**NOTICE OF ERROR
REPLY**

Please type or print clearly, fill out this form completely and mail.

Return this reply form to IDWR by the deadline date printed below if you want IDWR to change your recommendation or you want to let IDWR know that you agree with its recommendation.

YOUR DEADLINE FOR RETURNING A NOTICE OF ERROR REPLY IS:

Water right number: 27-4119

RAYMOND GRANT CHRISTENSEN
822 N 1100 E
SHELLEY ID 83274
Telephone Number: (208) 357-3243

LEINA S CHRISTENSEN
822 N 1100 E
SHELLEY ID 83274
Telephone Number: (208) 357-3243

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Place of use

2. Describe the changes you wish to make in the proposed recommendation:

9.0 Acres instead of 7.5 Acres

3. Give a brief explanation as to why you disagree with these portions:

On the original application it was listed as 9.0 Acres

☐ I AGREE with this proposed recommendation: no changes need to be made.

RE: Reply to Notice of Error

Dear Raymond and LeIna,

Enclosed for your review is a new Preliminary Director's Report (PDR) for 27-4119 along with an aerial photo illustrating the irrigated acres.

This new report is in response to the Notice of Error Reply you submitted stating the irrigated acres was incorrect. After increasing your place of use by the addition of the yard and extending to the west edge of the field, the irrigated land shown on the illustration totals 8.2 acres. With the increase in acreage there was a corresponding increase in the diversion rate and volume of water for irrigation.

Once you have reviewed the new PDR please complete and return the Notice of Error Reply.

Respectfully submitted,

Ernest Carlsen
Water Rights Supervisor

Enclosures: 2

Notes

Claim A27-04119

1/ Exam done 10-06-2003

2/ Applicant agrees that 7.9 acres irrigated found by Spatial Dynamics is correct.

3/ Applicant says his grandfather had a gas pump + 1000 gallon storage tank to irrigate with water from original hand dug well. (1902)
States he (applicant) cut up the original storage tank with a welding torch when he took over property.

4/ Original well located under floor of shed behind (west) of house.

5/ GPS data 0655701 File #4119
0247791 Tag #A0012475

* Actual well location 80' west of GPS location taken. (Original well) Second well 30' south of original well.

12/9/03 Diversion rate reduced per Poll layout CB.
Ready for ECVR.

Notes

7/7/03 Allen called at 3:25 pm with Mr. Christenson in his office. He has documents to support a 1902 priority date but not a 1899 date. Asked Mr. Christenson to get me a copy of his warranty deed because our shape doesn't support the 9 acres of irrigation.

He's going to bring Allen a copy of the warranty deed and they will forward it to me.

Irrigation in 1902 a question - what powered well? may need later priority
A/ Acreage at 7.9 acres agreed upon by applicant

1 GPS Data 0655701 File # 4118
0247791

2/ Exam done 10-6-03 Tag # A0012475

3/ Well site ~~is~~ is 80 Feet west of GPS point taken -

Well in old shed under floor.

2nd well just south (newer)

4/ Nursery on-site (8-9 acres)

5/ Originally had gas motor & 1000 gallon tank to irrigate in early 1900's

Re: Evidence of Priority

Claim No. A27-04119

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by May 23, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird

Spoke to Mr. Christensen this morning after a referral from our gal Sal at SO. Mr. Christensen has a redrill of a 1899 hand ug well under 27-4119

I advised him to provide evidence of priority, as requested by a letter (from whom I do not know). Further advised, he consult his old abstract for the homestead establishment date. Ad, he has some pictorial reference to a windlass that was horse powered to 'pump' water from the well. He will have that info soon and will mail it to me. I told hm to send it to my attention and I would see that it got to you (or, Skip depending on the time frame).

ss: AFFIDAVIT OF
Raymond Grant Christensen

I, Raymond Grant Christensen, having been first duly sworn according to law, depose and state as follows:

1. This affidavit is given to document the diversion of water for irrigation and domestic purposes in 1902 from the well (the "Well") which is the subject of the Notice of Claim to a Water Right Acquired Under State Law, having Identity Number A27-04119 and Receipt Number E008575, which was filed in the District Court of the Fifth Judicial District of the State of Idaho, in and for the county of Twin Falls, Civil Case Number 39576.

2. My grandfather, Hiram Richard Christensen ("Hiram"), and his brother Joseph N. Christensen ("Joe") moved to Goshen, Idaho in 1894. See attached copy of Rulon J. Christensen, *The Descendants of Neils Christensen - Pioneer of 1860*, pgs. 120-121 (1975). This book is hereafter referred to as "*Neils Descendants*".

