1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

at the point of diversion there is more acres that need to be irrigated

2. Describe the changes you wish to make in the proposed recommendation:

need to include acres under pivot at the point of diversion, probably need to take some acres out of well that is east of this license

3. Give a brief explanation as to why you disagree with these portions:

when the well was filed on the irrigation was on original 115 acres since that time we have changed irrigation practices that change where the water comes from, always had the same acres

☐ I AGREE with this proposed recommendation: no changes need to be made.

Notes

12-2-03 Continued 27-2035 in a BIA right the reservation is south of the river.

9/2/04 Licensing exam was done 6-19-1986. Our shape matches the outline of the Examines shape. but the particular acres within QQ's are slightly different but the total number of acres are correct. Add the C05 remark to cover the change. Although no change on the ground has occurred the legal description of PM has. CB.

Please reprint layout without acres on the layout. Only the total number of irrigated acres. CB Done 9-3-04/BP

the claim.

1231-03 I only printed 1 layout. I identified the
Government Lots (GL) for ease of reading. The
shaded acres do not match the license but the
total does. There is an error on the claim re

12-2-03 10:30 - Noon, met with Daryl Thompson.

He brought in a copy of the ASCS photo, year unknown, which shows 144.3 acres under the pivot. The mini pivot is also irrigated with the well. I explained to Daryl that unless that was developed prior to 1987, then he can't irrigate it with the well. He needs to use Blackfoot Water. He does have shares with the Blackfoot Irrigation Co.
