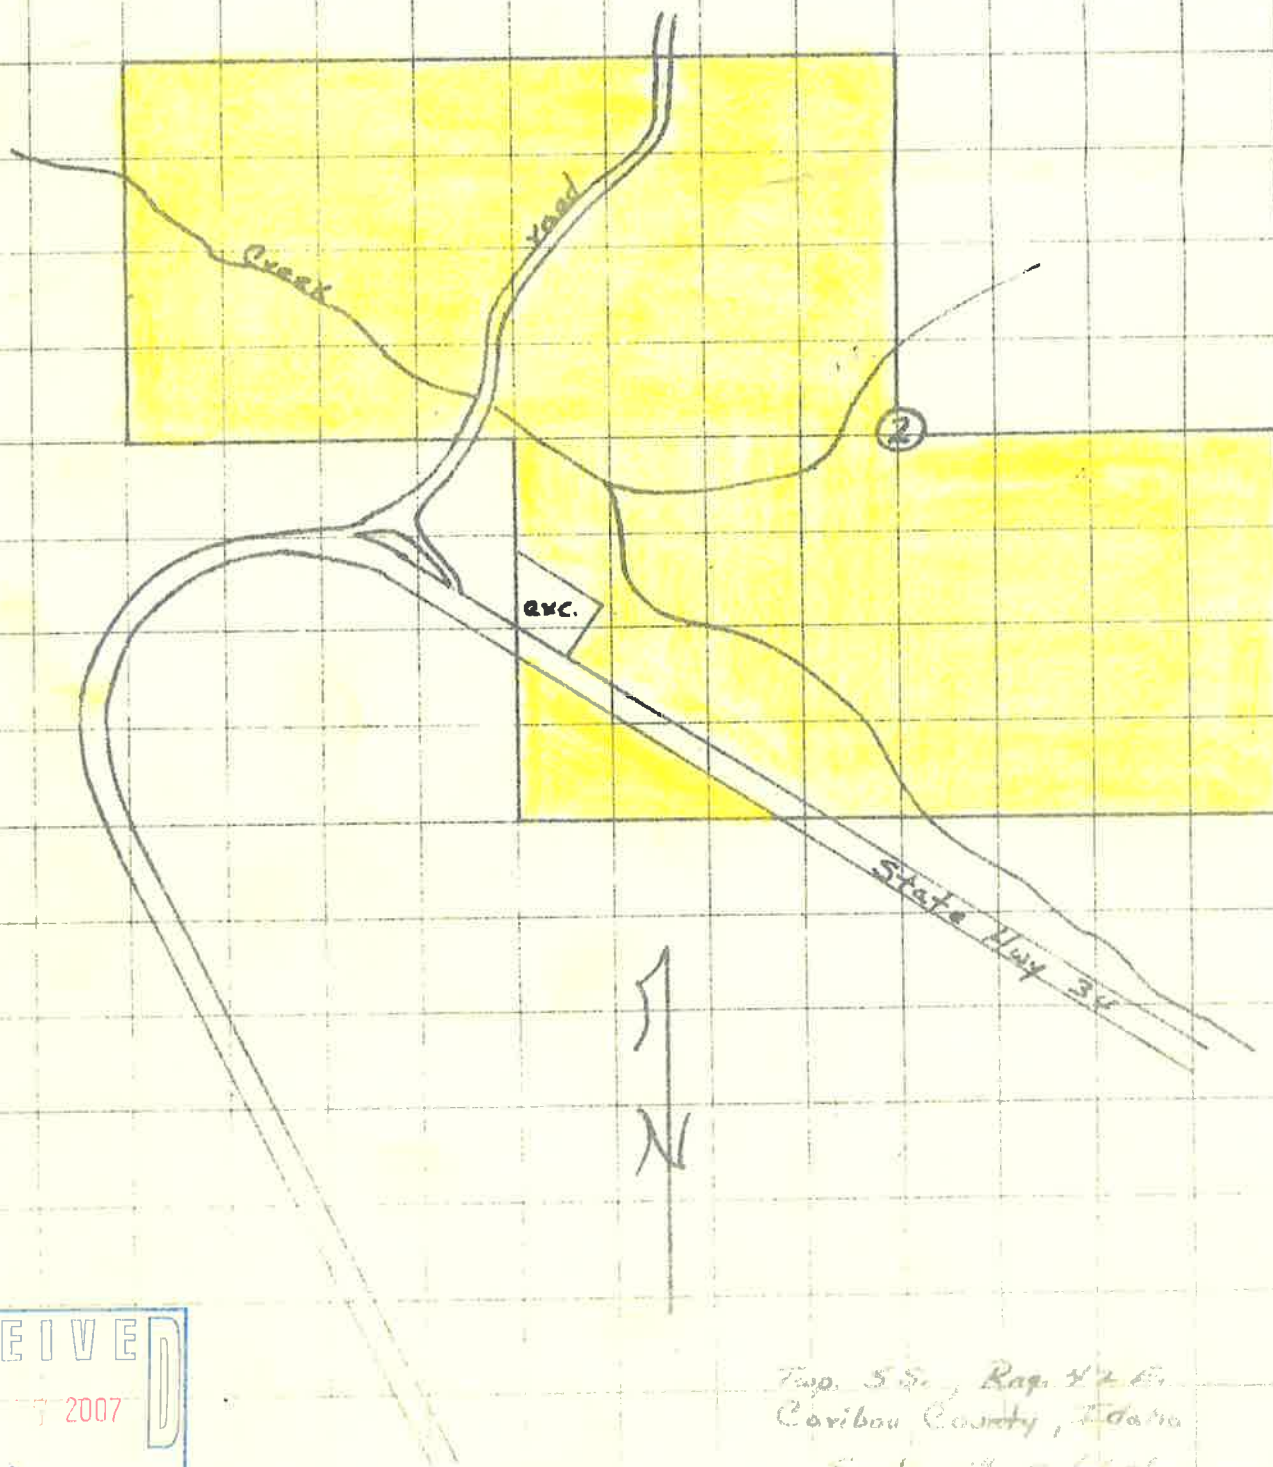

SFS's are circulating on 27-12096, 12098 & 12100. The Tribe should have received them today or maybe tomorrow.

27-102; David gave me a copy of the map he sent to Mr. Billstein, HKM, and we compared it to his map and the Poll Eerie & David came up with. David feels he is cutting too much off the meadow because of the spreader dam.

David's going to mark up the drawing and send me a copy when he returns it to HKM.

12/12/07 Talked with Loring Gunney. Received revised map.

2:50pm. I spoke with David Boser about the revised map. Will get with me in the next couple weeks.

Project Name: FT HALL

DATE 1-24-07

Project Number: 3M137,224

TO: Cindy Bird

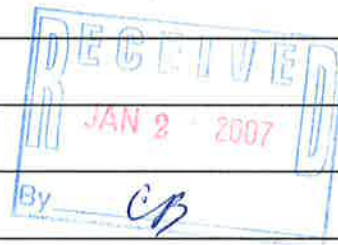

Cindy, here is a map as we see the irrigation pertaining to this claim.

I hope this helps. Our only intention is to be sure a claim is not awarded for a greater acreage than actually exists on the ground.

As you can see we don't have any problem with the claimed 143 AC as long as the place of use can be altered to reflect the more correct place of use.