3. Hiram and Joe were some of the first settlers in the Goshen area. See attached page 29 of the *Memories of Goshen* book compiled by the Goshen Ward Historical Committee in 1965. When they arrived, the only source of water was Sand Creek and the Blackfoot River. See attached copy of *Neils Descendants*, pg. 112. To avoid the burden of hauling water a distance of several miles, one of the first things they did after clearing some land was to dig wells on the property they had acquired.

4. In 1900 Hiram acquired the land on which the Well is now located and Joe acquired the property adjacent to Hiram's property. See attached copy of *Neils Descendants* pg. 112.

5. In 1902, Joe dug a well on his property. The attached page 39 of the *Memories of Goshen* book documents that water was of being drawn from Joe's well in 1910.

6. Hiram told me that he hand dug the Well on his property in 1902 at the same time as Joe hand dug the well on his property, and he began using water from the Well for irrigation and domestic purposes as soon as he finished digging the Well.

7. My father, Leland Clevo Christensen ("Leland"), who was born in 1904, was involved in farming the land on which the Well was located from his youth through 1970. During this time, Leland personally used water from the Well for irrigation and domestic purposes.

RECEIVED 7/7/03 IDWR_1 -

ASR

8. I personally used water from the Well for irrigation and domestic purposes as early as 1940.

Under penalties of perjury, I hereby certify that the above information is true and correct to the best of my knowledge and belief.

Church in the Spanish American Mission. He married Melba Messick in the Logan Temple on November 12, 1942. He served in the U.S. Army Air Force, from 1944 to 1946 in the European Theatre of Operations, Spec. 5, three battle stars. He has been very active in Church service, serving as Bishop of Murray 10th Ward, High Counselor in Murray South Stake, Counselor and President of the Y.M.M.I.A. in Hayward, California Stake, Scout Master, High Priest Group Leader, etc. Quentin is an architect; A.I.A./C.S.I., with NCARB Certification and licensed to work in Idaho, Utah, Nevada and California. He is presently employed by U.S. Gypsum Company and lives at Pleasanton, California. Their children are Verlina, Vance M., Susan and Stacey Joseph.

Verlina, born February 26, 1944, at Idaho Falls, Idaho, was educated at Liberty Elementary School, Murray, Utah, Murray High School, and attended one year at B.Y.U. in Provo, Utah. She married Keith Craig Wiseman July 12, 1963, in the Salt Lake Temple. Born on May 17, 1964, were twin daughters, Lanette and Janette. Verlina has been active in speech and drama events in the Y.W.M.I.A., Sunday School Organist and Chorister, Primary and Junior Sunday School Teacher. She was divorced (civil) December, 1969.

Vance M., second child of Quentin and Melba M. Christensen, was born June 14, 1948, at Basalt, Idaho. He was educated at Liberty Elementary School, Murray, Utah, and Murray High School; Weber State College, Glendale Community College and Arizona State University. He married Catherine Ann Natali in the Oakland Temple on May 6, 1972. They have two children, Benjamin Carter, born February 9, 1973, and Jessie Marie, born June 26, 1974. Vance is a machinist. He has served a two year Atlantic States Mission and served in Hayward, California, Stake Mission. He has been Stake and Regional Chairman of Young Adults, Assistant Ward Clerk in the Hayward Ward. They live in Hayward, California.

Susan, third child of Quentin and Melba M. Christensen, was born April 10, 1957, in Salt Lake City, Utah. She has been active in the Church being President of the Mia Maid class, President of the Beehive class and Secretary of the Laurel class.

Stacey Joseph, fourth child of Quentin and Melba M. Christensen, was born December 21, 1961, and is a Deacon.

Carma, sixth child of Joseph N. and Ardena Killian Christensen, was born March 5, 1921. Due to a spinal birth defect, she spent most of her life in a wheelchair, but was cheerful and found much happiness in holding the family together. She had many talents that occupied her time - pen pals to correspond with, arts and crafts to keep her busy, Christmas, family get-togethers and birthdays were always a joy to her. She loved everyone. She died December 7, 1947.

