Case No. 39576

**STIPULATION TO RESOLVE
OBJECTION**

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The Claimant, IDWR, United States Bureau of Indian Affairs and the Shoshone-Bannock Tribes agree and stipulate to the elements as changed in the attached document as indicated in underline/strikeout format.

The Claimant and IDWR acknowledge that there still remain outstanding objections by the Shoshone-Bannock Tribes and the objection by the United States Bureau of Indian Affairs to the lack of annual volume and any responses by the State of Idaho.

Subject: Additional information required for ownership

RESPONSE DATE: JUNE 1, 2004

Dear LaVerelle,

Almost two months ago you visited me at my office in Soda Springs with a copy of the map for the Steven's Ranch as of 1918. During that time we discussed "proof of ownership" on your SRBA claims and that I need some additional documents to support your claims. **I haven't heard from you since your visit. These documents are still required to recommend your claims.**

This office must receive your response by the response date shown above. If not response is received, then your claim will be recommended as "DISALLOWED" for lack of proof of ownership of the rights.

Respectfully,
