Notes

4/29/05 - Review City boundaries from map.

5/2/05. I called Rick Anderson to explain that we need to have the mayor file a claim on well #2. We will need evidence to support the priority date.

Rick said well #1 & 2 are 20' apart.

I told Rick we need to know what well #1 was pumping in 1910. He said he has no idea. He has worked for the City for the past 10 years.

Documents in the file: after reviewing several documents in the file it looks like the first time a pump was installed in the well was 7-30-1910. Then they had several occasions to work on the well. They replaced the 5 hp pump with a 10 hp in Sept. of 1910, so it "would throw 100-150 gpm".

1910: Diversion rate was based on 150 gpm.

7/7/03 Review the documents in the file to see if it will support 2 wells in 1910. Otherwise, the claim will need to split with two different priority dates. Does the documents in the file support a second priority date? If not, please request evidence of priority for the second well.

Where is the 2nd well located?

When was the 2nd well drilled?

Check the census bureau for the population of the City of Shelby in 1910.

7/8/03 email Mark Larson to see if he has the Service area for the City of Shelby or do we need to request it.

RE: Evidence of Priority
Claim No. A27-04107

Dear Cindy,

Enclosed are copies of the documents I spoke to you over the telephone about regarding claim number A27-04107 for the City of Shelley. You received a claim in 1989 stating our priority date was 11/01/1948 for our city wells. However, upon researching this matter I discovered in 1948 the pump was replaced on the well, and the city actually drilled its first well and began using it in 1910.

The documents enclosed include minutes from council meetings held beginning in 1909 when the city governing board began discussing the construction of a city waterworks system until the pumping of the new well began. I have tried to highlight those sections of the minutes. I have also included copies of payable ledger pages showing the expenses that were paid to the contractors installing the waterworks system and drilling the well. There is also a copy of a bond register showing that the city bonded the project.

I hope I have included enough documentation showing evidence of our priority date to be amended to 09/07/1910. The only difficulty I have had is finding an exact address of where the well was drilled. Since there is no evidence of any wells being capped off I have to assume the well is at 155 W. Pine Street where well #1 and #2 exist which is claim A27-04107.

I appreciate all of your help on this matter, and if you have any questions please contact me at (208)357-3390. Will you please advise me if this documentation will validate our priority date as 1910. Thanks.

Sincerely,

Sandy Gaydusek

Subject: City of Shelley

hi Candice,
I hope your feeling well with your pregnancy. Do you know what the baby is yet, boy or girl?

City of Shelley filed a statutory claim 27-4107 in the SRBA with a 11-1-1948 priority date. When they were asked to provide evidence to support the priority date they found documentation that the original well was drilled in April of 1910, a bigger replacement pump was put in in 1924 and 148. But they claimed a diversion based on 3000 people. Does the diversion rate need to reflect the population of 1910? And today the population is actually 3813. How is growth populations accounted for in muninciple systems?

Several McCutcheon and Carson
 of the McCutcheon Heating & Plumbing
 have asked to submit a plan and
 figures of approximate cost of a water
 system with reservoir on hill, raising
 8 in. head main up state st. to Public
 school corner, and 2 in. gal. iron pipe
 to supply 11 blocks. Reservoir capacity to
 be 60,000 gal. also a well & gasoline
 engine, and a cylinder pump, 5 bar
 pump and all necessary fittings for
 a complete system, all to be furnished
 complete and tested out.

It was shown that an 8 in. wood main
 could be used at a saving of 33% over
 a 10 in. iron main, that the difference
 in cost of the pipe from the Public
 to town would be approximately
 \$2,000.

Minutes of last regular meeting and
special meeting read and approved.

Report of waterworks committee made
by N.C. Mickelson as follows: "Committee
had decided that it would be more
economical and practical to run the
main pipe line from reservoir down the
west side of Butte in a southwesterly
direction to a point on base line street
south of S.S. Humphrey's house, thence west
to North west corner of John E. Kelley's farm
thence North to corner east of A.M. Nielsen's
hotel thence west to State Street and north to
school house, making the main line 2 miles
long instead of $1\frac{1}{2}$ miles as first estimated.

