Notes

3/31/05. When the shape is updated into SDE and you update the PLS/ acres it comes out different than the calc. acres.

Acres were manually ~~per~~ updated to get 219. under the license.

Corrected the acres under license due to better technology. i.e. there is no way that there is only 0.2 acres in the SWNE of section 12. but it clearly shows more irrigated acres in 1987/88 imagery even though the license was approved in 1990. CB

Initial hearing - Claimant & tribe are going to pursue settlement through a land swap. ENC