* * * * *

Hiram Richard, third child of Niels Christensen and Anna Marie Petersen, was born at Hyrum, Utah, April 1, 1878; he lived there as a boy until the spring of 1894, when, with his brother, Joseph, moved to Idaho to clear a tract of land. They did this with a hand plow, pulling the brush by hand and burning it at night. After having eight acres cleared, a neighbor having the only grain drill in the vicinity planted it. They both worked for him for one week to pay him. Times were hard; they survived though, through hard work and good management. Hiram married Amanda Elizabeth Peterson on May 27, 1903, in the L.D.S. Temple at Logan, Utah. They made their home on the farm at Goshen where three children were

born to them: Leland Clevo, Ada Elizabeth and Melva Rachel. Amanda died from pneumonia May 30, 1910. The children were cared for by relatives until a housekeeper could be found. A convert to the Church from Norway, Marie Sofie Haugsten, came to keep house for them. Marie married Hiram on August 18, 1911, in the Salt Lake Temple. Marie was a good mother, fine housekeeper and excellent seamstress. She was very active in the Church all of her life. Hiram was a good farmer and had a special ability in the operation and repair of deep well water systems, in which his services were in great demand.

Leland Clevo, first child of Hiram R. and Amanda Elizabeth Petersen Christensen, was born on April 7, 1904, at Goshen, Idaho. When Leland was six years old, his mother, Amanda, died of pneumonia, and he made his home with his Aunt Esther Hansen for six months until his Aunt Anna Christensen came to their home as a housekeeper. Lester Nielsen, a member of the ward who was on a mission in Norway, knew that Hiram was in need of someone to care for his family and that a Norwegian member of the Church with whom he was acquainted was desirous of coming to America and would be a good housekeeper. Marie Sofie Haugsten came to Goshen and married Hiram R. Christensen on August 18, 1911, in the Salt Lake Temple. She was a good mother to the children and had high ambitions for them. One of them was that Leland should go on a mission, which he did, serving in the Northwestern States Mission for two years.

While in the hospital in Idaho Falls, he met Reta Hanna Jones who was taking nurse's training, and after a two year courtship, they were married in the Salt Lake Temple on September 25, 1929. They have made their home in Goshen all their married life, where they have farmed, raised beets, potatoes, grain, hay and have been in the dairy business.

Their children are Elwood J., Darwin (died at birth), Richard L., Raymond Grant, Elaine, Marilyn, Shirley Rae, Bonnie Lou and a stillborn son (unnamed).

After their children were grown, Reta, a registered nurse, went back to work in the Idaho Falls L.D.S. Hospital for 15 years. Both have been active in the Church - Leland has an extraordinary talent in record keeping and has been Goshen Ward Clerk for a total of 25 years, serving under five different Bishops and has also been High Priest Group Secretary. Together they are serving as Temple Officiators in the Idaho Falls Temple, with an assignment to work regularly on Tuesdays and Fridays of each week.

Elwood J., first child of Leland C., and Reta Jones Christensen, born August 17, 1930, at Idaho Falls, Idaho, spent his boyhood in Goshen, Idaho. He served in the Armed Services for two years in Germany. He married Jo Ann Adams in the Idaho Falls Temple on October 10, 1951. They live in Shelley, Idaho; own and operate Woody's Sporting Goods, Inc., in Idaho Falls. Their children are Barbara Ann, born December 4, 1953; Ronald Kay, born December 11, 1956; and Michelle, born April 23, 1959, all at Idaho Falls, Idaho.

Richard L., third child of Leland C. and Reta Jones Christensen, was born December 26, 1933. He was educated in local schools. He served eight years in the Navy in Hawaii, the Phillipines, and Japan. He married Jon Marie Duke on May 11, 1962, in the Idaho Falls Temple. They live in Shelley, Idaho, and he is employed at the Atomic Energy Commission at Arco, Idaho, as a maintenance mechanic for the past 15 years. He has served in Church positions as M.I.A. Superintendent, Bishop's Counselor and in the Elders Quorum. Their children are Ryan Lane, born July 22, 1964; Wade Lynn, born July 21, 1966; Brad

5. In 1902, Joe dug a well on his property. The attached page 39 of the *Memories of Goshen* book documents that water was of being drawn from Joe's well in 1910.

6. My husband, Leland Clevo Christensen ("Leland"), told me his father, Hiram, personally hand dug the Well on his property in 1902 at the same time as Joe hand dug the well on his property.

7. Leland told me that Hiram began using water from the Well for irrigation and domestic purposes in 1902 as soon as Hiram finished digging the Well.

8. Leland, who was born in 1904, was involved in farming the land on which the Well was located from his youth through 1970. During this time, Leland personally used water from the Well for irrigation and domestic purposes.

