Subject: AG letter to Claimant 27-2040 & 27-2009

Hi Vicky,

Here is another slow claimant. We last wrote Vicki Enders Hansen, 3493 Sioux Circle, Provo, UT 84604 concerning changes in the POD, POU AND SOU. The last letter covering both claims was dated September 29 and we requested a response date by October 29.

We requested "they provide us with the date the change was made and some evidence tending to support the changes. If the changes occurred prior to November.....prior to November 19, 1987."

We have called them on numerous occasions but no answer. (801) 373-6733.

Perhaps they will respond if you rattle their cage.

Thanks.

Re: Snake River Basin Adjudication (SRBA)
Water Rights Claims A27-02009 & A27-02040
Subject: Changes in the POD, POU and SOU
Response Date: 29 October 2003

Dear Claimant(s):

Our office is reviewing your above referenced Notice of Claims and needs some additional information to recommend your claims to the SRBA Court.

A water right owner who has made changes in the Point of Diversion (POD), Place of Use (POU), and Season of Use (SOU) of a water right prior to the commencement of the SRBA without prior IDWR approval may claim the change in the SRBA. IDWR may recommend a right as changed, however, only if the change meets certain requirements. One of those requirements is that the change not result in injury to another water user.

Before we can recommend your claims, you must provide us with the date the change was made and some evidence tending to support the changes. If the changes occurred prior to November 19, 1987, then the date must include the month, day and year the change occurred. If the change occurred after November 19, 1987, then no date or evidence is required and the claim will be recommended as it was prior to November 19, 1987.

You will need to contact IDWR after the partial decree has been issued for approval to change the components on the decree.

Your response must be received by this office by the response date shown above. If no response is received then your claim to Water Rights 27-2009 and 27-2040 will not be recommended to be decreed.

If you have any questions please feel free to contact me at 547-3993.

Respectfully,

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.