The committee had also waited upon S.S.
Humphrey, Jas. C. Hansen, Hans Larson, N. G.
Humphrey, John E. Kelley, Joseph Oler and L. J.
Engelstrom who all were willing to pay \$300⁰⁰
each for the privilege of tapping the main, this
would mean an additional revenue of over
\$2000⁰⁰ and would pay the extra cost of
the $\frac{1}{2}$ mile of main. Other parties had been
seen but no definite answers obtained.

Mr Mickelson also reported that the committee
had waited on Shelley Banking Co. and that
the bank would furnish necessary money
providing the Village issued the bonds and
pledged them as security same to be accom-
panied by an abstract showing legality of
same.

Report accepted.

On motion Lundell That parties above mentioned
be placed under contract at once and all
other parties desiring to tap main at same
price.

Hon. Board of Trustees Village of Shelley
Gentlemen:-

We your committee appointed on streets, alleys and platting beg to report as follows.

We have inquired fully into the condition of the streets, alleys and platted sections of the Village and we recommend to the Hon. Board of Trustees the following resolutions
1st That base lines be established running North and South, East and West, whereby the lots in the platted part of town can be properly located.

2nd That Block #19 be recorded as last platted, said recording to be done at the expense of the owners.

Shelley, Idaho. Sept. 18, 1899
 Special meeting, Board of Trustees
 Village of Shelley. Full Board present.
 also Messrs W.R. McCutcheon & Carlson.

On motion of Trustee N.C. Michelson
 "Be it resolved by the Board of Trustees
 of the Village of Shelley that said Board
 of Trustees of the Village of Shelley cause
 to be constructed a suitable system of
 water-works and that the same be con-
 structed as near as practical upon the
 following plan to-wit:

A suitable reservoir of 60,000 gallons
 capacity to be constructed at the top of
 what is known as the Shelley Butte
 lying East of Shelley about 5500 feet;
 said reservoir to be constructed by exca-
 vating the earth until lava formation is
 reached, then to be concreted with cement
 and sand mortar. The bottom of said
 reservoir to be laid with concrete of not
 less than four (4) inches in thickness
 and the walls to be constructed of concrete
 to be not less than eight (8) inches in
 thickness and mixed and prepared accor-
 ding to approved formula for such work.
 Said reservoir to be covered in with lumber.

That the balance of the systems of
 water-works consist of a well of
 sufficient size for the uses and purposes
 of the Village of Shelley to be hereafter
 determined, and a pump house to be
 constructed upon a plan suitable
 for the purposes and in accordance with
 the plans and directions for the cons-
 truction of the same of the water-works
 committee of the Village of Shelley.

An eight (8) inch wire wound asphalt
 dipped wood pipe to be laid from the
 reservoir a distance of about 5885 feet
 on a line running westerly from said
 reservoir along the base line to the South-
 west corner of Section 33 Twp. 1 North of

Range 31 East B.M. running thence North on Section line between Sections 32 and 35, a distance of about 2700 feet to the South-line of the Shelley Townsite, running thence to the North-west corner of Block 23 of the Shelley Townsite, thence at right angles with the Oregon Short Line Railway across the right-of-way of the said Oregon Short Line Railway Company to a point on the West side of said right-of-way to the centre of State street making a total length of eight (8) inch wood main of 10835 feet from end to end.

To connect with said line of eight (8) inch pipe at the termination point as aforesaid, six (6) inch wood pipe constructed in the same manner and with the same material, as the said eight (8) inch pipe shall be laid beginning on State street at the centre of the street running East and West between blocks 21 and 28, thence Northeastly near the centre of said State street to the centre of Centre Street continuing thence with a four (4) inch wood pipe from said terminal point of the six (6) inch main, West on Centre street a distance of 1326 feet, it inch wood main as aforesaid to be laid also beginning at a point on the eight (8) inch main near the North West corner of Block 23, and running thence Northeastly to the centre of Centre Street thence East 950 feet to the east line of the Village of Shelley.

Beginning thence at the South terminus of the six (6) inch main on State Street, 2-inch galvanized pipe shall be laid from said terminus through the centre of the street on the West street of the Village of Shelley thence North along said street a distance of 2491 feet, thence East along the centre of the street on the North boundary line 1250 feet, thence South between blocks 10 and 11 and 14 and 15 a distance of 1198 feet to the 6 inch wood main.