MEMORIES OF GOSHEN

Published by Goshen Ward, Shelley Stake
Church of Jesus Christ of Latter Day Saints
Goshen, Idaho
January 1965

"Oh What Songs of the Heart We Shall Sing.....When We Meet....."

PREFACE

"Should you feel inclined to censor. . ."

This book is written in commemoration of the completion of the third chapel for the Goshen Ward and community. In reference to these chapels, this one has not been built to minimize the purpose or the nostalgic memories of the preceding ones. Those stalwart pioneers, many of whom were our forbears, looked forward to the comfort and use of those other buildings just as we look forward to the use and comfort of this one. Time has a way of creating new and expanded needs. This is also indicative of the growth of the church and kingdom of our Heavenly Father here upon the earth.

The Bishopric, at the suggestion of the Ward Clerk, initiated and supported the assembling of Goshen history into this book. The committee has worked long and tirelessly accumulating and organizing these pictures and historical facts. In order to enhance the value of this record, "authenticity" has been the watchword. If mistakes have occurred, they are due to wrong information or lack of information rather than intent. To those inclined toward critical analysis, the perusal of these pages might be amply rewarding. It has been said that "To err is human; to forgive divine." Ours has been the human part; yours the divine.

The rarity of some of the pictures contained herein has made them priceless. Their inclusion in this book allows you the privilege of sharing them with those who treasure them highly. Our thanks and appreciation go to those who so willingly submitted these pictures and information, thus making this book possible, and to all those who aided us in any way in the preparation of it. Our especial thanks go to Brother Dennis Speas for his generous help with the photography and pictures and to Sister Lenore Christensen for the use of her material on the early days in Goshen. We regret that we were unable to include more of the interesting family histories that were submitted, but the size and scope of this volume made it impossible.

GOSHEN WARD HISTORICAL COMMITTEE

HISTORY BOOK COMMITTEE: Beth Clawson, Bernadene Peterson, Genevieve Weatherston, Mattie Christensen, Belle Hansen, Florence Larsen. Grant Hanny, Afton Cook, Lloyd Frandsen.

OUR MOUNTAIN HOME SO DEAR

Our mountain home so dear, Where crystal waters clear flow ever free;
While through the valleys wide, the flowers on every side,
Blooming in stately pride, are fair to see.

--Emmeline B. Wells.

The story of the Goshen Ward begins with the year 1892 when nine young men from Hyrum, Utah, reached this part of the valley in search of new land.

Niels Monson and his four sons, George, Hans, Julius, and Willard, and the four Christensen brothers, Ezra, Heber, Hyrum, and Wilford, arrived in August of 1892. The Monsons and Christensens each purchased 240 acres of choice land at \$6.25 per acre. They left one of the boys in Rigby to work for \$10 and a load of potatoes to be used for seed in the spring, and the others cleared the land. When heavy snows came in November, they all decided to go back to Hyrum for the winter. The very day they left, Hiram James Hansen and Joseph Jensen arrived from Hyrum to visit them. Finding the Monson and Christensen cabins deserted, they also started back home.

Hiram J. and Eliza Hansen

Mary Ann and Joseph Jensen

Joseph N. Christensen

The next spring the Christensens returned with their widowed mother, Christina, and their sister, Mary Ann, and her husband, Joseph Jensen. Brother Monson brought his wife, Amelia. Hiram J. Hansen brought his wife, Eliza, and her brothers, Joseph N. and Hiram R. Christensen. Willis, son of Hiram and Eliza Hansen, was the first baby born in Goshen. William P. Christensen soon came to join his brothers and in 1895 their father, Niels, came back with the rest of his family. They bought the tract of land which now includes the present townsite.

Hiram R. Christensen

William P. Christensen

Niels Christensen

The only other settlers in this part of the valley were John Pritchett, who owned the Joseph N. Christensen and Hiram R. Christensen places, and Scot Griffith, who owned the Oliver H. Nielson place.

Joseph Niels Christensen, the second child of Niels and Anna Marie Petersen Christensen, was born September 22, 1875, in Hyrum, Utah. Being the oldest boy in the family, it was his job to herd the cows in Blacksmith's Fork Canyon. When he was 10 years old he broke his leg and was confined to his bed for a long time, during which he learned how to draw pictures of animals, birds, and many other things. These drawings he treasured very highly and are among his possessions now. He was 14 years old when his mother died and at the age of 18, he came to Idaho with his brother, Hiram, to develop a piece of land under the Homestead Act. They arrived in what later became Goshen, and lived in a wagon box (canvas covered) in the yard of Niels Monson, during the summer of 1894; clearing land meant plowing with a hand plow, pulling the brush by hand and burning it at night.

