Re: Snake River Basin Adjudication (SRBA)
Claim 27-4148

Subject: AMENDING YOUR CLAIM

RESPONSE DATE: 16 November 2003

Dear Claimant(s):

After reviewing the above referenced claim I am recommending you amend your claim to correct several errors determined during our field exam.

First, the point of diversion is located in the SWNWNE of Section 10 instead of the NWSWNE also in Section 10.

Secondly, I am recommending that the claim be modified to reflect the correct number of acres being irrigated. When the claim was filed it included 38 acres. According to our field examiner, the correct acreage is 33.4. See the attached layout for the place of use.

Lastly, under Idaho Code, water is recommended based on inch-per-acre or 0.02 cfs per acre. Calculations indicate the diversion rate needs to be changed to 0.67 cfs and the diversion volume to 117 afa.

If you agree with the enclosed Amended Claim form, please sign it in front of a notary and return it to my office. If you have any questions please feel free to contact me at 547-3993 in Soda Springs.

Respectfully,

Cindy E. Bird

Re: Snake River Basin Adjudication (SRBA)
Claim 27-4148

Subject: CLARIFICATION OF DIVERSION RATE

Response Date: October 29, 2003

Dear Claimant(s):

Thank you for the affidavits regarding the above referenced claim. However, there is still one point that needs clarification.

When our field examiner was at your location on September 3 he measured your usage as 1.35 cfs. You claimed 1.15 cfs. Idaho Code specifies that one-inch per acre is adequate to support most crops. However, sometimes more water is required for some areas. To recommend the higher diversion rate we need evidence to support the claim. Please provide evidence to support irrigating more than an inch per acre.

If we do not hear from you by the above response date, we will recommend to the Court that the diversion rate be limited according to Idaho Code.

If you have any questions, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird

SUBJECT: evidence / PO4

FROM: CB

DATE: 9/25/03

Please send the Blackfoot School District a letter reminding them we need additional information to support their claimed 7-1-1961 date.

Also, ask for evidence to support irrigation of land for more than an inch per acre. Skip measured 1.35 cfs; they claimed 1.15 cfs and at 1 in/acre should be 0.76 cfs?

RE: BHS Water - Irrigation Date - #A27-04148

My name is Mark Schofield and I have worked for the Blackfoot School District since March 4, 1976. I was educated my entire life by the Blackfoot School District, graduating in 1971. At the present time I am the Blackfoot School District's Custodial Supervisor.

I can attest to the fact that I. T. Stoddard Elementary School was built in 1961. The land at I. T. Stoddard Elementary School has never been flood irrigated. This land has only been irrigated by the well and pump located behind the Blackfoot High School.

I have been Principal of I. T. Stoddard Elementary since August 1989. I can attest to the fact that I. T. Stoddard Elementary School was built in 1961 because I attended the new school as a third grade student. The pump and well for I. T. Stoddard Elementary is the same pump and well used at the Blackfoot High School. This pump and well has sprinkled the high school ground and the Stoddard school ground since it was built in 1961.

In the summer of 1966 through 1970, I had the privilege of moving pipe for the Blackfoot School District. I moved the pipe on the Blackfoot High School grounds.

LEASE AND OPTION TO PURCHASE

This Agreement, made and entered into April 7th, 1949, by and between Ed C. Shoemaker and Dora W. Shoemaker, husband and wife and Jack Shoemaker and Billy Shoemaker, husband and wife, hereinafter called the lessors, and Class A School District No. 55, of Bingham County, Idaho, hereinafter called the lessee;

Witnesseth: That the said lessors, for and in consideration of the rents, covenants and agreements hereinafter mentioned, to be paid, kept and performed by said Lessee, by these presents do demise, lease and let unto the said lessee, the following described real estate located in Bingham County, Idaho, to-wit:

Beginning at a point where the South line of Walker Street of the City of Blackfoot, Idaho, extended, intersects the North and South center line of Section 10, in Township 3 South, of Range 35 E.B.M., and running thence North 51°42' West 700 feet, more or less to the Southeast corner of Kimball Addition to the City of Blackfoot, Idaho; thence North 38°18' East 1300 feet, to the South bank of the Miner's Ditch; thence following the South and West bank of the Miner's Ditch South 51°42' East 300 feet, thence South 45°19' East 375 feet; thence South 9°31' East 300 feet; thence South 13°51' East 500 feet; thence South 6°29' East 400 feet; thence South 76°01' West 280 feet, more or less, to the center of the Blackfoot Slough; thence following the center line of said slough westerly, to its intersection with the North and South center line of said Section 10; thence North 300 feet, more or less, to the point of beginning, containing 50.33 acres.