Since with a line of 2 inch galvanized
 pipe connecting with the
 8 inch main on State Street near the
 corner of Block 19 running thence
 westerly a distance of 875 feet connecting
 with main at West Street of Village,
 thence with a 2 inch galvanized pipe
 connecting with 8 inch main near
 the Southwest corner of Block 23 and
 running thence a distance of 600 feet
 to the South East corner of Block 23
 thence North 627 feet to the South-
 West corner of Block 17 thence east
 660 feet to center of the street on the
 east boundary of the Village of Alhambra
 thence North through the center of the
 street on east boundary of the Village
 a distance of 1267 feet to the center
 of the street between blocks 9 and 16, and
 thence with a line of 2 inch galvanized
 pipe connected at the terminus of the 8
 inch main between blocks 16 and 17
 at the East boundary of said Village
 and running thence east 160 feet down
 the center of the street or County road and
 thence with a line of 2 inch galvanized
 pipe connecting with the 8 inch main
 where the same crosses the ^{South} boundary
 line running thence West along the center
 of the street a distance of 1100 feet.
 All of said pipe links, connections
 valves, fire hydrants, etc. to be here-
 after shown upon a map or plan
 to be drawn specifying the same
 and said plan or map shall be
 hereafter adopted as the plan or map
 by which said system shall be
 constructed from the reservoir to
 and through the Village of Alhambra
 and system shall further consist of
 a pump of 35,000 gallons capacity
 per 24 hours and one 15 H.P. gasoline

engine and one 12 H.P. Electric Motor.

And that for the purpose of constructing the said water-works that the proceeds of the sale of bonds heretofore voted be set aside for the express purpose of paying for said system and that deficiency warrants be issued against said bonded indebtedness in payment for materials and labor as required for the construction thereof, that said warrants draw 7% int. from date of issue until paid, that said warrants be negotiated through the Shelley Banking Co. Ltd., of Shelley, Idaho.

That all labor and materials be paid for as the bills are presented and all time checks for labor be paid semi-monthly and the Chairman and Clerk of the Board are hereby authorized to make arrangements with said Shelley Banking Co. Ltd. to pay all bills for materials aforesaid and all time checks for labor in accordance herewith; and,

Whereas, N.D. McCutcheon & Co., Limited of Idaho Falls, Idaho, have submitted a proposition to construct said water-works in accordance with above plans and specifications and as a compensation for their services in procuring the materials and in causing the construction work to be done and completed to receive 15% of the cost of said works,

Be it Resolved that the Chairman and clerk of the Board of Trustees of the Village of Shelley be and they are hereby authorized, directed and empowered to enter into a suitable contract with the said N.D. McCutcheon & Co. Ltd., of Idaho Falls, for the construction and completion of said water works system to be constructed and completed in accordance herewith; adopted by unanimous vote,

A copy of the contract of agreement was made. The contract failed to place a limit upon the cost of construction. Mr. Linder would that a limit as to cost be inserted, also that contractors be bound to purchase materials and submit their invoices of cost same to correspond with other quotations of even date. General discussion followed. A substantial agreement was attached to contract limiting total cost (excluding mill) to \$15000.00 also granting Village power to stop work at any time. On motion Mr. Nicholson acceded and carried by unanimous vote that contract & supplemental agreement be executed. Contract for driving well was ordered drafted. On motion meeting adjourned.

Shelley, Idaho, July, 6th, 1910.
 Regular meeting Board of Trustees
 Village of Shelley at usual hour + place
 present all except N.E. Mickelson
 minutes of meeting held June 15th
 24th, and July 1st read and approved.

Marshall reported that he had
 instructed Mr Ben Sage to repair his
 ditch before water was turned into
 it again.

Chairman Butler reported that water-
 works committee had seen Mr Shelley
 regarding electric power and electrician
 and Mr Shelley could not set a fixed
 price but suggested that he would
 take charge of the pump for one month
 and keep stricked account of expense
 and would make a price from that
 trial. Mr Butler also reported that
 N.D. McButcheon & Co desired to install
 the pump & motor but wanted the
 warrant they held cashed first.

