Special Master Bilyeu:

Your Honor in reference
to water rights numbers.

27-4011

27-11998

27-11999

and if advice and help from
Mr. Mike Holliday (IPWR) IP Falls.
I would like to explain a
discrepancy.

These 3 rights are all
in my pasture in Diamond Creek
with only 1 stream running into
Dia Cr (trib. TO Blackfoot River).

I ran 300 cows-calves in
the same pasture from May 1 TO
Nov 30. They have access TO
all 3 streams. This calculates
TO

$$\begin{aligned} & 300 \text{ cow calf} \times 20 \text{ gal per cow calf} / \\ & \text{day} \times 214 \text{ days} \times 1 / 325,850 \text{ gals.} \\ & = 3.9 \text{ AFY.} \end{aligned}$$

When I met with Elise Teton
The Fall of 2007. She helped me
calculate a Volumetric Amount For
a settlement with the Tribe.

I must have confused her
because the following was
calculated which is incorrect.

Plus 300 cow-calf / 20 gal / ~~20~~ days
100 cow-calf X 20 gal / day X ~~20~~ days.

Your Honor and finally water
right number

27-12082 (instream stockwater
Timothy Cr.)

This is a separate pasture
with separate cows.

period of use: 5/1 - Oct 27.

40 cows X 12 gal / cow / day
X 150 days X 1 acft / 325,850 gal
= 0.22 AFY.

I would appreciate your
consideration on this matter

Thank you
Lynn Rasmussen

Notes

4/2/04 Claimant's amended claim for
stock/Domestic - diminimus

Recommend as noted. CB

10/28/04 Did a field exam yesterday and
GPS'd a domestic/stock spring and homes
but it doesn't match this claim. Talk
to Lynn and find out if it is the same.

11/10/04 priority 4/1/1925, this is the same. ~~CB~~ They
had trailers and the cabin there in
1925. In 1980 Lynn built his cabin
and removed the trailers.
Update the information.

12/6/04 I talked with Lynn on this night because
the 3 cabins/homes & trailers were
not all there in 1880. Only the one
homestead would (or the replacement) would
fall under the 1880 priority. They would
have to file on the other cabins/trailers
when they were built. Lynn would
like his cabin recommended as the
replacement home.

Recommend as Lynn + Glenn's cabin.

"1" home NOT 3!

evidence has been provided

CB 11-17-03 Alice Gibson & Myrtle H Steele (mom)
Came into the office to bring documents
for evidence of priority. This property has
been in the family since the original

- Needs field exam to locate POD.
- Is stock in stream or diverted?

REF: Domestic Use

Subject: Beneficial Use of the water

Dear Lynn,

Your SRBA claim 27-4011 could be recommended for domestic and stock with a 1925 priority date from the spring. I can't however recommend the three domestic places under the 1925 priority date because there was only one home not three at that time. I know you told me that your cabin and the trough were built in 1980 but did your cabin replace a trailer? When were the additional trailers moved on to the property around the old cabin?

A separate beneficial use claim should be filed to cover the additional 2 cabins. For your convenience I have included a SRBA claim form to use to file the additional claim. If the cabins and trailers were added at different times then two additional claims need to be filed with the appropriate priority date.

If you have any additional questions, please feel free to contact me at 547-3993. I will be out of the office until Monday November 15th.

Respectfully,

Cindy E. Bird

I, Myrle Steele testify that in 1940's, my husband Val Steele (dec.) with his father, Harry Steele (dec.) purchased the Palfreyman place near Soda Springs, Idaho.

Some ditches were in place for irrigation, other ditches were dug to irrigate the pastures. The water was used for culinary and stock water.

We have continued to irrigate and use the water for stock and culinary uses.

I have been a part of the operations since the 1940's. And at this time with my

RE: SRBA Claim No. 27-4011, 27-4066, 27-4068

Dear Mr. Rasmussen:

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 27 in the Snake River Basin Adjudication.

The Department of Water Resources has previously contacted you regarding the need for priority evidence for your SRBA claims nos. listed above. However, the Department has not received the information requested. I have enclosed a brochure that discusses the type of evidence that can be helpful in proving the priority date for a water right claim.

In order to make a complete and accurate recommendation of your water rights, each element of the water right must be proven. At this time, the Department will not be recommending your water rights as claimed because you have not provided proof of priority for your claim.

Please contact Cindy Bird at the Soda Springs Office for the Idaho Department of Water Resources at 208-547-3993 or you can contact me directly at 208-327-5404.

Very truly yours,

Re: Evidence of Priority

Claim No.(s) A27-04011

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by June 26, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.