Before winter came, they went into the mountains and brought out house logs from which they built a cabin in which they lived for six years. Imagine, if you can, two boys, one just past 18 and one just past 16, pioneering alone so far away from home.

During this time they worked on the canal trying to get water on the land; money was hard to obtain; grain had to be hauled to Blackfoot, Idaho, for a return of 22 cents to 28 cents per 100 pounds. Hogs sold for two and one-fourth cents per pound; cedar posts sold to Z.C.M.I. in Idaho Falls for five cents each. Many sheep were fed in the winter; hay sold for \$1.50 per ton. Water for house use and stock that could not be driven to water was hauled in barrels from Sand Creek or the Blackfoot River. Rabbits were very bad; high willow fences had to be built to protect the hay stacks. Lava wood was hauled during the winter to heat the homes. As there was no bridge across the Snake River, often in coming across the river with a load of lava wood provided the driver with a real thrill to hear the ice cracking behind them. Joseph N. said that in one winter he wore out a pair of sleighs in hauling wood out of the lavas.

Summer work on the canals brought \$3.50 per day for a man and team with a slip scraper.

In 1900, Niels Christensen, the father of Joseph N., moved to Goshen, purchased 120 acres of land from John Pritchett just across the road from the land which Joseph and Hiram had developed. This he traded to them, Joseph receiving the south 60 acres and Hiram the north 60 acres. This land Joseph made into a very productive farm where he spent the rest of his life.

Joseph N. Christensen and Ardena Killian were married in the Logan Temple on February 26, 1902. Their children are Rulon Ver, Joseph Levon, Mildred Ardena, Wendell, Quintin V., and Carma. Both Joseph and Ardena have been very active in Church and community affairs. Joseph N. served on a mission in the Central States Mission for two years, was Bishop's Counselor for 15 years, Ward Clerk for 9 years, a member of the Presidency of the 106th Quorum of Seventy for six years, member of the High Priests Quorum Presidency for eight years, Teacher of the Genealogical Class for 15 years. Before the Rural Mail Route was established, they had the Post Office in their home for five years. Both have served as Temple Missionaries; together they have kept their four sons on missions.

Ardena has worked in all of the women's Church organizations, having been President of both Y.L.M.I.A. and Relief Society and in the D.U.P. organization.

DRAWING WATER FROM DUG WELL, 125 FT DEEP SNAKE RIVER VALLEY, IDA

Families coming to the Ward at this time were the Enoch Madsons, the Richard Dyes, and the Arthur Miles. The J. Bert Hollands came in 1912 and the Oliver H. Nielsons in 1913. Brother Nielson has done a great deal for the Ward in music. He served as ward chorister for over 40 years and directed many fine choirs. The Nielson orchestra, made up almost entirely of his family, has been a tradition in entertainment and dance music for this and the surrounding communities.

Subject: 27-4119

Spoke to Mr. Christensen this morning after a referral from our gal Sal at SO. Mr. Christensen has a redrill of a 1899 hand ug well under 27-4119

I advised him to provide evidence of priority, as requested by a letter (from whom I do not know). Further advised, he consult his old abstract for the homestead establishment date. Ad, he has some pictorial reference to a windlass that was horse powered to 'pump' water from the well. He will have that info soon and will mail it to me. I told hm to send it to my attention and I would see that it got to you (or, Skip depending on the time frame).

FYI..... AL

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that Raymond G. Christensen

(Name of Claimant)

Rt. 2, Box 219, Shelley, Idaho 83274

(Mailing Address)

(Zip Code)

Telephone No. 357-3243

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

- (1) Date of priority: (When was the water first applied to a beneficial use) April 1, 1900

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

- (2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

Groundwater tributary to _____

- (3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

(cfs, af)	(Domestic, Irrigation, Stock, Etc.)	(Both dates inclusive) (Mo., Day)	(Mo., Day)
Quantity <u>0.18 cfs</u>	Use <u>Irrigation</u>	Period of Use From <u>4-1</u>	To <u>11-1</u>
Quantity <u>.04 cfs</u>	Use <u>Domestic</u>	Period of Use From <u>1-1</u>	To <u>12-31</u>
Quantity _____	Use _____	Period of Use From _____	To _____
Quantity _____	Use _____	Period of Use From _____	To _____
Quantity _____	Use _____	Period of Use From _____	To _____

- (4) 0.22 cfs TOTAL QUANTITY USED.
(cfs, af)

- (5) A) Point of diversion: (Location of point where water is diverted from its source)

SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 23 Twp. 1S Rge. 37E B.M., County of Bingham

Additional points of diversion: _____

B) Describe means of diversion of water: (Pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.). Give sizes and capacities: be as specific as possible. Describe any changes in the system and give the date of the change. Hand dug well with pump to sprinkler system and 1 home.

