Roger Warner and I spoke with the Maintenance Supervisor. The claims you have reflect the ground water rights they have. Go ahead and prepare your recommendations based on the licenses and transfer. The school district needs to decide the least painful way for them to irrigated the football field and baseball field. They have some options but they should not impact the SRBA. He is also going to look for more documents verifying the priority date on the BU claim for the elementary school. He is pretty sure construction started in 1960. If he can verify that then the project was under construction prior to March 1963.

Ernie

Also I heard the Miner's Ditch consolidation failed to happen. Hold off on making those recommendations for a couple of weeks just in case the water users change their minds.

good afternoon,

I was talking to Skip yesterday on the City of Blackfoot and he mentioned that you had a meeting with the Firth School District? You talked to them about the irrigation?
