Called to discuss this right. He wanted
to find out if the Church could keep a portion
of 27-4113 for irrigation? I explained no-
because this statutory claim was domestic
only. It's based on historic use not future
use. I explained there is a moratorium
on new irrigation wells. They would have
to purchase another w/p and transfer it
to the POD. It would also depend on the
capacity of the well. Bruce is going to
encourage the others to get the paper-
work completed to transfer this well to
the Jonestown Community Well. He said
that some of the users haven't been
paying their assessments and the LDS
Church wants to stay clear of that issue.

Cindy, Thank you very much. Since we spoke, I have called Rick Tew, our facilities manager, and he verified we no sprinkle no more than one-half acre. He will send me a new site plan showing this which I will fax you next week. It looks like there may be no need for the Notice of Claim at this point.

RE: adj. Claim

Conversation: Wondering about the adjudication claim for this water.

In Aug 1992 the church was rebuilt and a new well was drilled and the old well was conveyed to Jameston Comm. well, but according to Elliott the water wasn't conveyed with the well? I explained that would be like buying a car with no tires. I also asked him who now owns the 10 acres.

RE: Evidence of Priority
Claim # A27-04113

This is in response to your request for information on beneficial use of water on the referenced water right.

According to testimony by Charles W. Taysom, the local unit of The Church of Jesus Christ of Latter-day Saints (Jameston Ward) and nearby residents drilled a well on church property in 1948 for the purpose of supplying domestic water to the church building and nearby homes.

In 1993 the church transferred its interest in the well to the Jameston Community Well Association. The transfer included an easement which allows Association access to the well.

To the best of our knowledge, the well was used to supply water to the church building from the time the original building was constructed in 1950 until 1992 when a new building was constructed and a new water source was obtained. The attached documents indicate that the well has been and is now the source of supply for the Jameston Community Association.

We are in the process of preparing documents conveying Church interest in this water right to the Jameston Community Association.

Sincerely,

Grant S. Cooper, Jr

JAMESTON COMMUNITY WELL AGREEMENT

---Dec. 4, 1992

Beginning Dec. 1, 1992, the original well at the Jameston LDS church has been turned over to the persons signing below, and will be registered and recorded, according to law, as the "Jameston Community well", owned by them. The power meter for the well has been put in the name of Charles Taysom. The total electric bill and any repair bills will be charged to Mr. Taysom personally, and payments of reimbursement will be made to him by the associate owners.

Persons connected on to this well are Charles Taysom, Alta Chadburn, Marie Anderson, Glen Roberts and Wayne Versey.

Mr. Versey also has his own private well and hereby agrees not to use water from the Jameston Community well waterline without permission, and payment to the Jameston community well treasurer, *Marie Anderson*

It is agreed that each person will pay monthly, an equal share of the electric bill, and an agreed-upon amount to go into a fund for unforeseen repairs, as this is an old pump.

We agree to pay a month in advance on this contract in order to avoid financial difficulties, and thereafter, to make monthly payments by the 10th of the month, or an equal amount paid in a lump sum, in advance. Make checks to "Jameston Community well".

In the event of sale of their property by any of these owners, the buyer must be made aware that he is liable under this contract, the same as the present owner is, unless he digs his own well and disconnects the community well lines.

The present monthly payment agreed upon is \$25.00, subject to change. Anything over the bill from the power company will go into the emergency savings fund. Records will be kept and available and open to all.

Re: Evidence of Priority

Claim No.(s) A27-04113

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by June 26, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

***THIS WELL WAS ORIGINALLY FILED ON BY THE LDS CHURCH. THE CHURCH DRILLED A NEW WELL AND TOLD THE FOUR OWNERS THEY DID NOT WANT TO USE THE OLD CHURCH WELL ANY LONGER. I CHANGED THE WELL OVER INTO THE JAMESTON COM. WELL AND ASKED MR. TAYSOM TO REQUEST THE CHURCH SEND A LETTER TO US RELINQUISHING THE WELL, BECAUSE THE WELL WAS ORIGINALLY FILED BY THE CHURCH AND HE COULD RUN INTO A PROBLEM DOWN THE ROAD IF THIS WAS NOT TAKEN CARE OF.