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

T	R	SEC.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				TOTAL
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
1S	37E	23																5	5

No. of acres 5

B) If water is used for other than irrigation, fully describe that use, being as specific as possible: Domestic at one home.

NOTE: Include here the type and number of stock watered: _____

- (7) If you are claiming water as a member of an organization, list name of organization: _____

(8) Remarks A submersible pump and sprinkler system were added to the system in 1971.

Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.

Memo to File: The following letter date November 6, 2002, was sent out to the claimants and no response was received back to Intrepid.

November 6, 2002

Dear Sir or Madam:

Intrepid Technology and Resources, Inc. (ITR) has been contracted by the Idaho Department of Water Resources (IDWR) to verify information in the State's records regarding the enclosed claim(s). This letter is being sent to the address of record for the enclosed claim(s).

In June or July of 2002, ITR employees visited the point(s) of diversion for the claim(s) in question. The purpose of this letter is to follow up on that visit, and ask for your input to verify the boundary of the area irrigated by each point of diversion. IDWR has supplied the enclosed maps and/or aerial photographs. The points of diversion (wellheads, dams, etc.) are indicated as circles. The irrigated areas are traced with bright yellow lines.

Please take the time to review the map, and correct any inaccuracies by marking changes on the map, and sending the map and claim file back to us in the enclosed postage-paid envelope.

If the claim is no longer in use, please note it on the claim file and return it to us in the enclosed envelope.

This applies only to the enclosed claim file. Water rights or claims not included with this package will be dealt with separately. Please DO NOT mark wells, diversions, or irrigated areas not specifically addressed in this package.

If you have any questions about the letter itself or how to respond, please call Doug Larsen or myself at 208-529-5337. We will be happy to discuss it with you.

Sincerely,

Shaun Dustin, PE

Required Info?

1. Is the name and address complete with zip code?
2. Is a priority date entered?
Is the priority date acceptable in view of mandatory filing dates?
See Adjudication Memos #1 and #4 to determine if a Permit is required.
3. (a) Is a source entered?
(b) Is a tributary to entered? (if required) N/A
4. Is the legal description of the p.d. sufficient?
5. Is there a description of the diverting works?
6. Are the water uses appropriate for the form? The short form is limited to domestic and stockwater uses with direct diversion. All claims that include storage or instream stockwater must use long form.
Is the period of use included?
Is a quantity claimed for each use?
7. Is a total quantity claimed entered?
8. If required is a consumptive use entered? N/A
Is the consumptive use correct? N/A
9. Are the non-irrigation uses listed properly? If this claim is on the short form, and more than one domestic use is listed, single ownership must be stated. If not under single ownership, see Adjudication Memo # 4. N/A
10. Is (are) the place(s) of use and purpose(s) indicated?
11. Is (are) the county(ies) entered?
12. Is the ownership of p.u. checked?
13. Are other water rights listed or "none" indicated?
14. If required, are remarks correct? (If the claimant does not own the place of use, authority for filing the claim must be explained in the remarks.) N/A
15. Is the basis of the claim indicated?
16. If the claimant requested a monthly docket sheet, is payment enclosed? (If yes, describe payment status in "Comments" below.) N/A
17. Is the claim signed by the claimant, and is the signature appropriate? Organizations must complete the organization block.
18. Has the claim been signed, sealed, and dated by a notary?
19. Was this claim filed on time, or was an extension granted?
20. Is the fee enclosed correct? Exempt
21. If this claim is based on an existing water right, has the identification number been entered? N/A
22. Should this claim be data entered?

ACTION OF THE DEPARTMENT OF WATER RESOURCES

This Permit is

Approved

Date

6-11-93

If approved, this permit authorizes the constuction or modification of a well subject to the following conditions. READ CAREFULLY!

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
3. This permit does not constitute an approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Approval of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85° or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
9. If this permit is for a replacement well, the well being replaced must be abandoned in accordance with Department Rules and Regulations.

SPECIFIC CONDITIONS:

Contact IDWR prior to drilling.