The waterworks was discussed and
 the following motion carried by unani-
 mous vote. "That N.D. McButcheon & Co
 be notified to proceed to the completion
 of their contract with the Village of Shelley
 by commencing the installation of
 the pump and motor for Waterworks
 not later than July 11th 1910.

Mr Andrew Jensen appeared asking
 permission to solicit orders without
 a license. Mr Jensen was informed
 that the Village Ordinance pertaining to
 license would govern in all cases.

Ordinance #11 passed its 3rd & final
 reading and Clerk instructed to have it
 published.

Mr B.S. Nilson placed his application
 for position of Village Attorney at \$200⁰⁰
 per annum and actual travelling expenses
 when away on village business.

Shelley, Ida, July 29-1910

 and means whereby the pump can
 be installed and for any other matters
 that might properly be presented,
 all present except, N.E. Mickelson (sick)
 Messrs. W.D. McCutcheon & A.E. Carlson the
 waterworks contractors present and
 reported that everything was in readiness
 to install the pump & motor.

The matter of whether salary of Supt.
 C. St. Ingalls should be paid by Village
 or by contractors was discussed at
 length but no action taken. The feeling
 of the Board being to stand by agreement
 made by Mr McCutcheon Dec. 1st 1909
 whereby he agreed to pay said salary.

Mr McCutcheon & Carlson both agreed
 to stand by McCutcheon's agreement regarding
 salary of Mr Ingalls and his successors
 if no question be raised regarding the
 pay of Ingalls prior to Dec. 1st 1909.

The Board agreed to pay Mr A.E. Carlson
 \$500 and actual expenses if he would
 come down Saturday July 30th and
 install the pump. Mr Carlson agreed.

The following resolution was
passed by N.C. McKelton and was
carried by unanimous vote
Resolved that each in the village of
Shelley certain conditions that warrants
be in asking the State Road Inspector
to make an official visit to the village

and Whereas: the Village has no ordinance in relation to health or sanitary conditions and no way of forcing the owners of premises to clean them up, and place them in proper condition for health and cleanliness, and

Whereas: It would take some time to draft and pass such an ordinance so as to become effective,

Now, Therefore: be it resolved that the Council of the Village of Shelley instruct the Village Clerk to write to Mr A. M. Larson, at Idaho Falls, Ida, asking him to come here for the purpose of inspecting the premises in said Village.

The Marshall reported that Jno. F. Shelley did not feel to pay the water assessment levied by the Village claiming for his reason a prior or primary right in the ditch. The Marshall was instructed to shut the water off from all who refuse to pay.

Mr. C. N. Willensen was chosen and sustained as Village Clerk to fill vacancy caused by resignation of Fred. C. Mickelson, at a salary of \$50.00 per annum.

Clerk Fred. C. Mickelson made financial report to date which was approved.

Attorney Wilson was instructed to draft Waterworks ordinance covering operating, and governing of city water system.

Waterworks Com. authorized to employ an Engineer to survey ground on Butte, also decide amount of land wanted and have attorney prepare a deed for conveying same to Village of Shelley and report at next meeting.

On motion meeting adjourned.

Shelley, Idaho, Sept 27, 1910

Special meeting held at usual place and hour. Present Chairman Cutler, Trustees Mallory, Mickelson, Hare, & Lundell. The purpose of coming together is, to take some action in relation to the water work system of this Village. The question was that the system at present in use is not sufficient and has no power enough.

Mr. M. E. Mickelson moved seconded by W. J. Mallory: That the waterworks committee be instructed to meet with Mr. Smith of the Fairbanks-Morse Company and arranged with him for the exchange of the 5 horse motor and pump now installed for a 10 horse motor and a pump of adequate capacity, one that will throw at least 100-150 gallons per minute. The said arrangement and exchange to be subject to the approval of the Board. This motion was carried by unanimous vote.

Marshall Mann spoke about the bad condition of the right away to Valley Hotel. He was instructed by the Board to repair it.

In motion meeting adjourned

Re: Evidence of Priority

Claim No.(s) A27-04107

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by May 23, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird

DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that City of Shelley

(Name of Claimant)

214 South Emerson Ave., Shelley, ID 83274 Telephone No. 357-3390
(Mailing Address) (Zip Code)

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

(1) Date of priority: (When was the water first applied to a beneficial use) November 1, 1948

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

(3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