Together with the ditches and ditch rights of way appurtenant thereto and used for the irrigation thereof, and the water rights represented by 57 shares of the capital stock of the Little Butte Irrigation Company, a corporation.

Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging, or in anywise appertaining.

To Have and To Hold the said premises, together with the appurtenances, to the said lessee, its successors and assigns, from the date of this lease, to February 1, 1950.

In consideration of the leasing of the above described property, and as rental for the same, and in further consideration of the option to purchase said property, hereinafter contained, the said lessee does herewith pay to the lessors, the sum of \$10,000.00 and the lessors hereby acknowledge receipt of said sum this date.

In further consideration of the aforesaid payment of \$10,000.00, the said lessors, for themselves, their heirs, executors, administrators and assigns, hereby grant to the said lessee the option to purchase the above described property for the sum of \$23,000.00, at or before the expiration of the term of this lease, by paying to the said lessors the additional sum of \$13,000.00, together with interest thereon from the date of this agreement, at 6% per annum, to the date of such payment; and upon the making or tendering of such payment, the lessors agree to execute and deliver to the lessee a good and sufficient warranty deed to said property, together with an abstract of title showing good and marketable title in themselves to the same. And it is expressly

understood and agreed that upon the exercise of this Option to purchase, the initial payment of \$10,000.00, hereinabove mentioned as rental, shall be considered and applied as a payment on the purchase price of said property. It is further agreed that if this option to purchase shall be exercised by said lessee, all taxes and water assessments imposed upon said property for the year 1949 shall be assumed and paid by the lessee.

It is further mutually agreed that all of the covenants, terms and conditions of this agreement shall extend to and bind the heirs, executors, administrators, assigns and successors of the respective parties.

In Witness Whereof, the said lessors have hereunto set their hands and the said lessee has caused this agreement to be signed and executed by its duly constituted chairman of the board of trustees and duly appointed Clerk, the day and year in this agreement first above written.

Re: Evidence of Priority

Claim No.(s) A27-04148 & A27-04150

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by May 23, 2003, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Cindy E. Bird

Memo to File: The following letter date November 6, 2002, was sent out to the claimants and no response was received back to Intrepid.

November 6, 2002

Dear Sir or Madam:

Intrepid Technology and Resources, Inc. (ITR) has been contracted by the Idaho Department of Water Resources (IDWR) to verify information in the State's records regarding the enclosed claim(s). This letter is being sent to the address of record for the enclosed claim(s).

In June or July of 2002, ITR employees visited the point(s) of diversion for the claim(s) in question. The purpose of this letter is to follow up on that visit, and ask for your input to verify the boundary of the area irrigated by each point of diversion. IDWR has supplied the enclosed maps and/or aerial photographs. The points of diversion (wellheads, dams, etc.) are indicated as circles. The irrigated areas are traced with bright yellow lines.

Please take the time to review the map, and correct any inaccuracies by marking changes on the map, and sending the map and claim file back to us in the enclosed postage-paid envelope.

If the claim is no longer in use, please note it on the claim file and return it to us in the enclosed envelope.

This applies only to the enclosed claim file. Water rights or claims not included with this package will be dealt with separately. Please DO NOT mark wells, diversions, or irrigated areas not specifically addressed in this package.

If you have any questions about the letter itself or how to respond, please call Doug Larsen or myself at 208-529-5337. We will be happy to discuss it with you.

Sincerely,

Shaun Dustin, PE

CLAIM TO A WATER RIGHT

JUN 28 1983

Blackfoot Senior High School

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by the state and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that Blackfoot School District No. 55

I, Vaughn Hugie, began my employment with Blackfoot School District No. 55 in August 1956. During my forty year career, I have been a teacher, coach, principal, and presently I am the assistant superintendent. Based on my experience with the school district, and after reviewing an old copy of a Pump Data Report, I attest that a well was drilled, a 40 HP pump was installed and put into operation in April 1969 to serve the Blackfoot High School and adjacent Stoddard Elementary School (No. A27-04148).
