12-13-04 Brent Malsom called re disclaimer letter.
(call 681-6863) Told him we needed a
copy of the Well log or a copy of the signed
contract w/ the Building Contractor.
Told him til 12-17.

Cindy said before he said the kids started
to school in the Fall of 1963. The mandated
date is 3-25-1963. BT

11-30-04 Docs received

12-20-04 Letter to document re contract. BT

1-17 Brent left a message to call.

1-12-05 I returned Brent's call (681-6863) He
has a signed document stating when the
bleed was completed dated in 1960. He is
to send a copy. BT

1-19-05 Received a copy of the release from the general
contractor and subcontractors dated 12-21-1960.

11-16-04 Letter to District re evidence of priority. 18P

Nov. 30, 2004 deadline

11-18-04 Resent letter. 18P

11-19-2004 We have gotten several verbal responses on the priority date. So, I asked Barbara to resend the letter requesting evidence from the district

Issue: Mandatory permit statute 3-25-1963

681-6863

11-22-04 Brett, Firth School District called wasn't sure about the letter they received, what does he need to do? I told him to provide evidence as to when the school was built. That it is IDWR's goal to recommend historical water rights. He could do this through board minutes, a building permit, or other forms authorizing construction. He also said to tell Cindy that he put a meter on the well & it pumps 75 gpm/minute. PB

Diversion rate:

75 gpm. * $\frac{35.31 \text{ cfs}}{15,850 \text{ gpm.}}$ = 0.167 cfs. CB

15,850 gpm.

1 cfs * 30 days = 59.502 ac-ft. for 1 yr = 723.94 ac-ft.

(723.94 * 0.167 cfs = 120.897 ac-ft. (1 yr))

12-9-04 Sent two line disallow letter. PB

16 November 2004

Cindy,

Re: Firth Elementary school

Skip called and said that he was not able to find any well logs that pertained specifically to the Firth Elementary School. However, there is a very close neighboring irrigation well and those logs go back to 1976. When they drilled the irrigation well they hit water at 65'. The static level came up to 16'.

Barbara

Notes

10/25/04 quantities greater than 0.20 must be measured.

Is this the same well as in 27-7063?

Need a measurement or a theoretical for the use?

11/16/04 on 10/28/04 Skip went out to check this out and this is separate from 27-7063.

346-6815 - administration, left message for Dwayne Burnett.

28-34 ^{draw down} 120' 40-60 PSI, pressure tank

Sept, 1963, open for student. Brett, Malcom, Maintanice. Super.

Brett will call back in a couple days to let me know how many GPM the well will pump. It was measured by an independent party.

When did they start the building process for the elementary school. Because of the mandatory permit statute 3-25-1963.

According to F.C. 42-111 For domestic, this might doesn't fall within the domestic exclusion.

Check with Ennie.

Re: Snake River Basin Adjudication (SRBA)
Claim 27-10976

Subject: EVIDENCE OF PRIORITY

Response Date: 30 NOVEMBER 2004

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

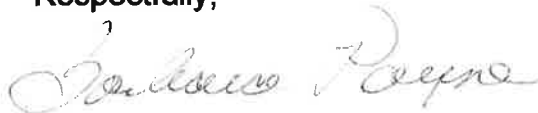

It is important that each element of the Notice be substantiated. The purpose is listed as domestic for the elementary school. We have attempted to discover the date the school was built. However, because of conflicting dates, we are asking the District to please provide this office with documentation as to when the school was built. Some items that can be used to establish the date could include the Board minutes authorizing the construction, a building permit, or other forms of authorization necessary to construct the building.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
**The Department cannot recommend the court decree the Notice if no
evidence of a priority date is submitted.**
.....

Please submit the documentation supporting the priority date by the above
referenced response date. If you have any questions not covered by this letter,
please feel free to contact me at 547-3993.

Respectfully,

RE: Elementary and Junior High School
Firth, Idaho

Gentlemen:

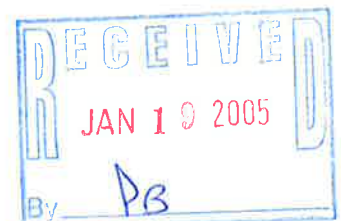

We are enclosing herewith Certificate No. 13 for final payment to W. R. Cahoon Construction Company on the above referenced project.

As agreed between yourselves and Mr. Cahoon at the Board meeting held December 21, 1960, the amount of five hundred dollars (\$500.00) has been deducted from the amount due the Contractor. This amount represents the assessment of liquidated damages, in accordance with the terms of the Contract, for failure by the Contractor to complete the building on the specified completion date.

Very truly yours,

Claim 27-10976

Subject: EVIDENCE OF PRIORITY CLARIFICATION

Response Date: 30 DECEMBER 2004

Dear Claimant (s):

Thank you for the copy of the Official Minutes of the Class A School District No. 59 dated February 13, 1961. Within the minutes we noted the following: "The Supt. was to arrange for printed programs for the dedicatory service at the Elementary Bldg."