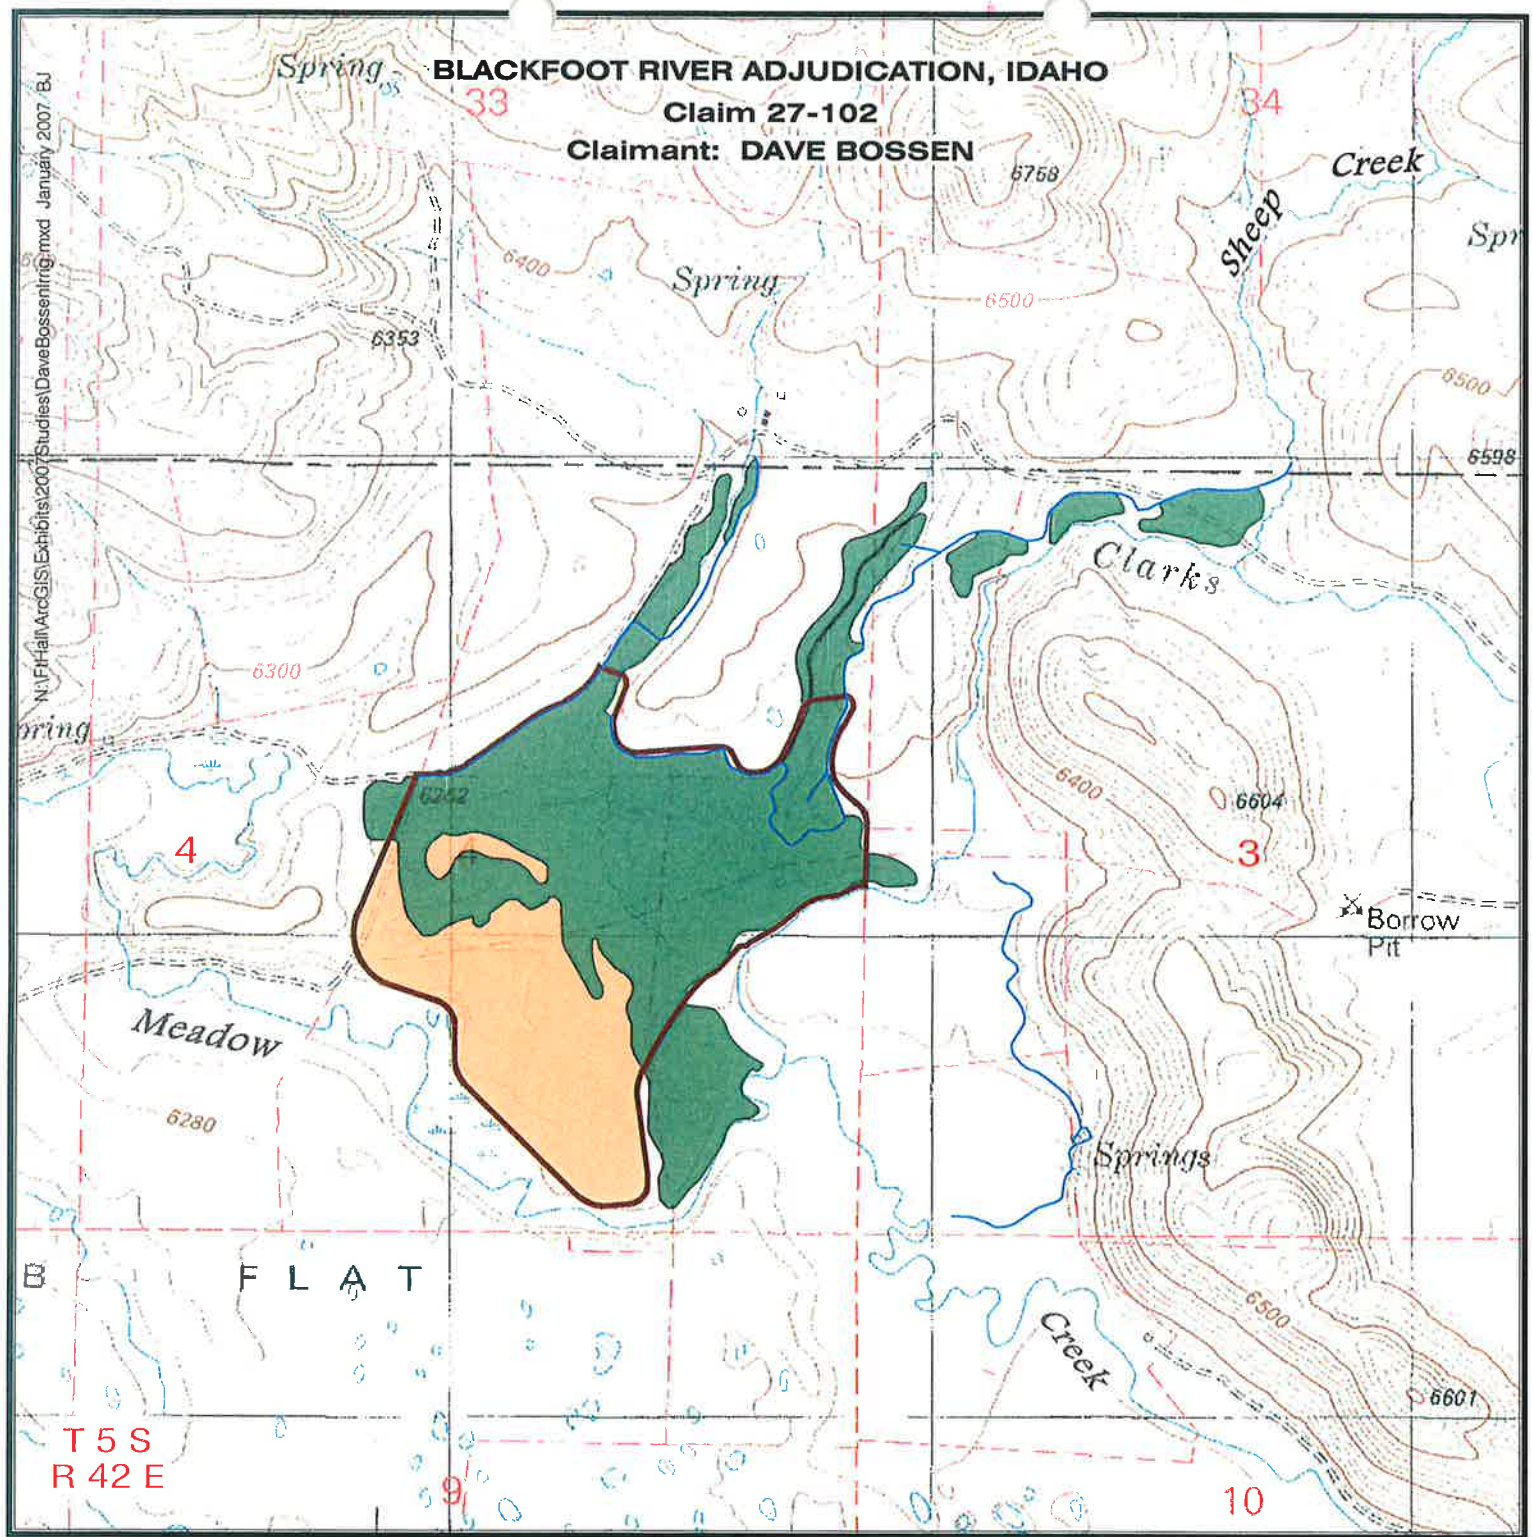

Sincerely,
Nalpa Saunders

Mr Bossen agreed that some
lands were high but believed
his acreage was right. As you
can see we agree.

REF: SRBA Rights 27-102 and 27-74

Subject: Basin 27 Objections to Irrigation Use

Dear Claimants:

This letter concerns the objection filed by the Shoshone-Bannock Tribes and/or the Bureau of Indian Affairs (collectively referred to as "the Tribal Objectors") to your water right in the Snake River Basin Adjudication (SRBA) and the concurrence of the Idaho Department of Water Resources (IDWR) in a proposed settlement agreement to resolve the objection.

It is IDWR's understanding that you have agreed to settle the volume objection made by the Tribal Objectors to your water right by including a specific total annual volume limit on your irrigation water right. Recently, the Tribal Objectors requested that IDWR concur in the settlement agreement. IDWR is reluctant to concur in such settlements because of a lack of information regarding actual diverted volumes in Basin 27. If a volume limit is to be included in a water right, IDWR wants to make sure that the volume limit is as accurate as possible. To this end, IDWR is currently in the process of implementing a study intended to provide a basis for determining diverted volumes in Basin 27. Still, IDWR realizes that that some water users might have information that would provide actual diverted volumes for their water rights, thus eliminating the need to wait for completion of the study. As such, IDWR is requesting any information you have to support historical diversion amounts for your water right. If you have any such information, please send it to the address listed above.

