C. CLAIMANT OF WATER RIGHT AS LISTED IN DIRECTOR'S REPORT

Name: City of Blackfoot
Address: 157 N. Broadway
Blackfoot, ID 83221

D. I object to the following elements as recommended in the Director's Report. (Please check the appropriate box(es)).

1. ☐ **Name and Address**

Should be: City of Blackfoot
157 N. Broadway
Blackfoot, ID 83221

2. ☐ **Source**

Should be: Groundwater

3. ☒ **Quantity**

Should be: 0.14 cfs (no annual volume)

4. ☐ **Priority Date**

Should be: 05/08/1961

5. ☐ **Point(s) of Diversion**

Should be:

POD Description	Common name
T3S R35E §8 NWNE Lot 1	Treatment Plant Well

6. ☐ **Instream Flow Description**

Should be: _____

7. ☒ **Purpose(s) of Use**

Should be: Municipal

8. ☐ **Period of Year**

Should be: 1/1 to 12/31

9. ☒ **Place of Use**

Should be: Place of use is within the service area of the City of Blackfoot municipal water supply system, including areas outside the city limits, as provided for under Idaho law.

11. **I object because:**

☐ This water right should not exist.

☒ This water right was not recommended, but should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTION(S):

The IDWR should not have included an annual volume limitation.

The IDWR should list this as a municipal right and should not have limited this right to domestic or culinary purposes.

The IDWR should not have limited the place of use.

This is a municipal water right. Under Idaho law, municipal water rights held by municipal providers for reasonably anticipated future needs are deemed to be beneficially used. No annual volume limit should be included for a municipal water right.

To the extent any quantity of water under this right is not currently being diverted, such portion of the original right has been transferred by accomplished transfer to beneficial use for future need purposes.

We believe it would be helpful to clarify and expressly put the public on notice that the place of use includes areas outside of the city limits.

Regarding municipal water rights, please note in particular the following guidance documents: Operations Division Administrator's Memorandum from A. Kenneth Dunn to District Engineers dated April 7, 1975; Memorandum from Phil Rassier to Dave Tuthill dated May 7, 1979; Administrator's Memorandum, from Norman Young to Regional Offices and Water Allocation Section dated November 5, 1979; Memorandum from L. Glen Saxton to Water Allocation Bureau, Adjudication Bureau, and Regional Offices dated March 18, 1998; Letter from Karl J. Dreher to Christopher H. Meyer dated June 14, 1999.

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. As the claimant, you are responsible for submitting the necessary proof to support the priority date.

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

For your reference, I have enclosed the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some examples of Documents Which May Be Evidence of the Priority Date".

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely