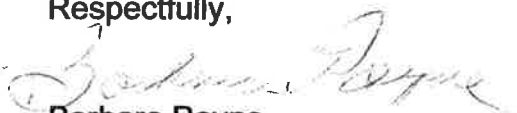

We assume from this statement that the building was completed or near completion. However, it does not provide when the water was first put to beneficial use.

Also attached to the minutes was a list of expenses incurred. The amount due W. R. Cahoon Contruction Co. was circled. We assume this was for the school in question. Can you please provide us with a copy of the signed and dated contract supporting the construction?

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. If we do not hear from you by the above response date the claim will be recommended to the Court based on the evidence that has been provided.

If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Barbara Payne

OFFICIAL MINUTES

CLASS A SCHOOL DISTRICT NO. 59

FIRTH, IDAHO

The regular meeting of the Board of Trustees of School Dist #59 was held Monday Feb. 13, 1961 at 7:30 P. M. in the Firth High School with all members present also Norma Miles.

The minutes of Jan. 9, 1961, Jan. 11, 1961, and Jan. 23, 1961 were read. A motion was made by Harold Brewington and seconded by Arnold Backlund for acceptance of the minutes of Jan. 9, Jan. 11 and Jan. 23, 1961 and the motion passed.

The list of attached bills was presented and a motion made by Arnold Backlund that the attached bills be paid except for the one to Norman J. Hamill and associates. The motion was seconded by Vincent Reid and passed.

Motion by Harold Brewington that the state dept. of Ed. proposed foundation program be rejected was seconded by W. R. Messick and motion carried.

The Board went on record opposing the passage of the slaes tax proposal now in the State Legislature.

Mrs. Miles made the hot lunch report for the month as follows: receipts \$4,116.21; expenditures \$2,430.61; State owes \$754.28.

Motion by Vincent Reid that the bills as presented from hot lunch be accepted and paid. Motion was seconded by Harold Brewington and motion carried.

The milk shake machine was loosing money and the contract with the Co. was reviewed. A motion was made by Harold Brewington and seconded by W. R. Messick that since the milk shake machine does not have sufficient patronage to justify continuation of this service, therefore the milk shake machine be treturned to the company and the motion carried.

The curtain quotation and sketches from the Chapman Co. was presented. This matter was taken under advisement for additional study.

A general review of all teachers employed in the District was made. The Supt. reported that Mrs. Orlena Hall, Mr. Forrest Cordon, Mrs. Rosemary Mickelson were not interested in returning as teachers. Mr. Kidman wished to be released of Administrative duties but would like to continue as a classroom teacher all other teachers were interested in teaching in the District. Mr. Martin had not been contacted

The request of Howard Brooder for use of the Gym to hold dance classes was refused on the grounds of a commercial enterprise and he was not a patron of the District.

The Supt. was to arrange for printed programs for the dedicatory service at the Elementary Bldg.

The question of complimentary tickets for the Trustees to School activities was discussed.

A camparative study of the District-Teacher salary schedule and the Index Salary Schedule of the I. E. A. teacher welfare committee was made.

The attached capital outlay on building was presented.

Motion was made by Harold Brewington for adjournment and passed. Meeting ajourned at 11.04 P. M.

Roger Warner and I spoke with the Maintenance Supervisor. The claims you have reflect the ground water rights they have. Go ahead and prepare your recommendations based on the licenses and transfer. The school district needs to decide the least painful way for them to irrigated the football field and baseball field. They have some options but they should not impact the SRBA. He is also going to look for more documents verifying the priority date on the BU claim for the elementary school. He is pretty sure construction started in 1960. If he can verify that then the project was under construction prior to March 1963.

Ernie

Also I heard the Miner's Ditch consolidation failed to happen. Hold off on making those recommendations for a couple of weeks just in case the water users change their minds.

Response Date: 30 NOVEMBER 2004

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 27. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates water usage is based on "Beneficial Use". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. The purpose is listed as domestic for the elementary school. We have attempted to discover the date the school was built. However, because of conflicting dates, we are asking the District to please provide this office with documentation as to when the school was built. Some items that can be used to establish the date could include the Board minutes authorizing the construction, a building permit, or other forms of authorization necessary to construct the building.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

Jennifer, 27-10976 is a domestic claim but it has not been reported to the court. Any idea on where the claim is residing?

Ernie

Hi Ernie,

I'm not sure to whom this question should be directed. So I thought I would start with the man that knows. There are 4 claims filed by the Firth School District. We have three of them: 27-7014A, 27-7014B, and 27-7063. The fourth one is 27-10976. Is this a claim we should be processing and if so how can I locate the file?

Thanks.