SCANNED

Claim 27-102

POU

I started with a shape (27-00102) that apparently was created by someone in Idaho Falls. When I used GeoProcessing, it said that there was "0.0" in the NWSW. Since the shape didn't even border that QQ, I deleted that line, converted the shape then combined the pieces. Renamed the file 27-102.

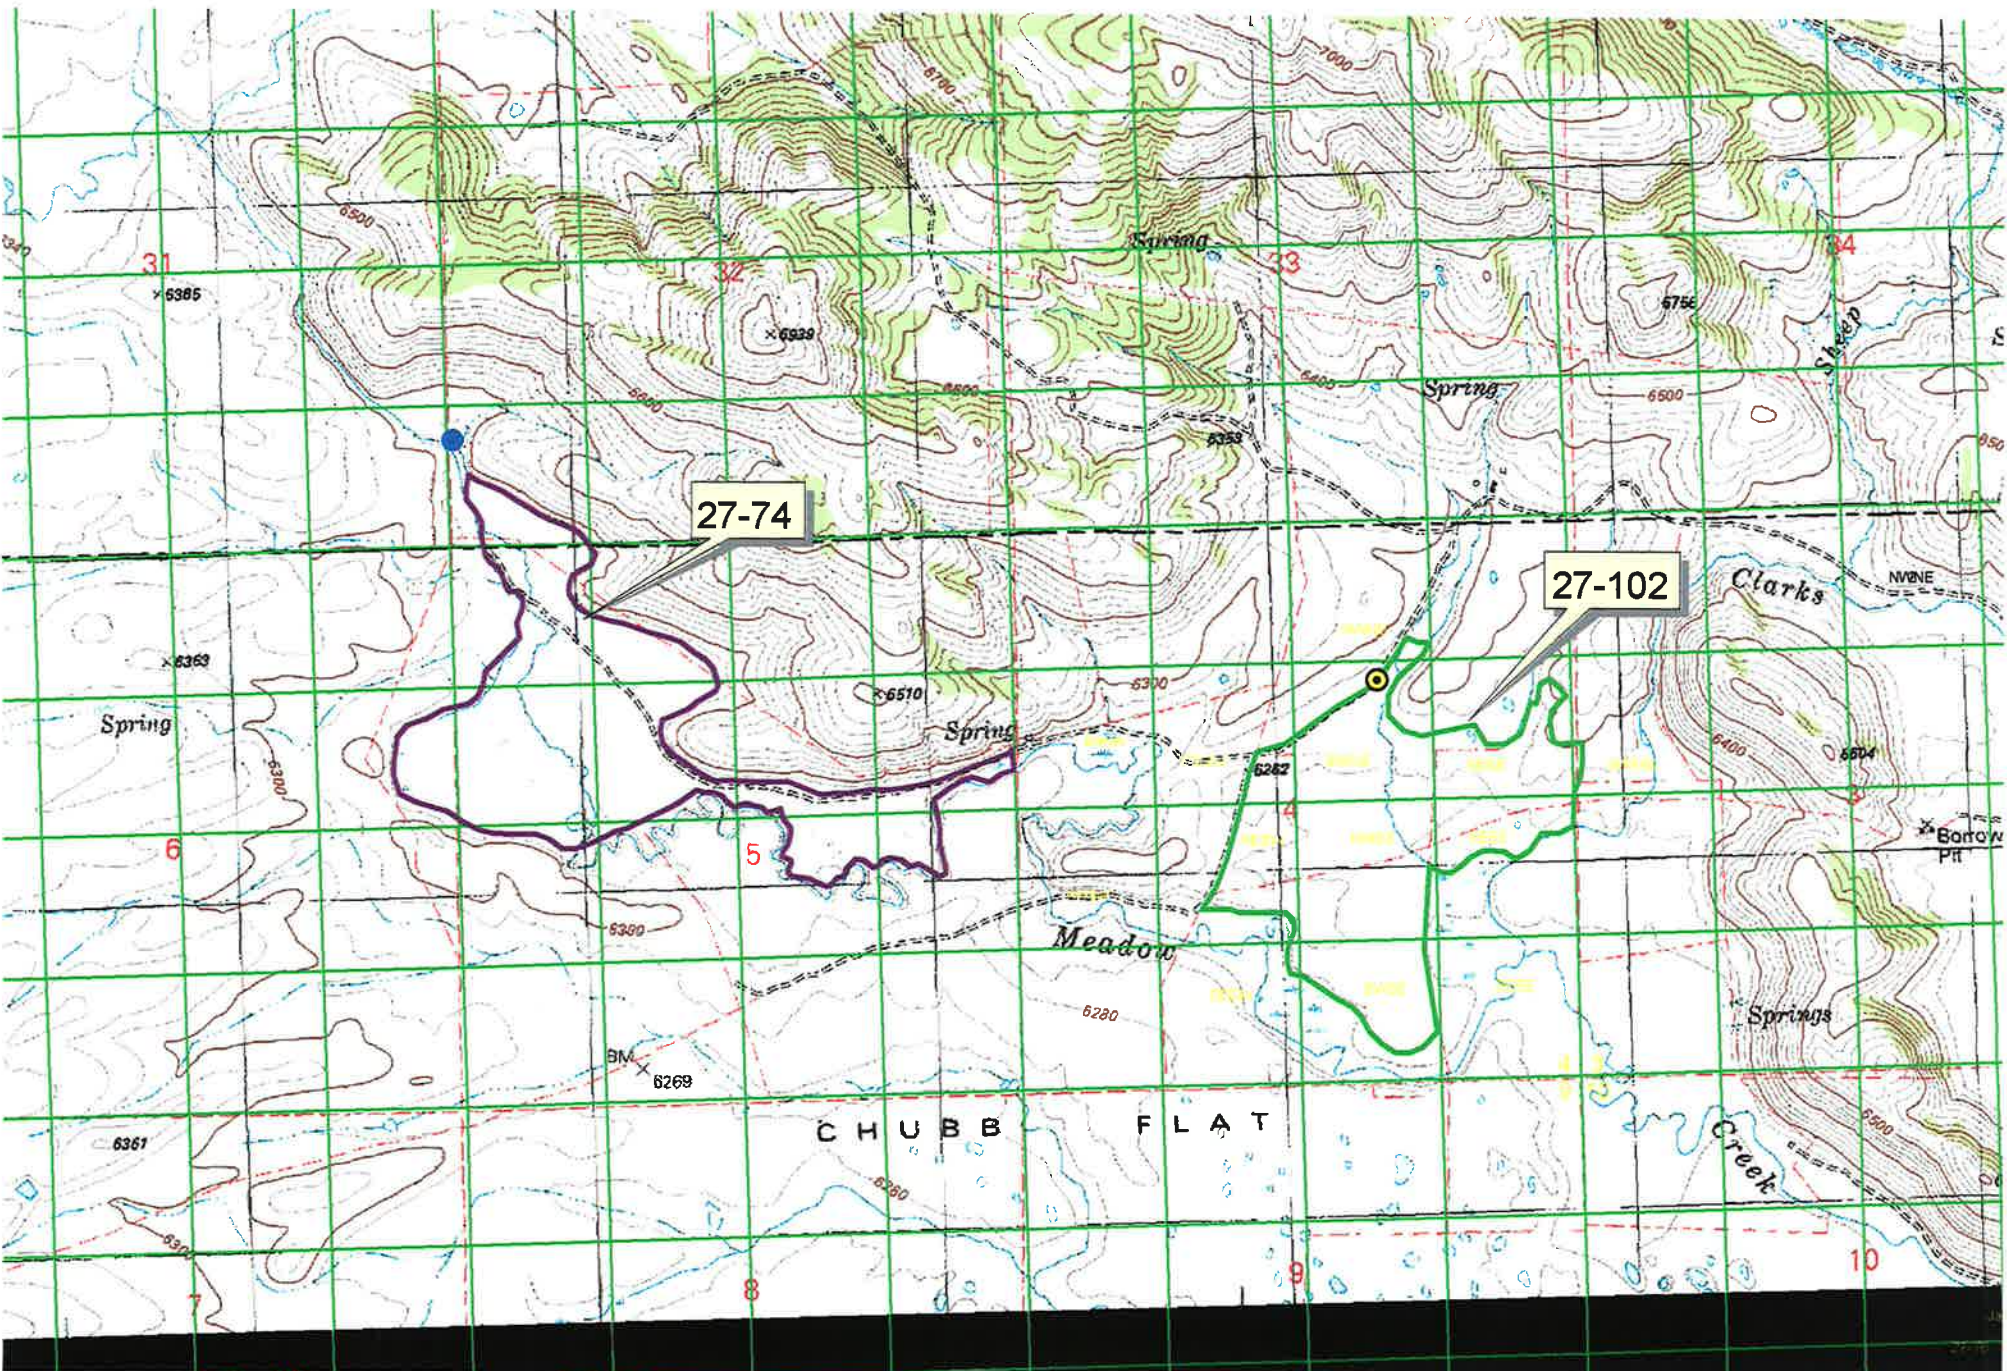

POD

I did not find a POD file so using the printout of the shape in the file, I created a POD placing it as close to the drawing as possible and apparently named it.

John Swank,
plaintiff,

vs.

Lars Hansen, A.B. Hansen,
C.E. McPherson and J.S.
Pond, Chas. Burton, and
G.B. Hansen,
defendants.

JUDGMENT

27-E

Printed

This cause having come on regularly for trial on this the 9th day of June, 1904, upon the complaint of the plaintiff and upon the answers and cross complaints of the respective defendants, S.C. Winters appearing as attorney for the plaintiff, C.A. Boyd appearing as attorney for Elizabeth P. Hansen, administratrix of the estate of O.B. Hansen, deceased, and Stanford & Terrell appearing as attorneys for Lars Hansen, C.E. McPherson, J.S. Pond and Chas. Burton; and the plaintiff having failed to offer any testimony on behalf of his complaint and no testimony being offered on behalf of said plaintiff, counsel for said plaintiff stating that he had no witnesses present to testify on behalf of said plaintiff, the plaintiff himself being absent, and no cause being shown to the court why the cause could not proceed to trial, counsel for the respective defendants moved the court for a judgment of dismissal of the plaintiff's complaint, which said motion was thereupon granted, and the plaintiff's said cause of action dismissed, the court proceeded to the hearing of the testimony upon the cross complaint of the respective defendants who have appeared in said cause and pleaded therein, and witnesses being called on behalf of said defendants and cross-complainants, and the documentary evidence having been submitted, and counsel said cross-complainants and defendants having waived findings of fact and conclusions of law in open court, and the court having duly considered all the testimony and being fully advised of the law in the premises; now renders its decree, and adjudge as follows, to-wit:

That the plaintiff take nothing by reason of his complaint herein, and that his said cause of action be dismissed absolutely;

That the defendant and cross-complainant Lars Hansen is entitled to the continuous flow of three and one-fifth cubic feet per second of time of the waters of Meadow Creek, for domestic and agricultural purposes, his right to the use thereof to date from July 1st, 1893, and to be used upon the following described land, to-wit: Lots numbered one and two section 26, and lots one and two and the north-east quarter of the south-east quarter section 27, township five south, Range 42 east of Boise Meridian, containing 160 acres more or less, situate in Blaine County, State of Idaho;

That said defendant Lars Hansen is also entitled to the continuous flow of three and one-fifth cubic feet per second of time, of the waters of Grouse Creek and Sheep Creek, Tributaries of Meadow Creek, for domestic and agricultural purposes his right to the use thereof to date from the 15th day of May, 1890, and to be used upon the following described lands, to-wit: South-east quarter of the north-east quarter, the North half of the south-east quarter, and the north-east quarter of the south-west quarter, section four, township five south, Range 42 east of Boise Meridian, containing 160 acres, in Blaine County, State of Idaho.

That said defendant Lars Hansen is also entitled to the continuous flow of four cubic feet per second of time, of the waters of Meadow Creek, for domestic and agricultural purposes, his right to the use thereof to date from the 1st day of May, 1890, and to be used upon the following described lands, to-wit: The North half of the south-west quarter and the north half of the south-east quarter of section five, and the north-west quarter of the south-west quarter and the south half of the north-west quarter, and the south-west quarter of the north-east quarter, of

PROFILED

SCANNED

section four, all in township five, south, range 42 East Boise Meridian, Bannock County, State of Idaho, and containing 320 acres;

27-0104 That the defendant and cross-complainant C. E. McPherson, sometimes known as Evan McPherson, is entitled to the continuous flow of one cubic foot per second of time of the waters of Meadow Creek, for domestic and agricultural purposes, his right to the use thereof to date from the 15th day of May, 1890; also to the continuous flow of one cubic foot per second of time, of the waters of Sheep Creek, a tributary of said Meadow Creek, for domestic and agricultural purposes, his right to the use thereof to date from the 15th day of May, 1890; also to the continuous flow of one-half cubic foot per second of time, of the waters of those certain small springs located and rising upon the lands of said defendant herein after described, for domestic and agricultural purposes, his right to the use thereof to date from the 15th day of May, 1890; all of said water to be used upon the following described lands, to-wit: The west half of the south-west quarter, section three and the north half of the north-west quarter of section ten, township five south, range 42 East of Boise Meridian, Bannock County, State of Idaho, containing 160 acres;

27-0107 That the defendant and cross-complainant, Chas. Burton, is entitled to the continuous flow of eight cubic feet per second of time, of the waters of Meadow Creek, for domestic and agricultural purposes, right to the use thereof to date from the 1st day of January, 1891, to be used upon the following described lands, to-wit: East half of the south-east quarter, section ten, east half of the north-east quarter, section eleven, west half of south-west quarter, section eleven, west half of north-west quarter, section fourteen, township 3, south of range 42 East of Boise Meridian; and the east half of north-west quarter, and north half of south-west quarter, section fourteen, township five south, of range 42 East of Boise Meridian, containing 480 acres, and being in Bannock County, State of Idaho;

27-0108 That the defendant and cross-complainant L. S. Pond, sometimes known as Louis S. Pond, is entitled to the continuous flow of three and one-fifth cubic feet per second of time of the waters of Meadow Creek, for domestic and agricultural purposes, his right to the use thereof to date from the 1st day of April, 1891, and to be used upon the following described lands, to-wit: Lot three, and the south half of the north-west quarter, and the north-east quarter of the south-west quarter, section five, township six south, range 42 East of Boise Meridian, Bannock County, State of Idaho, and containing 160.12 acres;

27-0109 That the defendant and cross-complainant, Elizabeth P. Hansen, as the administratrix of the estate of O. B. Hansen, deceased, is entitled to the continuous flow of three and one-fifth cubic feet per second of time, of the waters of Meadow Creek, for agricultural purposes said right to the use thereof to date from the 1st day of April, 1891, and to be used upon the following described lands, to-wit: South half of the north-east quarter, the north-west quarter of the south-east quarter, section five, and south-west quarter of north-west quarter, section four, township six south, range 42 East of Boise Meridian, in Bannock County, Idaho, containing 160 acres;

All water to be measured at the point of diversion.

It is further ordered, adjudged and decreed that the plaintiff and the several defendants and cross-complainants herein and each of them, jointly and severally, their agents, attorneys, heirs, assigns, and assigns, be and they are forever and perpetually enjoined and restrained from in any manner molesting or interfering with the rights of any of the parties as herein decreed, and the several and individual rights of the several defendants and cross-complainants as herein decreed shall be protected by said injunction from any intrusion or interference by each and every of the other defendants herein and the said plaintiff; herein pay the costs incurred by him; and that the defendants and cross-complainants herein to whom rights are herein decreed, shall each pay an equal share of the costs incurred by all.

Done in open District Court on this the 10th day of June, 1904.

STATE OF IDAHO, }
COUNTY OF BANNOCK, } ss.

Court.

I, E. G. Gallet, Clerk of the District Court, Ex-Officio Auditor and Recorder of Bannock County, Idaho, do hereby certify that the within and foregoing is a full, true and correct copy of the original Water Decree

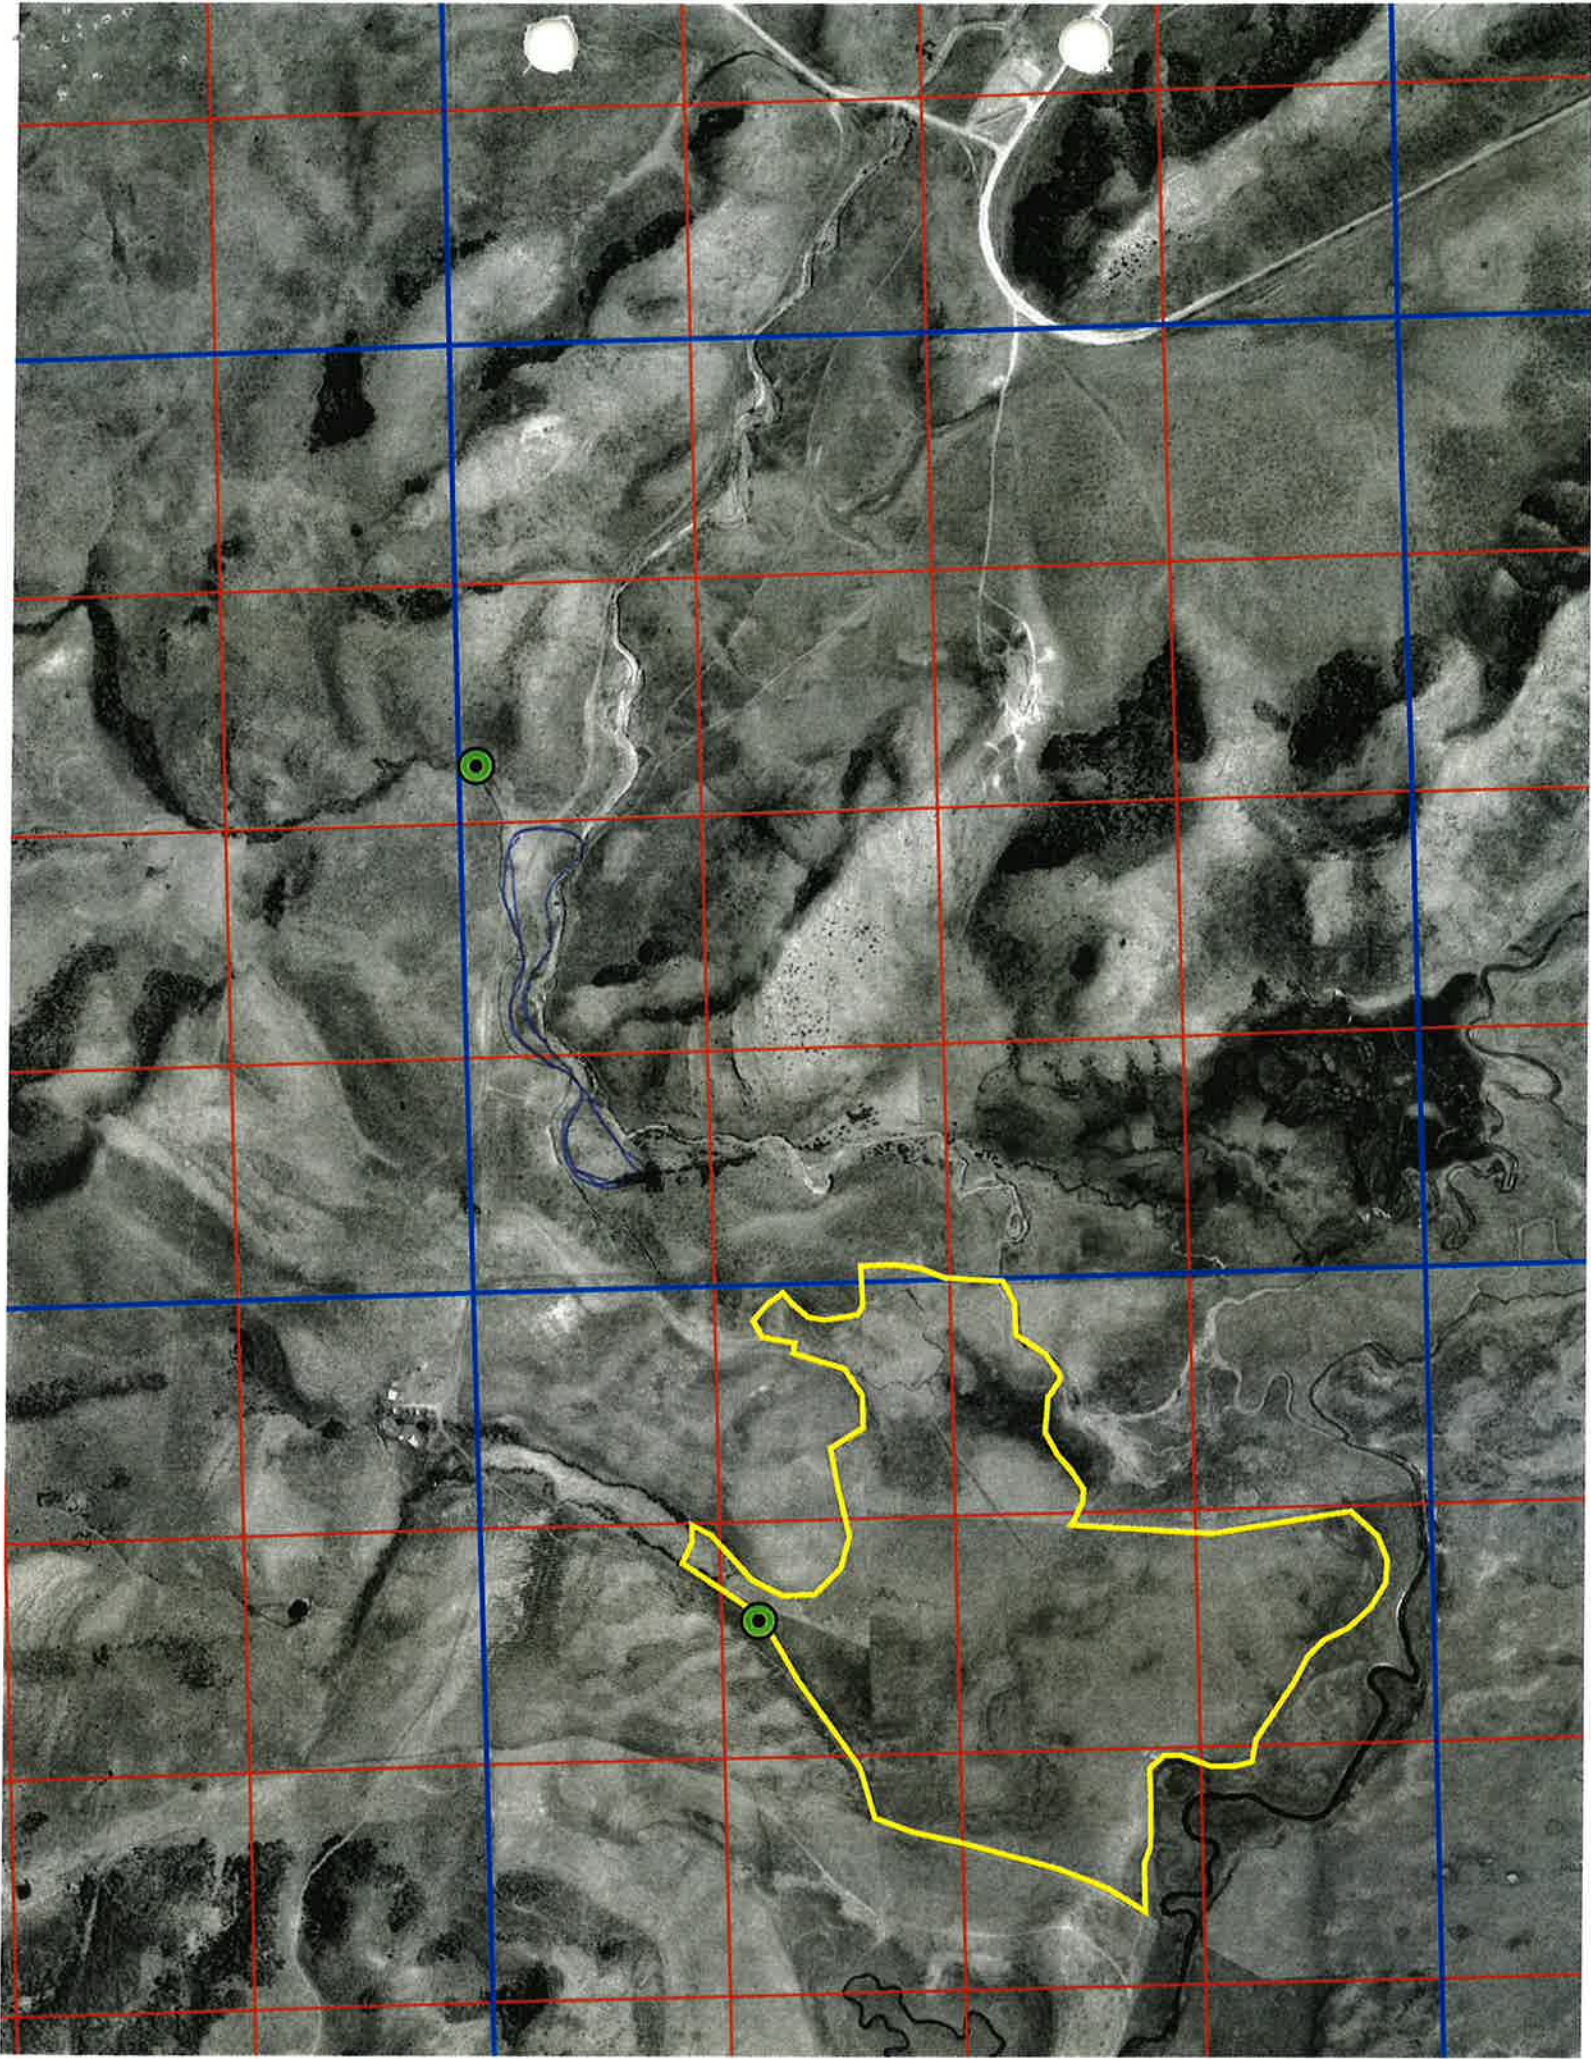

as shown by the records of my office.
